Two Youths Who Set Out in Small Boat Carried Seaward in Storm.

ST. JOHN'S, Nfld. Nov. 18—(C. P. Cable)—Abandoned in mid-ocean after being battered by heavy seas, the Excellence was added today to the list of Newfoundland schooners lost or wrecked in a series of Atlantic storms.

A brief message received here said the crew had been rescued and taken into Trafalgar, Spain.

About the same time word of a tragedy came from Battle Harbor, Labrador. Two youths had set out in a small boat Wednesday, facing an increasing storm, and their little craft had been carried seaward. Belief was expressed they could not have survived overnight.

DRIVEN AGROUND

Yesterday the fish laden Ianthe, bound for St. John's, was driven aground on Stag Harbor point where she is being broken by the pounding seas. The Topis met similar fate on the shore of Canada Bay, and the Nankota was wrecked at Bonavista, while a small auxiliary schooner, unmanned was swept away from her moorings and carried out to sea.

Another Newfoundland schooner, with a cargo of coal for Recontre, Nfld., was lost shortly after leaving North Sydney. Springing a leak, she filled and sank in a cove at St. Paul's Island, off the coast of Nova Scotia. Her four men were reported safe last night.

Receipts of London transportation lines are again mounting.

FUNERAL OF MRS. CAROLYN GILLESPIE LARGELY ATTENDED

The funeral of the late Carolyn Gillespie, wife of Mr. John R. Gillespie, Scotch Settlement, took place from the family residence Friday afternoon at 2.30 o'clock. The service which was very largely attended by friends from the city and surrounding country, was conducted by Rev. Raymond M. Shortt, of the Steeves Mountain group of Baptist Churches, assisted by Rev. McL. Rogers, of the United Church of Scotch Settlement.

Both clergymen paid a fine tribute to the deceased lady for her many good qualities, who although a great sufferer and confined to her room for the last five years, will be greatly missed by her friends and especially in her home circle where, always a loving wife and mother, she maintained, even in her illness, a cheery outlook on life.

During the funeral service, by special request of the deceased, Mrs. J. A. Matthews rendered a solo, "I'm Coming Home," and the McDougall Quartet of the Presbyterian Church, sang the hymns, "The Sands of Time Are Sinking" and "Sometime We'll Understand."

Interment was made in the Scotch Settlement cemetery, and the pall bearers were D. B. McKinnon, Absalom McKinnon, William Grant, Frank Stewart, Stanley Smith, Benjamin Stewart. Many cards of sympathy and floral tributes were received, bearing high tribute to the esteem and love in which the deceased lady was held by a wide circle of friends.—Moncton Transcript.

Gifts Of Governments

Amongst the most important contributions of the Dominion and Provincial Governments of Canada to the development of agriculture throughout the country, is the maintenance of agricultural Experimental stations, where research work in both plant and animal breeding and adaptation to climatic conditions is carried on. Already this work has had a profound effect in the improvement of Canadian agriculture, the introduction of the various early growing wheats being but one example out of many.

You can provide double the Income

your widow and children would ordinarily receive from their insurance money through the very liberal provisions of the Imperial Double Income Policy.

This doubled income would continue from the date of your death until your youngest child became 21 years of age. Then the full face value of the Policy would be paid to your heirs in cash.

If any ordinary policy for say $10,000 became a claim the income from the money, if invested at even 6%, would be only $600 a year. Under a $10,000 Double Income Policy, however, the Imperial Life would guarantee to pay $1,200 a year and this Income would be paid until your youngest child became of age, and then the full $10,000 would be paid in cash.

If you survive the policy it will provide a very welcome cash fund or a desirable income for your own later years.

If you have young children you cannot do better for them or for yourself than to look into this very unusual type of policy without delay.
