A Widespread Trouble in Spring Time.

PAINE'S CELERY COMPOUND The Only Remedy That Cures and Saves Life.

One of the most prevalent and fatal troubles at this season is kidney disease. It comes on as silently as a cat steals up on its prey, and often wrecks life before the victims are fully aware of their danger.

Ladies' cashmere stockings worth 30c going for 18 cts a pair at the great bankrupt sale at Ramsay's old stand.

A few of those soiled white shirts, collars, and cuffs going at half price at the great bankrupt sale at Ramsay's old stand.

Farmers and Fishermen

And all whose business takes them out in the mud and slush of early spring need good waterproof boots.

RAMPAGIOUS LAVAL STUDENTS. MONTREAL, March 4.—(Special).—La Journal, (Conservative) discussed the conduct of Laval students at a public entertainment and the students made a noisy demonstration in front of the office, also burning the bulletin boards.

BANK CLERK SAND-BAGGED AND ROBBED. At St. Sanveur on Saturday a clerk in the Provincial Bank was sand-bagged and robbed of a thousand dollars by two men who escaped.

ACCIDENT TO DAVID SHAW

The Following are Additional Particulars to Guardian Telegrams.

A Montreal exchange of Feb. 27th says: A deplorable accident occurred in the chemical laboratory of Dr. Ruttan, in the Faculty of Medicine, of McGill University yesterday, which will probably result in the partial blindness of Mr. David Shaw, a first year medical student.

It is a well known fact that sulphuric acid and alcohol, when mixed in certain proportions, and afterwards subjected to

Songs of Praise. Ottawa, Jan. 20, 1899. I have used SURPRISE SOAP since I started house and find that it lasts longer and is better than other soap I have tried.

different degrees of heat, give forth a variety of gases. At a comparatively low temperature sulphuric ether is obtained. Other gases are generated according to the degree of heat to which the tube containing the mixture is subjected.

Dr. Ruttan when seen stated that the accident was the first that had ever occurred in his laboratory, and that words could not express the regret he felt over the unfortunate mishap.

At Searltown, on March 3rd, Mrs. Charles McLean, leaving a husband, three sons and a daughter to mourn their loss.

REPORT OF ELECT'N TRIAL

The following is the report of the Judges in the East Queen's election trial forwarded to the Speaker of the House of Commons.

EAST QUEEN'S CONTROVERTED ELECTION.

PRINCE EDWARD ISLAND. IN THE SUPREME COURT OF JUDICATURE, THE DOMINION CONTROVERTED ELECTIONS ACT.

Section of a member of the House of Commons of Canada for the Electoral District of East Queen's in the Province of Prince Edward Island, holden on the seventh day of November, A. D. 1900.

Between Alexander Martin, Petitioner, and Donald A. MacKinnon, Respondent, Donald A. MacKinnon, Petitioner, and Alexander Martin, Respondent.

To the Honourable The Speaker of the House of Commons of the Dominion of Canada.

We, the undersigned Edward Jarvis Hodgson and Rowan Robert Fitzgerald, two of the Justices of the Supreme Court of Judicature of Prince Edward Island, do hereby certify that pursuant to "The Dominion Controverted Elections Act," on the 28th, 29th, 30th and 31st days of January, and on the first day of February, A. D. 1901, at the City of Charlottetown, in the said province, we held a Court for the trial, and there tried the two several Election Petitions between the above named parties respecting the above named election, at which election the said Donald A. MacKinnon had been returned as duly elected; and that upon hearing the evidence adduced and what was alleged and admitted by counsel for the parties respectively, including the admission by the Respondent, Donald A. MacKinnon, and the withdrawal of the claim to the seat by the said Alexander Martin, we found and determined:

That the said Donald A. MacKinnon was not duly elected or returned, and that the said election was and is void by reason of corrupt practices by an agent of the said Respondent, Donald A. MacKinnon, but without the knowledge and consent of the said Donald A. MacKinnon.

That (counsel consenting thereto) we adjudged that the parties should pay their own costs.

We also hereby report: (a) That no corrupt practice has been proved to have been committed by or with the knowledge and consent of any candidate at the said election.

(b) At the trial Peter Brodie, of Mill Cove, John Larkin, of Lot 49, Bismark Craswell, of South Rustico, John MacKinnon, of Black River, and William Proctor, of Brackley Point, were severally proved to have been guilty of corrupt practices, that is to say, treating.

(c) This there is reason to believe that corrupt practices, namely treating, extensively prevailed at the election to which the Petitions relate.

(d) We are of opinion that the inquiry into the circumstances of the said election has been rendered incomplete by the action of the parties to the said Petitions and that further inquiry as to the extent such corrupt practices prevailed is desirable.

We herewith append a copy of the notes of proceedings and evidence taken at the trial. In testimony whereof we have subscribed our names this eleventh day of February, A. D. 1901, at Charlottetown, in said Province.

The ceremony was impressive and imposing. McKinley's address dealt with all the important national questions.

SMALL-POX AMONG ALLIED TROOPS. PEKING, March, 4.—(Special).—The Emperor will return to the city about the end of the month.

Small-pox has broken out among the allied troops.

Are You Open to Conviction?

The Use of One Package of Malt Breakfast Food Will Prove Its Superiority Over all Other Cereal Foods.

The large majority of intelligent people are always open to conviction when the important subject of food values is discussed.

Many breakfast grain foods now in use serve only to appease the feelings of hunger for a brief time; these foods are not satisfying or healthful; in many cases they are injurious to health because they contain starch and indigestible ingredients that tax and retard digestion; such foods are feeders of Bright's disease, diabetes, constipation and indigestion.

The use of one package of the new popular Malt Breakfast Food (sufficient for 25 or 30 meals) will convince the most skeptical of its wonderful deliciousness, its satisfying properties, its vim-imparting and strength giving virtues and its marvellous power to correct disordered digestion. Malt Breakfast Food builds, braces and energizes. It is the Health Food par excellence for young and old. Your Grocer will recommend it.
