SAILORS WITH CANNON ESCORT PASSENGERS ACROSS ISTHMUS

The Action in Defiance of Protest of Colombian Government Means That United States Has Decided to Police Disturbed Territory Regarding Other Nations.

COLON, COLUMBIA, Sept. 18.—United States bluejackets with a small quick firing gun from the cruiser Cincinnati continue to accompany each passenger and freight train across the isthmus notwithstanding the protest against such measures lodged with Oscar Malmanos, United States consul here.

Panama, Sept. 18.—The report which has been current lately that Colombia intended to declare war upon Nicaragua because of the help President Zelaya is alleged to have given the Colombian revolutionists is discredited and contradicted by Colombian officials stationed in Panama.

"It is believed," said one of these officials, "that the Nicaragua canal syndicate has had much to do with the help General Herrera has received from Nicaragua, the syndicate's idea being of course that the prolongation of the state of war in Colombia would make impossible the completion of the Panama canal."

The Panama officials declared that the Colombian government has no intention of fighting Nicaragua; that Colombia, as soon as her present revolution ended desired a period of rest from warfare.

The arrival of reinforcements on the isthmus and the presence of other troops at Panama are believed to have reduced General Herrera's chances of capturing

Panama or Colon to a minimum. Washington Sept. 18.—A cablegram was received at the Colombian legation to-day from Governor Salazar of the department of Panama regarding the railway situation on the isthmus.

It is said that there was no interruption to and that arrangements have been made with the railroad company to inspect their trains as they approach Colon and Panama, this step being taken to avoid any suspicious approach of the revolutionists to either of those cities, as happened once before in the case of Colon.

The governor expressed the opinion that the American guard placed on the trains by direction of the commanding naval officers, were not necessary.

At the legation the officials say the situation is more promising than for some time.

AMERICANS MAN INSURGENT CRUISER. San Francisco, Sept. 18.—The steamer City of Para which has arrived from Southern American ports brings word that the insurgents gunboat Padilla is fitting out at Corinto to intercept the Colombian steamer Bogota, being fitted out in this port to become one of the Colombian navy.

The Padilla, according to the officers of the City of Para, is a formidable craft manned by Americans and Germans and supplied with four rapid fire guns and other arms.

STRATHCONA TO VISIT KING.

London, September 18.—Lord Strathcona paid a hurried visit to London yesterday, arriving in the morning and returning to Glencoe in the evening. It is reported in exclusive quarters that he has been invited to visit the King at Balmoral.

EARLY ENDING OF STRIKE.

TORONTO, September 18.—Elias Rogers, of this city, one of the largest coal dealers in Canada, returned to-day from a tour of inspection of the Pennsylvania anthracite coal fields. He predicts an early ending of the strike, but declines to discuss details.

FREE TO MILLIONS.

A Valuable Little Book Sent Free For the Asking.

Medical books are not always interesting reading, especially to people enjoying good health, but as a matter of fact scarcely one person in ten is perfectly healthy, and even with such, sooner or later sickness must come.

It is also a well established truth that nine-tenths of all diseases originate with a breaking down of the digestion, a weak stomach weakens and impoverishes the system, making it easy for disease to gain a foothold.

Nobody need fear consumption, kidney disease, liver trouble or a weak heart and nervous system as long as the digestion is good and the stomach able to assimilate plenty of wholesome food.

Stomach weakness shows itself in a score of ways and the little book describes the symptoms and causes and points the way to cure so simple that anyone can understand and apply.

Thousands have some form of stomach trouble and do not know it. They ascribe the headaches, the languor, nervousness, insomnia, palpitation, constipation and similar symptoms to some other cause than the true one. Get your digestion on the right track and the heart trouble, lung trouble, liver trouble liver disease or nervous debility will rapidly disappear.

This little book treats entirely on the cause and removal of indigestion and its accompanying annoyances.

It describes the symptoms of Acid Dyspepsia, Nervous Dyspepsia, Slow Dyspepsia, Annyaceous Dyspepsia, Catarrh of Stomach and all affections of the digestive organs in plain language easily understood and the cause removed.

It gives valuable suggestions as to diet and contains a table giving length of time required to digest various articles of food something every person with weak digestion should know.

No price is asked, but simply send your name and address plainly written on postal card to the F. A. Sturges Co., Marshall, Mich., requesting a little book on Stomach Diseases and it will be sent promptly by return mail.

LAURIER RESTING.

TORONTO, Sept. 18.—The Telegram's special cable from London says: Sir Wilfrid Laurier is now resting at Hotel National, Geneva, Switzerland.

Y. M. C. A. WORK.

Some time ago the Finance Committee of the Young Men's Christian Association started out to secure one hundred sustaining members for the Association at ten dollars each. The response on the part of the citizens was most gratifying and two-thirds of the amount needed was subscribed. Quite a lot remains to be done however and the committee are seeking to complete the list during the remaining days of this month.

The cause is certainly a most worthy one and deserving the assistance of all citizens. The Young Men's Christian Association is the only institution of its kind in the city, run under Christian auspices, where young men can spend their leisure time, and where facilities are afforded for spiritual, mental, social and physical improvement.

To place the Association within the reach of young men it is necessary to make the membership fees very low, so low that the amount realized from memberships does not nearly pay running expenses. The balance is secured by subscription from public spirited men who appreciate the value of the work being done.

The object of a sustaining membership is to put the Association on a permanent self sustaining basis that will render unnecessary frequent appeals to the public benevolence.

The members of the finance committee are busy men, and they would consider it a favor if those who are willing to subscribe would hand their names to the General Secretary without waiting to be called upon.

We publish the following list of sustaining members to date and trust by October 1st, to be able to publish a complete list of the one hundred names.

- John T. McKenzie, R. H. Jenkins, J. K. Ross, E. H. Beer, A. G. Putman, D. Gordon, D. B. Rogers, G. H. Taylor, W. B. Robertson, D. Farquharson, Will S. Louison, D. McLoughlin, J. D. Saman, J. A. EARTHQUAKE FELT.

SAN FRANCISCO, September 18.—A slight earthquake shock was felt in this city at 3:11 this morning. No damage was done.

DAILY TRAINS TO COAST.

MONTREAL, Sept. 18.—The Canadian Pacific are considering the advisability of putting on two trains daily to the coast next year. The Imperial limited, which ran three times a week this year has been so well patronized that it may be made daily trains next summer.

COAL OUTPUT INCREASES.

WILKESBARRE, Sept. 18.—According to reports received to-day from the offices of the local coal companies, some of them official, the output of coal at the mines in the Wyoming region is on the increase. It is expected to further increase the output in the next few days.

CANADIAN TOBACCO.

OTTAWA, September 18.—Blais E. Dugas, of St. Jacques, left for Belgium to-day, under a commission from the department of agriculture in charge of a shipment of Canadian tobacco. Mr. Dugas will secure views of the tobacco manufacturers on the continent, and report to the department on the best means for curing and packing Canadian tobacco for the European market.

LOOKING OVER SYDNEY.

SYDNEY, September 16.—P. W. Richardson, of the well-known English ship-building firm of Wigham, Richardson & Company, Newcastle-on-Tyne, who came to this country with the British team, which carried off the Palma trophy at Ottawa on Saturday, is visiting Sydney and is inspecting the plant of the Steel company, and the possibilities for the establishment of a ship-building plant here.

STEEL COMPANY'S OUTPUT.

SYDNEY, September 16.—A report received here from Pittsburg to-day stated that Rogers, Brown & Company, of that city, had bought the entire output of the Dominion Iron and Steel Company's pig iron for the next six months. President James Ross was here to-night, but was unable to say whether the Pittsburg company had purchased a part of the output or not.

FOR ORGANIC CHURCH UNITY.

WINNIPEG, Sept. 18.—Rev. Dr. Hearz, of Yarmouth is one of the committee of fourteen appointed by the General Conference to meet with the representatives which may be appointed by other bodies to discuss the question of organic unity of the Presbyterian, Congregational and Methodist Churches.

PROGRESS.

Some time ago there was a notable automobile procession in the city of Buffalo, N. Y. It was notable for its size, and also for the fact that it was entirely composed of automobile wagons (like that in the cut above), built to distribute the advertising literature of the World's Dispensary Medical Association, proprietors and manufacturers of Dr. Pierce's medicines. In many a town and village Dr. Pierce's automobile has been the pioneer horseless vehicle. These wagons, sent to every important section of the country, are doing more than merely advertise Dr. Pierce's Remedies—they are pioneers of progress, heralds of the automobile age.

And this is in keeping with the record made by Dr. Pierce and his famous preparations, which have always kept in the front on their merits. Dr. Pierce's Golden Medical Discovery is still the leading medicine for disorders and diseases of the stomach and digestive and nutritive systems, for the purifying of the blood and healing of weak lungs.

Women place Dr. Pierce's Favorite Prescription in the front of all put-up medicines specially designed for women's use. The wide benefits this medicine has brought to women have been well summed up in the words "It makes weak women strong and sick women well."

The reputation of Dr. Pierce's Pleasant Peppets as a safe and effective laxative for family use is international. It may be asserted without fear of contradiction that no other firm or company engaged in the vending of put-up medicines can rank with the World's Dispensary, Medical Association, either in the opinion of the medical profession or of the intelligent public. The Invalids' Hotel and Surgical Institute, which is connected with the World's Dispensary, is alone sufficient to prove this supremacy. Here is a great modern hospital, always filled with patients, where every day successful operations are performed on men and women whose diseases demand the aid of surgery. No hospital in Buffalo is better equipped, with respect to its modern appliances, or the surgical ability of its staff. Dr. R. V. Pierce, the chief consulting physician of this great institution, has associated with himself nearly a score of physicians, each man being a picked man, chosen for his ability in the treatment and cure of some special form of disease.

The offer that Dr. Pierce makes to men and women suffering with chronic diseases of a free consultation by letter, is really without a parallel. It places without cost or charge the entire resources of a great medical institute at the service of the sick. Such an offer is not for one moment to be confounded with those offers of "free medical advice" which are made by people who are not physicians, and are only saved from prostitution by artfully wording their advertisements so that they give the impression that they are physicians without making the claim to be licensed.

Those who write to Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., may do so with the assurance that they will receive not only the advice of a competent physician, but the advice of a physician whose wide experience in the treatment and cure of disease, and whose sympathy with human suffering leads him to take a deep personal interest in all those who seek his help and that of his associate staff of specialists.

Dr. Pierce's Medical Adviser (in paper covers), 1008 pages, is sent free on receipt of 31 one-cent stamps, or 50 stamps for the cloth-bound volume, to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
