

SUSPICIONS OF WRONG-DOING

Which May have Caused the Death of Mrs Johanna Hudson

A death which is surrounded by peculiar circumstances took place at Stanhope on Tuesday afternoon when Miss Johanna Hudson, aged 65, died of what was pronounced heart failure.

The deceased lady, who lives with her sister, Mrs. Elizabeth McMaisters, has a nephew named Victor Hudson, who lives across the road from the lady's house and it is stated that some dispute arose over Mrs. McMaisters taking some vegetables from Victor Hudson's garden without permission. A quarrel followed and while the blows were struck or not could not be definitely decided.

One story is that Hudson followed the two women to their home and was locked out at both back and front entrances. He is said to have gone to a window and attempted to obtain admission there but was held off by the deceased woman who was provided with a stick by her older sister. It is thought that with this stick a blow was struck with the party on the outside.

After some few moments at the window the deceased staggered back falling as she stepped sideways into another room. Hudson was called in and falling to assistance, bringing a neighbor and later a doctor.

There are some other versions of the occurrence but the one given above is more generally accepted. The deceased had been treated about six years ago for heart trouble and a medical doctor said she was liable to expire suddenly at any time.

Acting on the instructions of Attorney-General Hazard, Coroner H. D. Johnson and Officer James Walker, City, last evening went out to the coroner to enquire further into the matter.

Very few additional facts were elicited and the information obtained was turned over to the Attorney-General last night after their return at ten o'clock.

The matter now rests in the Attorney-General's hands to decide whether an inquest will be held or not.

THE SYNOD OF PRESBYTERIANS

NEW GLASGOW, Oct. 6.—Presbyterian blue again prevailed in the city today in spite of the morning mist, and the Synod assembled in force in the first sederunt. Before the order of the day was taken up, the Synod commended for publication and distribution a recent writing by Dr. Alexander McLean of Hopewell.

Foreign Missions was the order of the day, and the discussion was led by the Convener, Mr. MacOdrum. He presented a strong report, bristling with points which challenged the attention and even the criticism of the Synod. The report referred in sympathetic terms to the withdrawal from Demerara of A. D. and Mrs. McKenzie, also from Guyana of A. W. Thompson, the former through ill-health.

Mr. MacOdrum commended in eloquent terms the splendid generosity of the W. F. M. S. and also the noble response of the Synod to the appeal for the removal of last year's debt of \$2,900.

He was followed in a most impressive address by T. C. James. Mr. James spoke under deep feeling, and created a profound impression. Dr. Falconer, ex-Convener of the Committee, spoke strongly in connection with the proposal to withdraw gradually from the New Hebrides Mission. He favored the proposal.

A proposal to merge the Eastern and Western Committee was advocated by Dr. E. Smith and Judge Forbes.

A notable address was made by Mr. Alexander McMillan on Chalmers Church, Bridgeport, C. This address together with one from Mr. John Fraser of Hopewell, evoked much applause.

The report on Church Life and Work was presented by Rev. John McIntosh of Sydney. The Church seems to be more than holding its own in respect of high ideals and worthy living. Seventy-five per cent of our people are attending church services regularly.

The augmentation report was presented by W. H. Spencer of P. E. I. This fund is in a satisfactory condition. The revenue necessary for next year is \$11,000. The committee recommended that due effort be made to raise the minimum stipend to \$850, to be paid by the action of the last General Assembly.

Intense interest marked the meeting this evening, and the temperature rose in some cases to the fever point. The casual bell was the report on Moral and Social Reform. Rev. J. W. Archibald presented the report in the absence of Dr. W. H. Smith, convener. The new note in this report, and the one that produced some disharmony of the music was in connection with the new prohibition law of Nova Scotia.

The report cordially commended the action of Premier Murray and the Nova Scotia Government. The report and recommendations were all passed.

THE LORD'S PRAYER.

All our misdeeds for Him whom Thou didst please To make an offering for..... Our trespasses, And forasmuch, O Lord, as we beseech, That Thou wilt pardon us..... As we forgive, Let that love teach, wherewith Thou dost acquaint us, to pardon all..... Those who trespass against us, And though sometimes Thou find'st This love for Thee, yet help..... And lead us not, Through soul or body's want to desperation, Nor let earth's gain drive us..... Into temptation, Let not the soul of any true believer Fail in the time of trial..... But deliver, Yea, save them from the malice of the evil devil, And both in life and death, keep..... Us from evil, Thus pray we, Lord, for that of Thee, from whom This may be had..... For Thine is the Kingdom, This world is of Thy work, its wondrous story, Thou wouldst be pleased to..... Give To Thee belongs..... The power and the glory, And all Thy wondrous works have ended never, But will remain forever and..... Forever, Thus we poor creatures would confess again, And thus would say eternally..... Amen.
