

BRITAIN'S RULING FAMILY AS SUBJECTS - FOR CAMERA

This is the picture that can be made only in a generation—the official coronation. Shown left to right are: The Princess Royal, Duchess and Duke of Gloucester, Queen Mary, King George VI, Queen Elizabeth, Duke and Duchess of Kent, Queen Maid of Norway, in front are Princesses

In Memoriam

MR. MAGNUS McMILLAN

In the early morning hour of Sunday, March 21st, Mr. Magnus McMILLAN a very highly esteemed resident of Wood Islands passed peacefully away at the age of 63 years.

The deceased had been in his fairly good condition of health until less than two weeks before the coming of the end when he was taken with what seemed somewhat like an attack of the flu. All that kind friends and medical skill could do was done but all to no avail.

His death came as a great shock to many who had seen him about the community a short while before and apparently in quite good health.

The deceased was the son of the late Mr. and Mrs. Malcolm J. McMILLAN, Wood Islands and spent all of his life on the old homestead. He never married. For some years his sister, Mrs. Joseph Buell looked after the old home but at the time of his death he was living alone. His father Mr. Malcolm J. McMILLAN was twice married. In the first family were three sons and one daughter.

The three sons were Neil McMILLAN, James McMILLAN and Donald McMILLAN and the daughter was Miss Jane McMILLAN. Of these Miss Jane McMILLAN died when quite young. Mr. James McMILLAN and Mr. Donald McMILLAN passed away some years ago. Mr. Neil

McMILLAN still resides in Wood Islands. In Mr. Malcolm J. McMILLAN's second family there were also three sons and one daughter. The sons were Magnus McMILLAN and Roderick McMILLAN, both of Wood Islands and John Malcolm McMILLAN, New Jersey and the daughter was Mrs. Joseph Buell, White Sands. Of the members of the second family the other two brothers and the sister, Mrs. Buell survive their brother Magnus McMILLAN now deceased.

Mr. Magnus McMILLAN was a man of a somewhat quiet and retiring disposition, hence it was that only those who came to know him will appreciate his true worth. In his own quiet way he took quite an interest in the various activities about him and all who knew him held him in high esteem. His genial presence will be much missed among his relatives and friends.

The funeral which was largely attended was held on the afternoon of Monday, March 22nd. The service was conducted by Rev. R. Hensley Stavert and was a very impressive one. The pallbearers were Messrs Roderick H. McMILLAN, Roderick McKay, James D. McMILLAN, James Emery, Daniel Smith and Douglas M. Stewart.

Interment was in the Presbyterian Cemetery at Wood Islands.

Collects Snakes Woman's Hobby

DORCHESTER, Mass., May 27 (CP)—One woman who is not afraid of snakes is Mrs. Eugenia Torrovec of Dorchester. An article by Lord Sawyer in the Boston Transcript describes her hobby, collecting snakes. She has one of the most extensive private collections of reptiles in the world.

In her big Colonial-style house, which contains more than 50 specimens, may be found snakes ranging from 12-foot pythons and boa constrictors to the small garter or water variety, as well as various types of lizards, a giant turtle, toads, tarantulas and monkeys. The Dorchester woman's possessions are the realization of a girlhood love for pets, although it was mere chance which turned her efforts to the collecting of snakes.

Mrs. Shorrocks points out at the reptile institute of Rose Allen at Silver Springs, Fla., rattlesnakes, by the thousands, are "milked" to obtain venom. "It looks like orange juice, as it runs into a glass," she explains. "I have tasted some of it, and it has a sickly-sweet taste. Snake venom, you know, is not poisonous unless it gets into the blood stream. One who hasn't any cuts or breaks in the mouth could swallow it without any harmful effects."

"Serum, made from this venom, by immunizing horses, is used in the treatment of poisonous snake bites," the Dorchester woman says. She explains a popular idea in this connection, when she declares that whisky is harmful in such cases, as it stimulates the blood. Running a person about, after being bitten, she also considers a poor remedy as, she says, a person should be kept quiet, the poison withdrawn by suction and serum injected.

SEES NEW TREND FOR TEMPERANCE

TORONTO, May 27—(CP)—Encouraging trends toward temperance consciousness on a world-wide scale featured the presidential address of Toronto District Union, W. C. T. U.

In Japan, Mrs. Ward noted, the government proposed increased taxation of alcoholic beverages. Finland's annual temperance week, stressing alcohol as a cause of traffic accidents; Britain's union of all temperance forces and a large parliamentary group in favor of curtailment of present liquor legislation.

"If Canada is to have wholesome laws, we must have upright legislators. The time has gone for passing resolutions. There must be persistent effort to uproot the evil of intemperance," Mrs. Ward said.

NEW LONDON WOMEN'S INSTITUTE

The New London W.I. met at the home of Mrs. George Coles on May 13th with sixteen members and two visitors present. The president presided and the meeting opened by singing the Ode and repeating Creed. Roll call was answered by the exchange of flower slips and seeds, and the minutes of the previous meeting and also special meeting were read and approved.

Through the kindness of the Indian River players in presenting their play in aid of the Institute, a very pleasing report was given of the sum realized. It was moved, seconded and carried that five dollars be spent in prizes for the pupils in the different grades having the highest marks at the school; and a committee was appointed to take care of same. Then the reports from the various committees were heard, the sick committee had made two calls and had taken fruit. Correspondence was read by the secretary which consisted of a letter from the Red Cross Society, T. B. Health nurse, and Dr. Creelman expressing his

TOTS KILLED BY WOLVES

RAHMABAD, India. (CP)—A pack of wolves scouring the countryside in the Lucknow district killed 12 children who were carried away from the fields in the presence of their parents, unable to save them.

BRINGING UP FATHER

Simple Words Are Best

The New York Sun speaks in pain and sarcasm of the addiction to long words, when short ones better would serve the purpose, which it notes in many quarters, says a Canadian exchange.

The thing that especially roused the ire of the Sun was a report of the annual convention of the American Psychiatric Association. Reading it over, the paper observes, "a layman marvels not so much at the profundity of the doctors as at their odd preference for pretentious words." Thus one speaker declared that "criminal or delinquent manifestations are understood as symptomatic expressions of an action tendency that extends throughout the behavior structure of the community."

Another talked of "mass production methods which regiment individuals who desire to express their acquisitiveness," and still another spoke of crime as proceeding from a certain "automatic behavior pattern or set-up in the individual." Boiled down, says the Sun, all these pretentious phrases seem to mean nothing more than that "criminals often behave as human beings because they are human beings," which is as good a translation as any.

It is a sound general rule, in the opinion of the exchange, that except in the realm of scientific and technical matters nothing is worth the saying which cannot be said in words the ordinary listener or reader is capable of understanding. Almost invariably the great mind thinks and expresses itself along straight lines and in simple words.

Consider, for an example, the recent speech by Mr. Stanley Baldwin. "The fruits of the free spirit of men," said Mr. Baldwin, "do not grow in the garden of tyranny." That is more than a fine bit of phrase-making; it expresses in sixteen words the philosophy of a lifetime, only two of the words are more than a syllable, and the most casual reader knows at once precisely what he meant to convey.

thanks to the Institute for ten dollars received for the T. B. League.

The collecting for the Red Cross was left in the hands of teacher and pupils and Miss Ings kindly consented to come to the June meeting to give a short talk outlining the T.B. situation in P. E. Island. The secretary was asked to send sympathy cards to the bereaved in the district. Questionnaires on Canadian Industries and Education and better Schools were discussed and filled in. It was decided to hold next meeting at the home of Mrs. F. Ramsay's on June 16, roll call to be answered by naming favorite flower. Collection 90c. A contest put on by Miss Margaret Ramsay was much enjoyed by all and the meeting closed by singing National Anthem. A dainty lunch was served by committee in charge.

Baie Verte N. B.

The Westmorland district Sunday School convention met May 14 in Baie Verte United Church. Mr. Frank Truemen, Point de Bute, was chairman of the afternoon session during which reports were heard from delegates representing Point de Bute, Port Egin and Baie Verte. No delegates were present from Tidnish and Jollicore. Rev. G. W. Tilley, Miss Dora Scott and Mrs. Guy Dixon were appointed a nominating committee. Miss Muriel Lawrence, girls work secretary of the M. R. E. C. then gave an address. At the evening session, D. E. A. Betty of Bayfield presided when delegates from the parish of Botsford were present. Miss Lawrence conducted a worship service which was followed by a business period. Minutes of afternoon session were read and approved and the report of the nominating committee presented and accepted which was as follows: President, George Fullerton, Tidnish; vice-president, Garnet Frenholm, Point-de-Bute; secretary, Miss Emma Scott, Baie Verte; children's secretary, Mrs. B. F. Wells, Baie Verte. Rev. R. S. Morrissey of the Anglican Church then delivered an address on "The Teaching Mission of the Church." The sessions were continued Saturday when Miss Lawrence gave instruction and led discussions on Sunday School problems.

Miss Eva Siddall was the guest of Mr. and Mrs. T. A. Siddall, Sackville last week when she attended the closing exercises of Mt. Allison University.

Charles Milton, St. John, spent the week-end with his parents Mr. and Mrs. E. Roy Milton.

Mrs. Marvie Goodwin, who has spent the winter months in Moncton has returned to her home at Baie Verte Road.

Service in the United Church, May 23rd was conducted by Mr. J. Gardiner who recently graduated from Emmanuel College Toronto.

"Joe" Scott, student at Moncton Business College was the guest of his parents Mr. and Mrs. Jas. G. Scott for the week-end and holiday.

At a meeting of the official board of the church circuit of Baie Verte, Tidnish and Port Egin held in Baie Verte, Wednesday evening, May 19, Rev. G. W. Tilley presented his resignation. Mr. Tilly has been in charge of this circuit for seven years during which he has rendered devoted and sincere service to the people in these communities. Besides conducting Young People's Societies in the three charges, he has held regular fortnightly meetings at Cobourg, Baie Verte Road, Point de Bute and Timber River. It is with deep regret that the people whom he has served so faithfully hear of his resignation.

Mrs. L. M. Connell is visiting friends in Moncton for a few days.

Mrs. Cora Trenholm, Bayfield was a recent guest at the home of Mr. and Mrs. Vincent Goodwin.

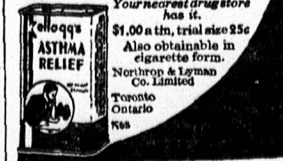

CENTRAL ROYALTY W. I.

The May meeting was held at the home of Mrs. Cecil Jenkins. Ten members responded to the roll call with "A Clause of the School Act." A short business meeting following the usual order was held. The questionnaire on Better Schools and Education was filled in. New committees are: Sick—Mrs. A. Agnew and Mrs. B. Diamond; School—Mrs. Major McLean and Mrs. Fred McRae. Roll call to be "Your Birthplace." Practice for the certificate took the place of program. Next meeting to be at the home of Mrs. Wendall Wood. Mrs. Jenkins served a very dainty lunch.

Try KELLOGG'S ASTHMA RELIEF

Thousands have found quick and easy relief from Asthma, Hay Fever and Cough troubles in the use of Kellogg's Asthma Relief. You can relieve your suffering... enjoy life more... with the relief this famous herbal preparation affords. Kellogg's Asthma Relief has been used by sufferers for over 60 years. You simply inhale the fumes.

Your nearest drug store has it. \$1.00 a tin, trial size 50c. Also obtainable in cigarette form. Nicholson & Leman Co. Limited Toronto, Ontario, Canada.

Mr. D. I. Campbell, Red Point received the B.Sc. degree ranking Class B biology 2; Chemistry 4; passed in Biology 3; Chemistry 3, Physics 2.

200 Kneel In Prayer For New King Of England

(News and Courier, Charleston, South Carolina). The spectacle of several hundred American citizens kneeling in prayer for King George VI of England was presented last night at St. Michael's Protestant Episcopal church at a special service held under the auspices of the colonial parishes of St. Philip and St. Michael at the joint request of St. George's and the St. Andrew's societies. The service was held in observance of "the day of the Coronation of His Majesty, George VI, by the grace of God, King of United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Sea, Defender of the Faith and Emperor of India." As the famous chimes of St. Michael's played "God Save the King," members of the two societies both dating back to colonial days, gathered in the churchyard. The chimes, which had begun at 7:45 p.m., continued their booming, playing "Auld Lang Syne," "Tippitay," "The Blue Bells of Scotland" and concluded with "God Save the King" at 8 o'clock. A vested choir led the procession from the church yard into the church, followed by the members of the societies. M. Rutledge Rivers, president of St. Andrew's Society, and Arthur R. Young, president of St. George's society, led the members, some sixty strong, into the centre section which had been reserved for them. The service was conducted, jointly by the Rev. Albert R. Stuart and the Rev. Merritt S. Williams, rector of St. Michael's and St. Philip's churches, respectively. Marked by simplicity throughout, the thirty-minute service was devoted to singing and the offering of prayers for King George and the royal family. The prayers offered were read from the prayer book given by Thomas Boone, governor of South Carolina in 1762, to St. Philip's parish, and were those bearing the handwriting of the Right Rev. Robert Smith, first bishop of South Carolina, who had altered the prayers after the Revolution. The revised prayers, changed to conform with the government of the United States after its separation from England, were not read, the original prayers for the king, queen, princesses and royal family.

KELLOGG'S HELP ME SAVE!

Advertisement for Kellogg's Corn Flakes featuring an illustration of a woman and text: "REAL nourishment costs so little in Kellogg's Corn Flakes—and all my family love their crispness and flavor!
