"FIDDLERS AND FIDDLING" at Central Christian Church. The above subject—Fiddlers and Fiddling—will be treated by Rev. Neil Herman tomorrow (Sunday) evening at the Central Christian Church. Fiddlers that had no place on the programme of the recent Fiddlers' Contest in this city (many of them are champion fiddlers) will be given a chance. Why fiddling draws will be discussed. Why artists fail to draw the crowd. Welcome to visitors.

PERSONALS
 Mr. Mayns Ford, Milton, was a visitor to the City yesterday.
 Mrs. Geo. Abbott, Union Road, was a visitor to the city yesterday.
 Mr. Leo Dunn of Fort Augustus, left for Boston yesterday on a business trip.

1/5 of a Car's Cost is in the Engine.. 1/3 is in the Body

By One-Profits manufacture of all bodies, engines, etc., Studebaker is enabled to sell the Standard Six Coach at the lowest price ever placed on an enclosed car by Studebaker— **\$1650** f. o. b. Walkerville

IN the quality Coach, illustrated, One-Profits savings enable Studebaker to offer you important features in equipment and construction not excelled by cars costing double its price. In comparing Coach values, consider these Studebaker features:

No other car in the world of its size and weight can show horsepower rating equal to that of the Studebaker Standard Six. Twenty-eight makes of 5-passenger enclosed models, which in the United States cost from \$100 to \$1900 more than the Standard Six Coach, have less rated horsepower. The difference in price is even greater in Canada.

Notice the high quality upholstery, compare the depth of Studebaker cushions and seat backs with other cars costing much more. Inspect the interior workmanship. There are no cloth-head upholstery tacks, raw edges or cheap binding braid in Studebaker interiors.

Finer body construction—first grade northern white ash and hard maple are used in the body construction. Body joints are mortised, tenoned, glued or screwed. Door posts are completely metal covered. Floors fit flush and tight.

Costly alloy steels—we pay a premium to secure steel of extra quality. A bar of Studebaker alloy steel the diameter of a dime will stand greater strain than a bar of ordinary steel the diameter of a dollar.

Completely machined crankshaft—it costs Studebaker \$600,000 a year for this feature alone. There are probably less than ten cars in the world that can claim this feature—and there are less than ten other engines in the world that run so smoothly as Studebaker.

Durable finish on Studebaker cars is satin smooth and the color tones uniformly deep and true—the result of more than 20 operations and the most painstaking workmanship.

Compare Studebaker fenders—the weight of the steel used, the width and depth of the crown and skirt, the 14 bolt fastenings, the rigid strength of the mountings are unsurpassed.

The spark is automatically regulated by the speed of the engine. In place of the obsolete spark lever on the steering wheel is a convenient switch for safety lighting control.

The Studebaker pressed-steel instrument board is backed by wood so it won't rattle or vibrate. Put your fingers behind the instrument board of most any car in the Studebaker price class and you will find that there is no wood—merely a sheet of pressed steel.

Plate glass of the highest grade is used in the windows. It is mounted in live rubber, preventing leaks, drafts, rattles.

There is a master lock on the steering wheel which locks the ignition and control in one operation. The same key locks the door and spare-tire carrier.

Water-proof ignition—the wiring to the engine is doubly insulated in fiber conduit—and rubber shields cover each spark plug, the distributor head and the coil.

The oil drain valve is conveniently placed under the hood. Oil can be drained without getting under the car.

Oil and gas filters, plus an air cleaner, prevent foreign matter from entering the engine. The life and efficiency of the engine are thereby increased.

Complete equipment includes gasoline gauge on dash, automatic windshield cleaner, rear-view mirror, cowl ventilator, stop light and dome light.

To appreciate this fine car you must drive it. Experience the thrilling power in the Standard Six engine. Compare its riding-steering-driving ease with any car. Any Studebaker dealer will gladly supply you with a Standard Six Coach that you may drive yourself.

Studebaker Standard Six Coach

\$1650 Under Studebaker's fair and liberal Budget Payment Plan, this Coach may be purchased out of monthly income for a small initial payment and at remarkably low time-payment rates.
