

NERVE TROUBLE

Among the most baffling ailments are those involving the nerves. Frequently they result in a loss of memory, partial paralysis, or a general breakdown of health.

Temporary stimulants only aggravate. Fellows' Syrup is a trusted, well-known preparation, notable for its beneficial action in nervous ailments.

It helps digestion and assimilation, so that the blood is enriched and fortified and, therefore, better able to nourish the nerves.

Properly fed, the nerves cease to assert themselves in irritability, worry, sleeplessness, or pain.

Fellows' Syrup is made in Canada and sold in all drug stores.
