### GIVE THEM THE FLOWERS NOW.

Closed eyes can't see the white roses, Cold hands can't hold them, you know. Breath that is stilled cannot gather The odors that sweet from them blow. Death with a peace beyond dreaming, Its children of earth doth endow, Life is the time we can help them, So give them the flowers now!

Here are the struggles and striving, Here are the cares and the tears; Now is the time to be smoothing The frowns, and the furrows and fears. What to closed eyes are kind sayings? What to hushed heart is deep woe? Naught can avail after parting, So give them the flowers now!

Just a kind word or a greeting; Just a warm grasp or a smile— These are the flowers that will lighten The burdens for many a mile. After the journey is o'er, What is the use of them? Can they carry them who must be carried? Oh, give them the flowers now.

Blooms from the happy heart's garden Plucked in the spirit of love; Blooms that are earthly reflections Of flowers that blossom above. Words cannot tell what a measure Of blessing such gifts will allow, To dwell in the lives of many. So give them the flowers now!

A. J. WHITE.

Among the successful young men of affairs who have more than made good with their business enterprises in Winnipeg in recent years, is A. J. White, who a few weeks ago was appointed manager of the real estate department of the newly organized Winnipeg Trust Company, whose offices are at suite 5, Bank of Hamilton Chambers, Main Street. This new company, in which Mr. White is one of the moving spirits, was organized for the purpose of carrying on a general real estate, loan and insurance business, as well as for the handling of trust funds, and is starting out under most auspicious circumstances. Mr. White came here from Calgary about six years ago, and embarked in the real estate, loan and investment business, operating under the name of the White Realty Company, with offices at No. 265 Notre Dame avenue. The first of this month, however, Mr. White made the change already noted, and is now devoting all of his energies to this real estate branch of the trust company. He is a man of energy, enterprise and splendid business ability. He is a prominent member of the Odd Fellows, and much esteemed in business and social circles of the city for his excellent capabilities.

## Had Bolls On Neck and Arms.

Had Them Lanced But Got No Relief Until He Used Burdock Blood Bitters.

Bolls in themselves are not a dangerous trouble, but still, at the same time are very painful. They are caused entirely by bad blood, and for you to get rid of them it is absolutely necessary to put the blood into good condition. For this purpose there is no remedy that can compare with Burdock Blood Bitters. This preparation has been on the market for about 36 years, and has a reputation unequalled by any other for the making of pure, rich, red blood. Mr. H. J. Batten, Stratford, Ont., writes: "I have been troubled for several weeks with bolls on my neck and arms. I had them lanced by the doctor, but as soon as one went there came, I tried all kinds of so-called remedies, but could get no relief till I was advised to try Burdock Blood Bitters. I am pleased to say I am now quite free from those most painful things, and feel much better in every respect."

"My boy, of nine years, had a rash come over his back and legs, so we gave him a few doses and now he is all right again."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

### \$1,000,000.00 OFFERED IN DEBENTURES.

A public issue made this morning of \$1,000,000.00 of 5 per cent Debentures of the City Realty Investing Company, of Montreal at 97 1/2. The security behind these debentures consists of valuable properties in the heart of Montreal City.

The Company has a large income from rentals and is at the present time making immense profits from real estate sales. Part of the proceeds of the present issue will be used in buying new properties.

It is obvious that the security of the debentures is absolutely first class and to this is added the attractive feature that the debentures may be exchanged at any time for stock. If conditions continue for a year or two as at present, this stock might reasonably be expected to be worth at least twice its present value.

The management of the Company is in the hands of J. E. Wilder, who is one of the best real estate men in Montreal.

### THE MONCTON RACES.

MONCTON, June 30—The second day's racing in connection with the maritime circuit, was held here Saturday and some excellent racing was witnessed. The track was in splendid condition. The surprise of the day was the free-for-all, in which Baring, driven by Frank Boutlier, of Halifax, captured first money, defeating both Frank Patch and Gallagher. Both Patch and Gallagher showed reaction after Wednesday's race at Halifax, and Baring was an easy winner, although it took four days to decide the event. Frank Patch won the first heat, but was set back to third position for interfering with Gallagher on the home stretch. The 2.35 class was also won by a Halifax horse, Minnie, driven by Boutlier, winning in straight heats. A considerable sum of money exchanged hands on the free-for-all race, as it was considered that Frank Patch would be an easy winner. Frank Power acted as starter. The summary:—

## Got A Pain In Your Back?

IF YOU HAVE NEED THE WARNING!

You get a pain in your back, and you wonder what is the matter. When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Heed the warning; cure the weak, lame, aching back and dispose of any chances of further trouble.

If you don't do this, serious complications are very apt to arise, and the first thing you know you will be troubled with Dropsy, Diabetes or Bright's Disease; the three most deadly forms of kidney trouble.

On the first sign of a pain in the back, Doan's Kidney Pills should be taken. They go right to the seat of the trouble, cure the backache and prevent any further complications arising.

Mr. Stewart Johnston, Richardson Mines, N.S., writes—"For years I was troubled with my back, and I had to give up work. I tried Dr. after Dr., and was getting no better. I had almost given up hope when I began to try Doan's Kidney Pills. I took three boxes of them, and found I was completely cured. I feel I owe my life to Doan's Kidney Pills."

Price—50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

### MINISTER ARRESTED

DUNKIRK, N. Y., June 29—The Rev. Algernon S. Crapsey, of Rochester, the defendant a few years ago in one of the most celebrated recent trials for heresy and who was subsequently unfrocked by the Episcopal Church, was arrested here early today by a policeman in the business section who thought Dr. Crapsey was acting in a suspicious manner. The policeman said Dr. Crapsey told him to mind his own business when he asked his name.

At police headquarters Dr. Crapsey identified himself, explaining that he had been loitering on the street to kill time while waiting for a train and after telling the police to put him in a cell, was allowed to go. Later he took a train for the East. He had been lecturing on socialism at Fredonia.

### NEW YORK'S GREAT DEPOT.

Visitors to New York for several years, if they entered by the New York Central Railroad, have wondered when some order will have evolved from the chaotic condition of the terminal. The old station has long since lost its identity, and seemed to be replaced by merely a hole in the ground, filled with drilling apparatus, through which the trains threaded their way and landed at some point that seemed several stories below street level. However, all this has been put to the disadvantages of a temporary condition that will lead to something really worth while.

The accompanying illustration gives an idea of the New York Central terminal when it is completed. It shows a civic centre that will be one of the boasts of the city and an architectural and traffic triumph that will be the best of its kind in existence. This fact is realized by few of the hundreds of thousands who pass the site or by the 80,000 or 90,000 people who pass through the portals of the temporary structure daily.

One of the advantages of the building is the economical use of the space. This is made possible by the substitution of electricity for steam as motive power for all trains entering and leaving. There will be no noisy puffing and no smoke to coat the place with filth and make the air unbearable. Another unique feature is the absence of stairways. Where a descent is necessary it will be gently sloping ways, the slope being so slight that it may be ascended without fatigue even when carrying handbags, if the porters will allow a person to do such a thing.

Whether the crowds are coming in to the station to take their trains or are going out after having descended from them, another of the unique features about this great terminal is that the streams of traffic will always flow continuously in one direction. They will not have to turn corners or jostle one another. How important this may be realized by considering a few figures. The inbound concourses will hold comfortably 8,000 people, and the outbound 15,000. The waiting rooms will accommodate 5,000 more—nearly 30,000 in all. And more than three times that number will pass through this big station every day, a third of the entire population of the United States in the course of a year. The capacity of the station is 70,000 an hour.

## B-H ENGLISH PAINT

Said the Architect—"I have specified B-H ENGLISH PAINT because I have found it the best, and the cheapest in the end. It costs less to apply—covers more surface—protects better—and holds the color longer. It is the 70% Pure White Lead and 30% Pure White Zinc Paint—an ideal formula. Then, too, it is guaranteed by BRANDAM-HENDERSON LIMITED—and the guarantee is printed on the can. It is the kind of Paint for your house, sir."
