SAINTS DEFEATED ABEGWEITS
IN AN EXCITING GAME

And Win The Provincial Football Champ-
ionship For 1925.—Score 8—0.

By defeating the Abegweits by a
score of eight to nothing, the Saint
Dunstan's football team won the
1925 Rugby championship of the
Island at the Victoria Park yester-
day afternoon.
Yesterday's game measured up
to the high standard of football
that has been handed out to the
fans in the battles between these
two rivals of old standing in the
past, and the one-sided score can-
not be taken as a criterion of the
game, which was a hotly con-
tested in the first half particu-
larly, the Abies pressed their
opponents hard, and so far as ter-
ritory was concerned, perhaps had
the "proverbial edge."
The slippery condition of the
ground, especially in middle field
where a layer of snow made the
feeling very treacherous, was a
factor that kept the game full of
surprises, and the play moving
rapidly from one end of the field
to the other. The Saints scored in
both halves, and in each case the
player went over the line clean,
each score being the result of
headly rushes. In the latter half
the game became much faster and
kept the fans in a state of excite-
ment to the final whistle. Appar-
ently heartened by their earlier
success, the Saints had things much
more their own way, and excelled
particularly in their snappy pass-
ing, the ball at times moving about
the field so quickly that it was
difficult to follow its course.
At the outset of the first period
the Saints pushed the play into
enemy territory, but were soon forced
to relinquish this advantage.
Kelly and McCarey combining for
a gain that brought the Abies to
the Saints twenty-five yard line.
Following short gains Flemming of
the Saints made a run that was
brought up at the Abies twenty-
five. The ball was punted back and
forth until secured by E. Diamond,
N. Mathieson, J. McDonald,
who combined with Walker for a
good gain. Play fell back to Mid-
field, and then the Abies again
penetrated the Saints line for a
twenty yard gain. Kelly secured
from the scrum and was not
brought down until he had crossed
the five yard line. For the next
five minutes the Saints fought
tooth and nails to keep the Abies
on the safe side of their line, and
although the latter were at times
on the verge of getting across, they
were finally forced back to the
forty yard line, from which
O'Leary, following a punt, secured
the ball and went across for the
first score, which was not convert-
ed. The half ended Saints 3, Abies 0.
To quote the comments of more
than one spectator, the second half
was a "humdinger" and kept the
fan following on its toes. At no
time were the Abies able to get
closer to the Saints line than
twenty yards. At the whistle the
latter ploughed their way deep in-
to enemy territory, but soon fell
back to middle field. Followed a
good deal of kicking, that gave neither
side any advantage until the ball
came to rest on the twenty-five
yard line of the Saints. But clever
passing soon took the latter within
scoring distance, and Flemming,
securing the ball from the scrum,
made the final score of the game,
and himself converted the try. The
half ended with the oval in Saints
territory, and with the score, Saints
8, Abies 0.

L. OF C. FAIR COMMENCES
TUESDAY EVENING NOV. 24TH

On Tuesday night, Nov. 24th., at
7.30 p.m., the League of the Cross
will open their big fair at their
hall on Richmond Street.
This fair which will run for
three nights, Tuesday, Wednesday
and Thursday is being put on by
the members of the L. of C. and
will consist entirely of local talent.
A particularly attractive program
has been arranged for the three
nights and will consist of numer-
ous games, gymnastic exhibitions,
elaborate and novel stage attrac-
tions and a high class and selec-
tive musicale. Among the per-
formers in the gymnastic part of
the program which is under the
direction of Mr. William Halpenny
will be Mr. Halpenny himself
"Bill" who some years ago was re-
cognized as one of the super bar-
men of the Maritimes has not lost
any of his old time style and agi-
lity and all those who wish to be
privileged to witness a performance by
him are assured of something worth
the while. Mr. Halpenny in the
course of the past two years has
gathered together a number of local
boys, all of whom under his
guidance have become gymnasts
of no mean ability. The members
of this class will perform during
the three nights.
The musical program will be
supplied by the L. of C. band con-
sisting of 25 pieces under the di-
rection of Mr. W. J. Brawlers. It
is needless to comment on the abili-
ty of this aggregation of music-
ians—their reputation has already
been established.
In addition to this splendid pro-
gram of music and music num-
bers refreshment booths will be
well stocked with the various good
things for the inner man's satis-
