Great George Street

SUMMERSIDE, ALBERTON and PRINCE COUNTY

—It pays to buy in this Province.

—The Alberton market prices are the same as when last quoted.—A.

—The Summerside market prices have slightly changed from those last published. The changes are: butter eighteen to nineteen cents, eggs eighteen cents and pork seven to eight and one half cents.—S.

—Owing to a severe cold Evangelist McKay is resting from his labors in Alberton this week, but on Sunday next he hopes to be able to resume his work again, which will be continued in the Presbyterian Church.—A.

—The marriage was solemnized in Indian River Church on the 15th February of Miss Minnie A. Lawless, daughter of P. T. and Mrs. Lawless, of Northport, to Roy Kelly of Kelly's Cross. A large number of friends of the contracting parties gathered at the home of the bride's parents in the evening and a very pleasant time was spent, a great number of valuable presents being in evidence.

—The death took place at Brae, Lot 9, on the 23rd February, of John Young, in the 67th year of his age, leaving a wife, three sons and three daughters to mourn the loss of a kind husband and father. The deceased was a well known resident of Summerside until nearly forty years ago, when he removed to Brae, and was well respected as a quiet, inoffensive citizen, honest and upright in all his dealings. The remains were laid to rest in Brae Cemetery on the 25th, Rev. Fr. McDonald performing the funeral ceremonies.

—The Dept. of Agriculture has just received word that Mr. Stevenson of Ancaster, Ont., will reach this Province the second week in March, and will take part in the Agricultural meetings in connection with the Seed Fairs. He is expected to speak at Summerside on the forenoon of Thursday, March 9th. Mr. Stevenson is one of the oldest workers of Ontario. He is well known as a breeder of Ayrshire cattle and a promoter of Dairy industry. This meeting should be well attended by all interested in Dairying.

—Miss M. E. Dykes will read a paper at the Women's Convention on Thursday, March 9th., in Summerside on "Public Health." Miss Dykes came out from England last Autumn. Before coming out she was engaged for sometime as a Health Officer under the commissioners for Somerset, England, and hence has had a very wide experience with this subject. There is no subject that should commend itself to the people as the general health and every woman who possibly can should make it a point to hear Miss Dykes.

—The death of John Johnston which took place at his home in Edmonton a short time ago and which appeared in The Guardian, his son Charles H. Johnston of Hill's River near Alberton comes in for a bequest which is estimated at from \$5000 to \$7,000 made up of cash and real estate in the Canadian West. Mr. Johnston went to Western Canada about twenty years ago and since then has given his attention mostly to the real estate business in which he has in a measure been successful. He was a former resident of Alberton and was a progressive farmer on the farm now owned and occupied by Lowder Ashley. He was an active man and was eighty-three years of age at the time of his death.

—The death of Thomas Beattie, of which short mention was made in this column yesterday morning, removed from the community one of Summerside's oldest residents. The deceased was only ill about ten days, death being pneumonia. The late Mr. Beattie was born at Tryon eighty-two years ago and for about fifty-six years has been a resident of Summerside where he was engaged as a contractor and builder up to about ten years ago, retiring then from active work owing to failing health. Many buildings in Summerside stand as monuments to his excellent work. He was contractor in charge of the building of the Indian Point Light house at the north of Summerside harbor, besides several other important works. In politics the deceased was a Liberal although never taking a very active part in civic affairs he always took an active interest up to about ten years ago and for a number of years was a member of the Town Council. He took a deep interest in religion being for a number of years and up to the time of his death an elder in the Central St. Christian Church and he will be much missed in the councils of the church. He was twice married, his first wife having died about fifty years ago. His second wife, who was Miss Schurman, survived him, also two sons and three daughters, all by his second wife. The sons are: John, an engineer on the B. & M. R. R., and Thomas W., at home. The daughters are: Miss Grace B., superintendent of the Brocton General Hospital, Brocton, Mass., Mrs. M. F. Schurman and Mrs. C. McArthur, Summerside, and by the first wife there was one son, Major, who died about three years ago. The funeral takes place tomorrow at two p. m.

LET'S ALWAYS KEEP FLAG TO FRONT

(Continued from page 1)

Strong speeches were made in support of Major Beattie's resolution by Mr. White (North Renfrew), Mr. Macdonnell (South Toronto), Mr. G. White (East Algoma), Dr. Edwards (Frontenac), Mr. Crosby (Hullifax), Captain Tom Wallace (Centre York), Mr. Middlebro (North Grey), and others.

Major Beattie said that American flags were so freely displayed in some parts of the country that one might well doubt whether he was in the United States or Canada. These flags were displayed on summer cottages, automobiles and motor boats, to the exclusion of the Union Jack.

Gerald White (North Renfrew), seconded the resolution in a patriotic speech. He had been struck by the difference at the international boundary line. On the United States side the Stars and Stripes were conspicuous, while on the Canadian side the Union Jack was scarcely noticeable.

Hon. William Pugsley said that he believed in showing the flag and had given orders to fly the Union Jack on public buildings every day in the year at seaports and in border cities and towns. He suggested, however, that Major Beattie should withdraw his resolution.

Claude Macdonnell (South Toronto), spoke feelingly in support of the resolution. He thought that the time was ripe for settling this flag question by appropriate legislation. It was noticeable that every movement made in the history of this country for upholding the flag came from conservatives. It had been at his (Mr. Macdonnell's) suggestion, that the Union Jack was hoisted above the parliament building during the sitting of parliament.

Dr. Daniel (St. John), and Mr. Meighen (Portage La Prairie), supported the resolution.

Hon. W. S. Fielding counselled delay. The question was a delicate one. He rather admired the Americans for displaying their flag wherever they went.

How's This?

We offer One Hundred Dollars Reward for any cure of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We the undersigned know that F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

FOR THE KITCHEN OF TODAY THE BEST IS NONE TOO GOOD

and in kitchen stores the best to be had is the

ENTERPRISE MONARCH STEEL Range

with its heavy casting, large fire box for wood burning and improved labour saving devices.

The MONARCH has an extra large reservoir which heats water to the boiling point in double quick time. This reservoir is constructed on the new Contract principle which has many advantages over the old style enclosed tank. It is more durable and there are no reservoir dampers to get out of order and interfere with the baking.

Consult your stove dealer if he handles the Monarch or write us for circular setting forth its many other good features.

ruined. The whole system of broiling has been spoiled for the purpose of giving you a fancy dish which you would better not eat.

"Everybody wants to specialize now, and women most of all in matters that do not relate to the home. Where are the good wholesome cooks of the old school, the women who can bake pies like mother used to make?" The specialized cook has displaced them. The women who ought to be attending to the cooking are doing something else.

"The other day I met a woman, the mistress of a large house, who said that she had become interested in welfare work. She played a piano in a laundry. That's uplift for you. But she and her family dined around at restaurants, because she liked it better. It simplified the domestic problem so delightfully.

"When somebody asked me the other day if I were not yearning to purify the ballot box. I replied 'not as long as I have an ice box.' I'll attend to my home duties first, which is really what every woman should do. The home is the place where women can exercise their individuality."
