With Constipation

Come a Host of Ills.

To Get Well and Keep Well Regulate the Bowels by Using Dr. Chase's Kidney-Liver Pills.

You cannot avoid disease if you neglect to regulate the bowels and allow the liver and kidneys to become torpid, sluggish and inactive. Dr. Chase's Kidney-Liver Pills are the most valuable family medicine that one can come across because they invigorate and regulate the excretory and filtering organs as no other preparation was ever known to do.

Mr. Geo. Benser, Warton, Ont. writes: "I don't like to have my name put in public print, but I feel it a duty to my fellow-men to recommend Dr. Chase's Kidney-Liver Pills. For about four years I was troubled with chronic constipation and weakness of the kidneys. My condition was serious when I began to use Dr. Chase's Kidney-Liver Pills, and I verily believe that they have saved my life. I am now well and feel like a new man."

More people use Dr. Chase's Kidney-Liver Pills than any other Canadian medicine. They are popular because they cure when other remedies fail. Ask your neighbor about them. One pill a dose, 25 cents a box, all dealers or Edmanson Bates & Co., Toronto.

Boys' Brigade Outing.

On Thursday afternoon the peaceful and law abiding inhabitants that live between Kensington and Wright's Pond, Barbara Welt, received a shock from which it will take them some days to recover. The day was sultry, and the sun glared from a sky that betokened continued heat. The men had just finished their evening meal and were enjoying a few minutes rest before resuming the evening's work, while the women were washing the tea dishes or stealing a glance at the latest story. The first intimation they had that anything was wrong was the unusual disturbance among the fowls in the barnyard, as they fled to cover. Of course it was the hawk! But a look beyond showed them that the cause must be more serious, for the horses stood trembling with fear in their stalls, or with nostrils distended and tail in the air, and snorting furiously, they galloped through the fields fetching mad bounds, while the cows and sheep strove might and main to gain a place of safety. Fear seized upon the heart; dismay stood in every face! Terror struck the people dumb when the defiant blast of a bugle cut the evening air and measured beat of a drum was carried to their ears. Looking in the direction whence came the sound, they were horrified to behold an army of soldiers, in full uniform completely armed and bountifully provisioned, with flags flying and pennons waving, marching, less than a thousand strong, right into the settlement. Then there was hurrying to and fro; arms that seen not service since the days of Bruin were quickly got and loaded, swords that rusted from disuse were forthwith buckled on, instantly was every point of vantage along the highway seized and every crossing, bridge and culvert along the line of railway occupied. But frowning down all opposition, on marched those heroes bold! Suddenly the inmates of a beautiful cottage that nestled among the trees by the river side were struck dumb with horror when they beheld these dauntless veterans to the order "By the right" march full upon their home. To remain was capture, to flee was death! With bated breath and fluttering heart they saw the approaching columns with measured tread and visage stern, advance with certain death. When fifty paces were still untrod, the order "Halt" was given and some moments of suspense were sorely passed. A council of war was evidently holding. Inaction was imprudent. A messenger bearing a white flag was despatched to learn what terms of surrender would be granted. The peace envoy was courteously informed that the object of the invasion was not to molest the inhabitants but to exterminate a tribe of "Fins" that persistently violated the Law of nations by continually crossing the lines without opening up communications with the proper authorities. The battle opened simultaneously along the line and the inhabitants of the cottage were watching the battle with keen and increasing fear when they heard a voice from below exclaim: "Why, there is the 1st Kensington Company, Boy's Brigade, under command of Capt. Ready, at Wright's Pond on a fishing excursion!" The fish caught were easily carried home. But one event of the excursion is destined forever to be impressed on the minds of the boys. Mrs Wright and daughter, always thoughtful and kind to the boys, served up icecream to the whole company. How the eyes bulged out as heaping saucers were passed around and how the elbows worked as they were served; while the Captain cautioned the "men" to be on their best behavior and use their best manners, still he has reason to believe that some saucers were licked while his back was turned. The rousing cheers that were given for Mr., Mrs., the Misses, and Private Wright showed how the "boys" can appreciate an act of kindness and the remembrance of such thoughtfulness proves how interest in the Brigade may be fostered. It is to be hoped that this will not be the last excursion the company will enjoy.

Every Man Has Wheels

Some men have wheels about one thing, some about another, some men have wheels about foot-ball, some about J. nah, some about religion, some about politics, some about airships, some about the wheels they ride, and there are some men who have wheels in their head about Ready Made Clothing.

These Wheels Are Very Expensive

They make a man pay five to ten dollars more for a suit than he has any need to. A man can buy a splendid suit of Scotch tweed made as you like at \$10. The tailor gets your wheel's agoing and makes you pay \$15. for the same cloth. And don't forget we're selling this suit now at \$6.75. The big bankrupt stock does it. If you see it in our ad you'll find it in our store.
