It pays to buy in this Province.

Mrs George Trowsdale and her son Albert of Crapaud left Monday for Maine, U. S., where they will spend the winter.

Ernest J. Taylor, of Granville, is spending his vacation with his uncle and aunt, Neison and Mrs Carey, Wheatley River.

Rev C. W. Hamilton, Salesbury, N. B., will know here, has been temporarily laid aside by an affection of his knee which called for perfect quiet.

The Sackville, N. B., Epworth League recently held a most enjoyable social under the salubrious direction of the President, Mrs (Dr.) Secord, who is well known in this City, and her assistants.

Mrs William J. Ainslie and her little son, Robert, who have been spending the summer months visiting friends and relatives in Kensington and French River, left Saturday morning on return to their home in Hingham, Mass.

The Wesleyan says:—"Some time ago it was reported that Rev Benjamin Chappell, D. D., of Japan, would return to America, on account of the health of some of his family. A note, accompanying his fine appreciation of the late Dr Stewart says: "We have, at present, no thought of returning to America."—Mr Chappell is a native of this City.

Many friends throughout the Province will regret to hear of the serious illness of Chesley T. Trowsdale, of typhoid fever in a Winnipeg Hospital. Mr Trowsdale, who formerly belonged to Crapaud, is one of the leading members of the firm of Trowsdale & McDonald of Treherne, Manitoba. His speedy recovery is hoped for.

John Dais & Co, 104 Fulton Market, New York, needs no introduction to shippers of smelts and eels in this Province having done business with them for many years past. They are again prepared, as will be seen by their ad elsewhere in this paper, to give every satisfaction to the shippers, securing for him the best possible prices and displaying his goods so that a ready market is always procurable. Letters of inquiry are solicited and will be promptly attended to. The firm's business references are the best as will be seen by their ad.

The death occurred in Berlin, N. H., on Oct 10th, 1910, of Mrs James Curtis, formerly Mrs John Campbell of this Province, aged seventy-two years. The deceased lady, who was greatly beloved, leaves three sons, James in Berlin, N. H., William in Raymondville, N.Y., and David in Saskatchewan, to mourn their loss; also three daughters—Mrs Wm Richards of Crapaud, Sask; Mrs Philip Murray of Berlin, N. H.; and Mrs George Hartley who resides in the province of Saskatchewan.

The enterprising residents of Crapaud are ever on the move improving and building up their village. With its new sidewalks, purchased by the Crapaud Amateur Dramatic Club, and the principal stores, church and street lighted with gasoline lights, it presents quite an up-to-date appearance. An electric plant may shortly be installed also. Dr Boyver, who has recently purchased the Williams property, has had the house moved to a recent lot on the corner, and Nathan Percival has built a fine new house and intends moving into it shortly. Mr Percival has disposed of his farm property to W. D. Sherren.

A correspondent of Iris writes that the people of that vicinity are through digging their potato crop. The crop is a poor one this year. Much thanks are due B.G. Hume for erecting a new school house. J. A. McLeod has left for the Maine lumber woods. John Hume paid a flying visit to Glen Williams recently. Mrs Benjamin McEachern has returned from New York after two months visit. Mrs Dan McLeod and family have arrived home from Boston. D. A. McEachern paid a flying visit to Caledonia recently and was the guest of Sandy McKenzie. The apple crop is a good one this year.

Our Emulsion of Cod Liver Oil with Guaiac and Hypophosphites contains 50 per cent. of Cod Liver Oil and is much stronger than most of the Emulsions sold. The taste of the oil is so disguised as to make it as pleasant to take as any cough mixture. We highly recommend it for Bronchitis, chronic coughs and all lung affections. 40c a bottle. E. A. Foster, Central Drugstore, Sunnyside.

W. E. Brigham, City, was in St John last week.

John H. Latham, New Dominion, was in the City Saturday.

Major Clarke of Cape Traverse, returns home today after spending the week end in this city.

J. K. Ross and Mrs Ross returned Saturday from Crapaud where they spent a week the guests of Doctor and Mrs Boyver.

The department of naval affairs has announced the formal transfer of the cadets on the Canada to H.M.C.S. Niobe as midshipmen.

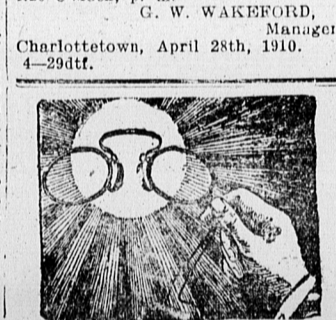

The farm of Donald W. Martin, situated on Brackley Point Road will be sold tomorrow. Full particulars appears in ad in this issue.

The death has occurred in the Hospital at Saskatoon, Sask., of Miss Sadie V. Pruner, sister of Vice-Principal Pruner, late of the U. C. C., City.

Miss Myra Pursey, City, who has been spending the summer with her mother here this morning for Waltham. Her mother will accompany her as far as Fredericton.

The death occurred in this city on Sunday of John W. Wiltshire, aged twenty-two. The deceased was a son of the late William Wiltshire and was a young man well known in this city and highly regarded especially among his companions with whom he was a favorite. His death at such an early age is much deplored. The funeral notice appears elsewhere.

The death of Richard Moore occurred Thursday at the home of his daughter, Mrs C. H. Webb, Sunny Brae, N. B., aged 85 years. Deceased was a native of Devonshire, England, coming to Prince Edward Is and with his young son, removing to Shediac about the time of the building of the European & North American Railway. He served as baggage master at that station for a number of years after which he conducted a grocery business in Shediac. A few years ago he came to Moncton to reside with his daughter. He leaves four daughters and five sons.

C. P. R. PLANS TIDE ELEVATORS AT DIGBY

DIGBY, N.S. Oct 27—Digby's boom appears to be an assured fact after the visit of J.W. Brock, of Montreal, an engineer with the C.P.R.; F. C. J. Comcau, general freight agent of the D. A. R., and C.E.W. Dodwell, government engineer, who with W. W. Haydn, government wharfinger at this port, thoroughly examined Digby's shipping facilities today.

Everything is said to be favorable for the installing of tide elevators in connection with car ferry across the bay, and the building of 120 feet extension on the present freight sheds on the wharf to accommodate the C.P.R.'s freight traffic to Halifax via Digby.

The visitors were more especially interested in the above business, but every indication points towards a big passenger and freight business between Boston and Digby over the C.P.R.'s direct route.

Two other important railroad men were in town today on business connected with Digby's boom as a railroad and steamboat centre. They were M.P. Dunn, superintendent of the Maine Central Railway, and W. M.P.C. Lawson.

IMPORTANT

Davis & Fraser wish to advise farmers to hold hogs back for a few days as owing to present mild weather pork is arriving in lad order. There is a tendency at this season of the year to run hogs on the market and should weather continue mild it will no doubt materially effect prices as the product cannot be handled to advantage. When hogs are coming in quantities the Railway is obliged to pile them in cars and during warm spells hogs are often heated in transit which causes serious loss to either shipper or packers. 11-1d3-11.
