Glasses Help Clear Thinking

Eye strain is a big drag on efficiency. It prevents clear thinking and quick action. It causes headache, nervousness and exhaustion. Properly fitted glasses are the remedy. These remove the strain and give normal vision without effort, conscious or unconscious.

The party, which consisted of Misses Louise Jenkins, Anna MacLellan, Dorothy Beaton, Isabel and Messrs. Hodgson, Morrissey, Reginald Jenkins, Neil Vickerson, T. E. Morrissey, had a very enjoyable day, and came back in the evening with so many trout that the freight cars were filled. G

GEORGETOWN TOWN COUNCIL.—The monthly meeting of the Georgetown town council was held in the council chamber on Monday, the 4th inst. His Worship Mayor Wright presided. There were present Councillors Solomon Ross, Macdonald, Skinner, Jenkins, McCormack and Town Clerk Lavers. The minutes of last meeting were read and adopted. Several bills due by the Town for work done were ordered to be paid. The Clerk read some communications, giving quotations on cement required for the season's work, and it was resolved to purchase from local dealers if prices are suitable. The matter of dealing with the old Gordon building on Kent street, which it is claimed has become unsafe for the public, was also discussed, but no decision was reached. The Town Clerk read a communication from Mayor Brown of Charlottetown, inviting the Council to send a representative to a convention of mayors and councillors of all the incorporated towns on the Island to be held in Charlottetown on June 11th inst. for the purpose of forming a municipal board for the province. On motion Councillor J. Howard Macdonald was appointed delegate to the convention. In view of the scarcity of cattle feed, lack of pasture, etc., it was proposed that the time for allowing animals to run at large be extended to the 15th inst. This met with some opposition, but was finally passed by a large majority. It was also agreed that the appointment of Poundmaster Ronald Yoston, who was selected some time ago, take effect on that date (June 15th). The matter of enforcing the law against itinerant dealers doing business in the town without licenses was also taken up, and it was decided to notify the police to deal promptly with all such persons. A discussion regarding Kent Square concerning the title to which doubts seem to have arisen then took place, and was participated in by the Mayor and several of the Councillors, after which the meeting adjourned. &

HENDERSON TO AID IN LABOR CRISIS.

PETROGRAD.—The visit of Arthur Henderson, British Labor M.P., coincides with the Labor crisis here and will certainly be helpful to the Provisional Government. The Minister of Commerce and Industry, Konalov, resigned because on all of the present conditions he was unable to carry out the programme he considers indispensable to the maintenance of home industries. There has been unflinching rumors of a conflict between him and Skobeloff. The latter considers that capitalists should forego all war profits, while he is not disposed to interfere with the growing demands of the workers for increased wages and shorter hours. Meanwhile it is extremely difficult for him and other Socialist Ministers to take a firm stand on economic questions.

Still Threatens Strike.

Men in munition and other works threaten a general strike unless their demands of pay for a six-hour day are conceded. At the same time the workmen are electing new delegates, which belong largely to the Maximist group, favor confiscation and separate peace.

The agrarian conference was opened by Tchencoff, Minister of Agriculture, yesterday. A number of telegrams were read from various parts of the provinces regarding acts of violence. Peasants are annexing lands, livestock and implements, and in some

cases destroying property. The Minister of Agriculture regards these troubles as a heritage of the old regime, and looks forward to a lawful solution of the agrarian problem on a basis of equitable distribution of the land among the people.

Cossacks Want to Fight.

The Cossack armies, representing one of the greatest land holding communities of the State, refused from the outset to have anything to do with the redistribution of land. Representatives of twelve Cossack armies assembled in Congress here and sent delegates to the British Embassy. They declare they do not approve of spoliation or permanent peace.

METHODIST FOR DRAFT.

BRANTFORD.—The endorsement of compulsory service on a selective basis, the immediate conscription of youth, and all other national resources, the putting of the "clamps" on the drink and race-track traffic, were all recommended to the Government in resolutions unanimously carried at this afternoon's session of the Hamilton annual conference of the Methodist Church.

In the report of the Social Service and Evangelism Committee it was recommended that it was time for the Government of Canada to awake to the situation in regard to race-track gambling and whiskey. It was felt that in this the nation's hour of peril that these traffics, which were commanding

a large amount of the wealth of the land might be put to better use in the production of bread.

A discussion took place on the appointment to the civil service of Canadian. Commendation was given the Dominion Government for its action in giving returned heroes the preference in appointments. The hearty approval of the conference was given to the matter of the franchise for women and it also favored the raise of the age of consent with girls and the making of adultery a crime.

SAILORS REFUSE TO GO WITH SOCIALISTS.

LONDON. The Times says congratulations are pouring in to the Sailors' and Firemen's Union over their decision to refuse to sail any vessel taking British Socialist delegates have publicly pledged to demand along the terms of peace reparations for the loss of all sailors' lives by German submarines.

The Union has established a strict watch to prevent delegates leaving the country. The Sailors' Union is probably powerful enough to enforce the decision. The Union reports a case of a ship torpedoed without warning when the crew took to boats and were pulling to a rescue ship when an enemy torpedo boat fired a torpedo clean through the small boat containing the Captain and crew, and sank her, the captain and crew being drowned.

The ship which had attempted the rescue was also sunk.
