SOCIAL GATHERING—Among the recent social events in Indian River was a party at home of Mrs. Thomas Rogers the occasion being one for the Women's Institute. Dancing was the chief of the evening. Music being furnished by Messrs. Brendan Driscoll and Charles Tuplin, accompanists, Mrs. Hubert Gillis and Mr. Edgar Hickey. Other features of the evening were cards, and a fishing pond. A prize was in the pond which was luckily fished by Mr. Walter MacLellan. Others received many useful articles and the fishing caused such amusement that all regretted when the pond was drained. Luncheon was served to about one hundred guests after which dancing was again continued until a late hour when after thanking the hostess all departed to their homes well pleased with their evening's enjoyment.

HARD TIMES PARTY—A very pleasant evening was spent at the home of Mr. Edgar Hickey when the Women's Institute conducted a "Hard Times Party." The weather was very favorable and over one hundred people were present. There were many costumes suitable to the occasion and those attired in them both by their gestures and appearance created much merriment throughout the evening. Prizes awarded to the ladies and gents represented

SUCCESSFUL CHURCH YEAR—A very successful meeting was held in York Church on Jan. 23rd, when the official board of York church met to transact business for the past year which proved to be very encouraging. The different sections of the charge gave a full financial report as also the general treasurer of the whole circuit. All financial obligations were loyally accounted for being upwards of \$3,000. The pastor Rev. F. E. Boothroyd complimented the charge as a whole for their loyal support having made this an independent charge for the last three years. Besides making this an independent circuit there has been a new modern up-to-date church erected which cost upwards of six thousand dollars and another church remodelled which cost in the vicinity of three thousand dollars. This work has all been accomplished under the leadership of the present pastor Rev. F. E. Boothroyd and reflects great credit on the energetic enterprising people of this circuit. As can be seen from the above figures that about three thousand dollars is made annually and about nine thousand on building improvements in the past three years which is practically all paid. It is questionable if any other circuit of equal size on Prince Edward Island has surpassed this obligation. The board mostly all made complimentary remarks of the great work done by the pastor who worked so strenuously on the above building operations and who is such an outstanding man, particularly as a social man with the young people who are the coming generation of the church. The board unanimously requested them to stay with us and continue their good work. The pastor thanked them for their kind words of appreciation, saying it was a pleasure to work with such a loyal and hearted people. (Patriot please copy.)

INSTITUTE WORK—The January meeting was held at the home of Mrs. Thomas Rogers. Meeting opened with Carry Me Back to Old Virginia. Thirteen members and three visitors were present. Committees reported and new one appointed. Some further arrangements were made concerning the "Hard Times Party." Two new members were welcomed to the Institute. Miss Eileen MacLellan was appointed to attend the Short Course. A nice program was then arranged as follows: Paper read by Miss Currie; reading, Miss Janie Tuplin (humorous); solo, Misses Francis and Geraldine Shea. Ethel Mann; instrumental music by Frederick MacLellan (violin), Mrs. Hubert Gillis (guitar), Mrs. Edgar Hickey (organ); choruses by the Misses Francis and Geraldine Ethel Mann, Catherine MacLellan and Elizabeth Gillis. Just as the program ended Santa Claus arrived. After having given a short address telling about his trip from the North Pole he distributed the many gifts for the children found on the well laden Christmas tree.

The entertainment throughout was splendid and reflects much credit on the S. School Teachers, Day School Teachers and others who spent so much time and energy in getting the children ready for the programme. The gathering was closed with the National Anthem.

Automobile Insurance (C. E. MacKenzie)

At the present time a live and debatable question seems to have taken root in the minds of many people of this province and that question is, should our Legislature not press legislation making it compulsory to carry adequate insurance on automobiles.

While we have one element in the community which object strenuously to all kinds of compulsion and grumbles at any seemingly added cost or tax, have we not another element who rightly regrets the necessity of being exposed to life and property loss without any definite and certain means of redress.

The vast majority carrying insurance on their buildings, stock in trade, and life to protect their own interests; but I feel safe in saying that possibly ninety-five per cent of our cars are running on the roads of this province without insurance of any kind. While the greater number of our cars are up-to-date there are others of ancient vintage, and their owners in some cases are as poor as Job's turkey, and when a collision takes place the rattletrap car often comes through unscathed, and the good car is wrecked.

The victim pays his own garage and possibly hospital and doctors' bills because the other party to the collision has no insurance, no property and no cash.

Fire and theft insurance is purely a private matter with the automobile owner. If his car burns up or is stolen

HOPE TO SOLVE FATE OF FRANKLIN EXPEDITION

OTTAWA, Ont. Feb. 19.—For over three quarters of a century the fate of Sir John Franklin, and the 128 officers and men of his expedition has been wrapped in mystery. Events of the past few months have given rise to the hope that additional light may be shed upon the details of that heroic adventure, by the aid of documents and sketches which Hon. Charles Stewart, Minister of the Interior has acquired for the use of the Department after an investigation by O. S. Finnie, Director of the North West Territories and Yukon branch.

Sir John Franklin's expedition sailed into the Arctic in 1845 in the two ships, Erebus and Terror. The ships were seen by a whaler near the entrance to Lancaster sound on July 26 in that year and from that time neither the ships nor any members of their crew were seen again by white men. In 1854 Dr. John Rae, an officer of the Hudson's Bay Company found a band of Eskimos who said that had seen white men travelling southward along the shore of King William Island and that these men had all died. In 1859 Captain Leopold McClintock found in a cairn at Victory Point, near the northwest end of King William Island a printed Admiralty form on the margin of which was written, over the signatures of Captain Crozier and Fitzjames, the commanders of the two ships, a few terse but very expressive sentences. These conveyed the information that: Sir John Franklin had died on June 11, 1847, that eight other officers and 15 men had died, that the ships had been abandoned, and that the remainder of the expedition, 105 persons in all, would start the following morning, April 26, 1849, for Black River on the mainland. Although many other expeditions have sought for Franklin this is the only record that has been found of the ill-fated party.

It has always been held by authorities on exploration that important records of the expedition must have been deposited by the survivors before the effort to reach civilization by way of Black River was begun, and that the most probable place was in the grave of the leader. The Department of the Interior would not at this late date, be justified in coupling and sending out an expedition to search for the grave of Sir John Franklin but with the development of Canada's northland, departmental officers concerned with the care of the native population, are continually patrolling through that portion of the Arctic and it would be an inexpensive matter for them to devote a little time to searching for records which would be of the greatest value to Canada and to the Empire. Therefore, when a short time ago, Hon. Charles Stewart was advised that documents were in existence which purported to give the location of Franklin's grave, he directed that the matter be carefully investigated, and as a result the papers and maps have been purchased for the Department.

on he is the sole loser, but insurance against property damage and public liability are different matters. The only redeeming feature of an accident is the other fellow's ability to pay, and when there is no guarantee of that the travelling public is unnecessarily exposed to the carelessness and shiftlessness of the few.

In the face of the above statement of facts would it not be well if our government would take up this matter of compulsory automobile insurance and at the coming meeting of the legislature enact some policy of insurance that will safeguard life and property in this province.

FOR MINISTER WARNS TARIFFS MAY BE IMPOSED BY FREE TRADE COUNTRIES

GENEVA, Feb. 19.—Hon. William Graham today warned the League of Nations tariff truce conference that failure to reach an agreement to halt rising tariff walls might induce free trade countries to enter international competition in protective tariffs. This means that the Labor Government is feeling strongly pressure in Great Britain for creation of further protective duties.

The Markets

(Canadian Press)

MONTREAL, Que., Feb. 19.—The local butter market exhibited a distinctly softer tone today with finest New Zealand and eastern townships number one changing hands at 35 1/2 cents with some odd lots as low as 35 cents and some as high as 35 3/4 cents. Dealers reported trading extremely quiet. The majority of dealers reduced their prices to retailers to 38 cents for prints and 39 cents a pound for solids. Fresh egg supplies here are sufficient to meet the demand and because of this fact prices were further reduced today. Fresh specials were quoted 51 to 52 cents a dozen; fresh extras at 49 to 50 cents; fresh firsts, 47 to 48 cents; fresh pullet extras 47 cents; fresh seconds 45 cents; storage firsts, 43 cents and storage seconds 42 cents a dozen. The demand is still brisk however. A slightly steadier tone was reported in the potato market without change in quotations. The cheese market continued its quiet trend with little trading.

OTTAWA, Ont., Feb. 19.—A further sharp break in egg prices at Chicago has again caused a weak and decidedly unsettled tendency on Canadian markets.

TORONTO.—Egg prices here both in a buying and selling way are two to three cents lower and decidedly unsettled, as a result of the further decline in Chicago prices.

MONTREAL.—Egg receipts here yesterday were 1,898 cases as compared with 766 cases on the corresponding day last year. The bad break on the Chicago market was caused a weakening trend and prices are declining rapidly. U. S. fresh eggs are jobbing on spot today at extras 52 cents; firsts at 48 cents; seconds at 43 to 44 cents. Storage seconds are jobbing at 40 cents. Wholesalers are selling fresh eggs to retail stores at extras 53 cents; firsts 50 cents; seconds 46 cents.

EDMONTON.—This egg market is steady. Dealers are quoting country shippers for ungraded eggs, extras 40 cents; firsts 38 cents; seconds 27 cents.

INKERMAN SCHOOL

The semi-annual examination of Inkerman School was held with a large number of parents and visitors present. The school was nicely decorated for the occasion with evergreen garlands and Christmas wreaths and Christmas bells by the teacher and pupils. The pupils were examined in the different subjects by their teacher Miss Marion MacWilliams and showed by their ready and correct answers that they had been carefully trained. After the examination a very enjoyable program was carried out by the pupils and was enjoyed by all present with Mr. Walter Trowsdale acting as chairman.

The following program was given: Recitation, Welcome, Jean Trowsdale. Recitation, The Dream, Kathleen Molyneux. Recitation, The Stocking, Roy Molyneux. "Talkie" Pictures Have Now Grown To "Shaving Age"

HOLLYWOOD, Calif., Feb. 19.—The howling infant called talkie is contrary to popular belief, really a youth at the thinking-of-shaving age. Today talking pictures are celebrating their 17th birthday.

There was no indication that an entertainment novelty, introduced to the public in New York on Monday afternoon, Feb. 17, 1913, was the forerunner of revolutionary change in the motion picture that has caused Hollywood to open its mouth and the rest of the world to open its ears and eyes.

First Projected.

Seventeen years ago, combined sight and sound was projected by means of a machine called the Kinetophone, perfected by Thomas A. Edison. It was more than a device—it was two devices, the motion picture projector and the phonograph. A belt ran from the motor of the projection machine to the phonograph back of the screen, operating them together. For a short time it amused audiences in New York and elsewhere, but it was looked upon as an oddity and soon was removed from the market.
