C. G. I. T. Meeting

The Charlottetown Council of the Canadian Girls in Training met on Saturday evening, May 11th, in the Baptist Schoolroom to discuss the value of a High School education for girls. During supper the girls were seated in groups with one girl as discussion leader and the following questionnaire was considered: Do you think every girl should have a High School education? Is time spent on a High School education ever wasted? What vocations open to girls require a High School education? In what way does a High School education better fit a girl for her duties in the home? In the community?

The result of this discussion was later reported to the meeting and the findings were then summed up by Mr. L. W. Shaw, supervisor of the city schools who was the guest speaker of the evening.

Mr. Shaw explained what is meant by a High School Education and compared the system in vogue in this province with that used in other parts of Canada. He reviewed the advancement of education from the time of the first school and stressed the ever increasing need of a broader training to keep pace with the times. The girls were particularly interested in learning that in the other provinces the High School offered optional courses for those not

planning to take up a university course and that it was possible to graduate without ever having learned the first proposition in Geometry. Of course other subjects, such as Household Economics, Music, etc., were substituted and brain development achieved with more pleasure and less drudgery.

If we had such a High School in this City eliminating the present barrier of the entrance examinations to get into Prince of Wales College we feel sure that a great many girls who must leave school at the end of Grade X would complete the full course. Let us hope that the school trustees, the City Fathers and those in charge of our educational affairs will give this matter their earnest thought and endeavor to give all our girls a chance to receive the broader education that is required in almost every line of work today.

CITY LEAGUE BALL MEETING

There will be a meeting of the City Baseball League in the Revere Hotel on Friday night. All clubs are requested to send delegates.

Frightened at a mouse, Mrs. John Shillan stepped back into a threshing mill at Garlieston, Scotland, recently, and was killed.

Central Guardian

ACKNOWLEDGEMENT.—The Sister Superior of St. Vincent's Orphanage thanks Messrs. Prowse Bros. for their donation to the Institute of \$110.00.

HOUSE BURNED TO GROUND.—The residence owned by Mrs. Margaret Campbell, Martinevale, and now in Boston, was burned to the ground Saturday evening. The occupants of the house got out in safety but lost every article of furniture. The house was partly covered by insurance.

WARSHIP COMING.—His Honor Lieutenant Governor Hearst has received a despatch from the Department of Naval Defence to the effect that H. M. C. S. Champlain of the Royal Canadian Navy will visit Charlottetown from July 25 to August 1st.

HELD ANNUAL MEETING.—The annual meeting of the Scotchfort Memorial Society took place last evening in the Knights of Columbus Hall. The Society decided to have the annual picnic on their grounds at Scotchfort on July 24th, where the beautiful memorial monument was erected to the memory of their relatives who immigrated to this province in June, 1772. The different committees were appointed to attend the day's celebration.

PERSONALS
Mr. Joseph McEachern and Mr. Aeneas McDonald, Websters Corner were visitors to the city yesterday.

Mr. Arthur Reardon, who has been a patient at the City Hospital for the past three weeks has sufficiently recovered so as to allow his returning to his home.

Mr. W. H. Tont, safety engineer, C. N. R. Atlantic Region, who was taken suddenly ill on Sunday last, and is still undergoing treatment at the City Hospital, is doing as well as can be expected.—Moncton Times.

Additions To City Schools

For a considerable time, conditions in two of the city schools, Queen Square and Rochford Square, have been felt to be very unsatisfactory due to the lack of a sufficient number of classrooms. It has also been recognized that several of the classrooms now in use are not what they should be. Several propositions have been considered to overcome these difficulties and the School Board has now decided to accept the offer of the owners of these schools to build additions to supply the increasing demand for accommodation. It is expected that work on the new additions will be commenced as soon as the plans can be prepared.

HALIFAX, May 13.—On account of engine trouble the S. S. President Roosevelt of the United States Line was compelled to put into Halifax Saturday where she will embark her passengers. There are 180 passengers for New York who left by a special Canadian National Railways train for Montreal en route to New York.

BIRTHS
LAUGHRAN.—At the Charlottetown Hospital on May 3rd to Mr. and Mrs. Laughran, a son.

CHAISSON.—At the Charlottetown Hospital on May 5th, to Mr. and Mrs. Leo Chaisson, a son.

REDMOND.—At the Charlottetown Hospital on May 5th to Mr. and Mrs. Lorne Redmond, city, a daughter.

READY.—At the Charlottetown Hospital on May 9th to Mr. and Mrs. A. Ready, city, a son.

MURNAGHAN.—At the Charlottetown Hospital on May 10th, to Mr. and Mrs. Patrick Murnaghan, a daughter.

THOMAS.—At Albany, Monday, May 13, to Mr. and Mrs. Reginald Thomas, a daughter.

DEATHS
MORESIDE.—At Bridgetown, May 13 Mrs. Lloyd Moreside. Funeral notice later.

MASON.—Suddenly at the home of her sister, Mrs. George Abbott, Union Road, on May 13th, Penelope Mason, wife of the late Oliver Mason of Bunbury. Funeral notice later.

Death At Halifax of H. M. VanBuskirk

Word has been received of the death at six o'clock last evening of Mr. H. M. VanBuskirk of Halifax, formerly manager of the Prince Edward Island Telephone Company. The late Mr. VanBuskirk, who was in the prime of life, had been seriously ill for the past few weeks, but the news of his death came as a great shock to his many friends in this city.

The deceased was born in Kingston, N. S. He resided in Charlottetown for five years, and was prominent in social and business circles. He left in 1921 to take over the management of the Telephone Company's business in Halifax. Mr. VanBuskirk was a very popular member of the Rotary Club here, and was at one time its president.

S' Side Town Council Meets

The regular monthly meeting of the Summerside Town Council was held last night with Mayor Lidstone presiding and all the councillors present. After the reading of the minutes of last month's meeting bills amounting to \$6,185 were approved and passed. A request from Mr. T. J. McInnis for a license to operate a pool and billiard room was granted as was also a request from the Summerside branch of the G. W. V. A. that all returned men be as in previous years, exempted from poll tax.

At the written request of a number of residents affected it was agreed to construct concrete sidewalks on portions of several streets. The estimates for the year 1929 were submitted by Councillor MacNeill, showing an anticipated revenue of \$55,105.86 and expenditures amounting to \$59,105.86. By-laws were passed levying the assessment and poll taxes at the same rate as last year.

It was resolved to proceed with all haste with the laying of concrete streets where deemed advisable and to make immediate purchase of the materials needed for the work. Other resolutions passed were that the policemen be given 10 days holiday each year without stoppage of pay, that the next fuel oil required be purchased from the Imperial Oil Company, that a telephone be placed in the Mayor's residence and charged to the town and that the Salvation Army be permitted to hold June 1st as their day.

It was decided to paint the electric poles on Water Street and the fire siren in the public park and to plant some ornamental trees on the town hall square. Meeting adjourned until next Monday night.

OTTAWA, Ont., May 13.—An easy tendency continues to prevail on Canadian egg markets today with car lot trading light.

TORONTO.—The sentiment of this egg market is a little easier. Brokers can sell local eggs at extras 30; firsts 28, delivered in free used cases. Dealers are quoting delivered, cases returned, extras 27-28, firsts 25-26, seconds 23.

MONTREAL.—This egg market is unchanged in tone and prices for eggs for immediate consumption. Buyers, however, are holding off expecting a lower market. Dealers are quoting country shippers for ungraded extras, delivered, cases returned extras 29-31; firsts 26-28; seconds 23-24.

WINNIPEG.—This market is a little easy. Dealers the quoting country shippers for ungraded eggs, delivered, extras 25-26; firsts 23; seconds 20. Prices to retailers are extras 31; firsts 29; seconds 23.

MONTREAL, May 13.—A feature of the domestic cash trade here today was the easier feeling that developed for Canadian western oats and prices were reduced two cents per bushel. The trade was quiet. Wheat was unchanged but barley was marked up two cents per bushel. The trade in spring and winter wheat flour continue inactive but values were well maintained. The demand for all lines of millfeed was fair and the undertone to the market was steady. An easier feeling developed for standard grades of rolled oats and prices were reduced ten cents per bu. Extreme dullness marked the butter trade but these were unchanged. Receipts were 599 boxes. The cheese market was quiet but firm.

The local potatoes trade weakened under heavier receipts. N. B. Green Mountains in car lots, sold at 65 cents per ninety pounds, in bulk, while for shipment the price was 70 cents. P. E. I. potatoes sold at 80 cents for whites and 87 cents for Green Mountains per 90 pounds, in bags. Little business was done in fresh eggs and prices for seconds were declined one cent per dozen.

In a recent month Norway shipped nearly \$500,000 worth of fish to the United States.

DISCUSSES CHAIN STORE DEVELOPMENT

Address By Mr. J. T. Crowder at Rotary. Visiting Manufacturers Entertained.

The development of the chain store idea and the ultimate effect of the chain store system on community life was referred to in an interesting address at the Rotary Club yesterday by Mr. Joseph T. Crowder of Vancouver, B. C., President of the Retail Merchants of Canada, who is accompanying to Charlottetown the party of manufacturing druggists. Mr. Crowder in the course of his address stated that by virtue of his position he was called upon to make many trips across Canada and to the United States and in that way he got the other fellow's viewpoint. After making some reference to a distinguished Prince Edward Island educationalist in Vancouver, Mr. Lemuel Robertson, who was a native of Marshfield, P. E. Island, Mr. Crowder gave a most interesting talk on the evolution of business. He said that the Retail Association has to take stock of changing conditions in business and set their house in order to meet these changes. We cannot wait on someone else to do it and miracles do not happen at least in our day. He traced the development of business through its various stages from the days of the self-sufficient community when the needs were supplied from within up to present day conditions, referring to advances made with regard to trade, barter, transportation, etc. Formerly, goods were sold from the manufacturer to the wholesaler and thence to the retailer by means of the travelling salesman. He said the wholesale house is declining so far as it is a selecting point and is becoming more and more important as a warehouse. He then discussed the development of the chain store idea and referred to the large mergers which are now taking place. One corporation manufactures the goods and sells them through their own retail stores which are being established throughout the country. He referred to the plans of one large concern with a \$3,000,000 capital and stated that if these plans are carried out on the same basis in Canada, it means there would be seven such stores in Charlottetown in a short time. Whilst the units of these chain stores no doubt have their benefit and represent a phase of modern development of business, the question is, is it possible that business may dominate the home. Will it dominate the city of Charlottetown? He wished it understood that he made no reference to any particular business but considering the subject in the abstract.

He asked the question, what would be the effect on the community if two-thirds of the present stores would be units of one chain store whose head office was in New York or San Francisco or some other city. The individual store is recognized as a great asset to any community and the policy of the Retail Merchants' Association is to endeavor to have such stores complete commercially with the larger organizations if they are to remain in the picture.

Rotarian B. Roy Holman presided at yesterday's luncheon. The musical programme consisted of selections by the Prince Edward orchestra and a solo by Miss Berna Huettels who was encored.

The president, Mr. Percy Pops, welcomed the visitors on behalf of the club and read a letter from District Governor Kelstead who gave a number of reasons why these should be a large attendance at the district conference to be held in Halifax next week. He announced only one name so far put for president, that of George Graham of Kentville, N. S. It was announced that about twenty Rotarians and Rotary Anns are going from Charlottetown.

Rotarian T. W. L. Prowse, City Councillor, in the absence of Mayor Yeo, welcomed the visitors to Charlottetown, and Rotarian W. A. Stewart, President of the Retail Merchants Association, also gave a few words of welcome.

These greetings were responded to by Mr. H. D. Garlick, President of the Canadian Pharmaceutical Manufacturers' Association. Mr. A. R. Poole, the only Prince Edward Islander in the party, received a special welcome and responded with a few remarks. The visiting manufacturing druggists were guests of the Club at yesterday's luncheon. Other guests present were Messrs Percy Inman, Summerside, A. J. Matheson, O'Leary, H. C. Brown, Irvin MacLaren and Frank Walker, Charlottetown.

Monthly

Continued from page 1
The Government gives notice that it will not be responsible for any expense in regard to delinquents.

Dr. W. J. P. MacMillan, President of the Children's Aid Society, said that this is the first intimation he had of this attitude on the part of the Government. He said that strenuous measures must be taken with some of these incorrigible delinquents. At present he knew of three who were too young for jail sentences and should be sent to a reformatory. The Magistrate has always sent boys like this to a reformatory and the Government has always paid the bill.

A committee composed of Councillors Prowse, Kennedy and Foster were instructed by His Worship to wait upon the Premier with respect to this matter.

A communication was read from the Moncton Fire Department, extending an invitation to the local firemen to attend the tournament in Moncton on July 17th, 18th and 19th. Dr. MacMillan, Health Officer, reported two mild cases of diphtheria since the last meeting. He referred to an unsanitary house on the corner of Bayfield Street and Spring Park Road, which was ordered closed. He gave the tenants until May 7th, but to date said tenants are still occupying this house. He understood they were going to move to another house across the street, which is also unsanitary. He ordered this house placarded. He stated that any person would be better off in the street than living in this death trap. He suggested that the tenants of this house be moved out within a week.

The dump off Kensington Road came in for much discussion. The Health Officer said he was informed that no watchman was to be placed on the dump this year. With regard to this he thought that a watchman should be placed here right away or the dump closed; it wasn't a desirable sight anyway, and furthermore, it is too near the Prince Edward Island Hospital and its location should be changed.

His Worship agreed with the Health Officer, saying that something must be done right away. Councillor McLeod promised that this dump would receive immediate attention.

The Meat and Milk Inspector's report was read and adopted.

Councillor Prowse, chairman of the Finance Committee then read the estimates for the year 1929, which were adopted as read with one correction.

The following is a recapitulation of expenditure and revenue:

EXPENDITURE

City Government	\$ 3,681.48
Fire Department	7,352.00
Police Department	16,124.00
Market House	5,385.04
Street Lighting	11,916.63
City Hall	1,570.00
Victoria Park	739.00
City Squares	890.00
Assessing & Collecting	3,300.00
Board of Health	1,717.00
School Board	45,075.65
Insurance	2,375.47
Interest & Discount	53,365.60
Sinking Funds	16,157.76
Street Maintenance	21,511.91
Miscellaneous	7,907.75
	\$199,009.32

REVENUE

Real Estate	\$5,531,100.00
Personal Property	2,078,596.00
	7,609,696.00 @ 2% 152,193.92
Poll Tax	8,000.00
Rents, Tolls and Miscellaneous Receipts	42,120.00
	\$202,313.92
Less Discounts and Appeals	3,000.00
	\$199,313.92
Surplus	304.60

Councillor Foster, chairman of the Streets Committee had nothing as yet to report.

Councillor MacDougall, chairman of Market Committee, said that the cost of installing a boiler in the Market Building to replace the old one would be \$1,500.00. With regard to the moving of the Scale House, there is nothing definite as yet to report.

His Worship asked if any provision is being made for the country people who were guests of the Club at yesterday's luncheon. Other guests present were Messrs Percy Inman, Summerside, A. J. Matheson, O'Leary, H. C. Brown, Irvin MacLaren and Frank Walker, Charlottetown.

GILLET'S LYE
Clears Choked Drains
Destroys Vermin
Removes Old Paint
EATS DIRT

On the south side of the Market Square, and if not, some provision must be made at once.

Councillor Prowse said he is very much interested in this, and suggested that the parking of cars be stopped on Tuesdays and Fridays on this place. Messrs Foster and Holman also spoke of this important arrangement, saying that it should be given immediate attention.

The Market Committee said they would make the necessary arrangements with respect to the south side of the Square.

Some reference was made to the Public Library. His Worship referring to same said that the City Council had nothing whatever to do with its erection or site. He wished it to be emphatically understood that the Council merely acceded to the wishes of the citizens, who at a public meeting were represented by a large number of influential men and women.

The Police Report was read as read.

Councillor Dougan, chairman of the Fire Committee had nothing to report at present.

Councillor Kennedy, chairman of the Light Committee read a letter from the Fire Underwriters with regard to a salary of an electrical inspector and other various items relative to fire protection. Councillor Dougan was instructed to take this matter into consideration and report at the next meeting.

A letter from the Associated Gas and Electric Company was read with regard to an agreement by the Council giving the company an increase of \$84.00 for street lighting for which they are to receive in return a fifty cent reduction on 133 consumers. The contract was so amended whereby over \$700.00 would be saved by the commercial users.

A resolution to this effect was moved by Councillor Kennedy and seconded by Councillor Reardon.

The following resolutions moved by Councillor McLeod and seconded by Councillor Foster were passed.

RESOLVED.—That the tender of A. Pickard & Co. for supplying the city with Springhill coal for the city plant for the season of 1928.

That the tender of George Prowse for painting and cleaning the interior of the Market House be accepted.

That the tender of William Dalziel for carting and unloading delivery supplies from the railway to the city wharf for works.

McDonald-Rowe and Co. for supplies for season.

M. Conway for supplying intermediate sand for the season.
