Dorothy E. New Gagetown Racer Shows Her Speed

FREDERICTON, N. B., March 17.—(Special)—Dorothy E., whom Dr. W. M. Jenkins, Gagetown, N. B., racing enthusiast purchased from the Reeves supply Company of Sydney, N. S. about six weeks ago, showed possibilities of a most brilliant career when she stepped fast to win the Free for all pace over the ice at Gagetown yesterday defeating Fore-feather Jeffery and others.

The purse was for \$1000.00. This nice pacing mare went the first quarter in 31 1/2 the second in 30 1/2 and right back in 30 1/2 for the third heat winning easily in straight heats.

It was an outstanding exhibition, considering the condition of the track which was slow caused by the recent mild weather.

Racing fans in this section would like to have seen this mare on a good hard fast track and think her capable of doing close to 28 seconds for a quarter.

Dorothy E. was sired by Dingola, 2.05 1/4, by Expedition and her dam was Bonnie Cop, by Bonita, 2.15 1/4, who raced with considerable success in the New Brunswick and Maine racing circuit some years ago.

Dorothy E. is eligible for the 226 pace in 1931 and placed several miles in the vicinity of 2.15 during the 1930 racing season on the half mile rings.

Dr. Jenkins, who deserves congratulations on his purchase and is well known for his deep interest in the harness game, plans to breed this mare to Great Britain, 2.02 1/4, the great standard bred stallion imported by the Nova Scotia government recently.

The Gagetown horseman also owns another fine horse, a brown pacer, Jimmie Watts, by Clay Watts, out of Rhona Adair, by Bolmar. Dorothy E. was bred and raised by Johnny Murray of Clyde River, P. E. I., who no doubt will be pleased to learn of his old pupil doing so well.

The Y. M. C. A. Basketball team arrived home last night from Sackville where they suffered defeat at the hands of the Mount Allison hoopers by a score of 44 to 28.

The boys report a most enjoyable trip, and although losing out are nevertheless recompensed by the hospitality and kindness shown them while guests of the University team.

The score by periods were: First period: Mount A, 19; Y. M. C. A., 10; Second period: Mt. A, 27; Y. M. C. A., 10; Third period: Mount A, 44; Y. M. C. A., 28.

Tiny Mathieson was the high scorer of both lineups, getting an aggregate of 15, while McKay of Mount A amassed a total of 13.

It is understood that the crack New Brunswick University team will play a return game with the Y. in the very near future.

STUDIES ENGLISH ON JOB

HARTFORD, Conn., March, 17.—Frank Mirabella lost his job as a snow carter when the "boss" found his immersed in a book on the driver's seat, but he got it back when it turned out to be the First Reader. Mirabella explained he was learning English in order to become a citizen.

THIEF GLAD HE WAS CAUGHT

RENO, Nev., March 17. (U. P.)—When Arthur Risch, ranch hand, was arrested for stealing \$415 from his employer, James Hash, his only remark was, "I'm glad I got caught."

GASOLINE BOOTLEGGERS EXCEED LIQUOR SELLERS

OKLAHOMA, CITY, March 17. (U. P.)—Oklahoma harbors more gasoline bootleggers than liquor bootleggers, State Auditor Frank C. Carter believes.

A large number of trucks haul gasoline each night from refineries to filling stations which sell the product without paying the state tax, Carter believes.

Carter said records show gasoline sales increased 30,000,000 gallons a year for six years preceding 1930, but that in 1930 the increase was only 13,000,000 gallons.

A statute making the refiner pay the state four cents a gallon tax instead of the filling station operator was urged by the auditor.

An accurate check is impossible on the 21,800 stations in Oklahoma, he said.

Looking 'Em Over

(By Tec.)

Amherst and Abbies Local hockey fans and Island followers of the game in general, who have been comparing the Abegweits and Amherst Ramblers—on paper, will now have the opportunity of enjoying a grand stand look-see into the relative merits and ability of both teams.

Tonight is the night. Abegweits all keyed up and ready to go, are determined to give the visiting "Blue Nose" clan the game of their young lives.

Amherst, in turn are coming here with a reputation second to none in the Maritimes, and a loss to the locals tonight would set them back considerably in the eyes of followers of the great national game in the provinces by the sea.

Therefore, all in all, the packed Forum is assured of a battle royal this evening.

Maroons Are Surprise of Concluding Stage of Race

One local hockey enthusiast declares that the four strongest teams in the N. H. L. at the present time are Canadiens, Boston, Maple Leafs and Maroons. He doesn't rate them in that order. He believes there is little to choose among the four of them, and claims each stands an equal chance of winning the Stanley Cup. He does believe, however, that Canadiens will defeat Boston in the N. H. L. championship series.

Maroons, even without "Hooley" Smith, whose broken wrist will likely keep him out for the rest of the season, are right now one of the strongest teams in the circuit. They have won five of their last six games, and tied the other. Their victory over Canadiens last night was their fifth straight.

The big improvement in Maroons is due to the coaching of "Buck" Boucher and the fact that the second string forward line of Trotter, Ward and Northcott has developed into a powerful scoring combination. Trotter and Ward have been handicapped for several seasons by having to flank "Bill" Phillips, a great hockey player in his day, but unable now to travel up and down the wings with him. It is said that both Trotter and Ward asked for a centre man who could skate with them, but their pleas fell on deaf ears until "Buck" Boucher was appointed coach. Boucher put Northcott at centre with Ward and Trotter, and the result has more than justified the change. In addition it has one of the most feared teams in the forthcoming series.

Jack Dempsey, undisputed world's champion at the gentle art of announcing retirements and come-backs issued his latest hail and farewell to the boxing business yesterday from Los Angeles. "No more fights for me," Jack told the reporters. "And this time I mean it. I'm nearly 38 years old now and never could again be at my physical best, no matter how hard or how long I trained. In the future I want to be known simply as Jack Dempsey, referee and fight promoter."

"I like this new 'racket' of refereeing. It keeps me continually on the move and everywhere I go I meet old friends and make new ones," says Dempsey. Old friends is not all that the old Manassa Mauler mares—he makes plenty of money. His present income is thought to be about \$175,000 a year and most of it comes from refereeing bouts between boys who, six years ago couldn't have lasted ten seconds in the ring with him. Dempsey's price is \$1,000 a night. He even offered to referee here for that amount.

"The Clancy Head"

In a recent Boston Maple Leaf game, King Clancy of the Toronto team, one of the greatest defence men to ever don skates, "pulled one" against the Bruins that no doubt

paved the way for Art Ross' attempted fistic clash with Connie Smythe of the Queen City outfit. The play was halted in front of the Toronto net and the puck-off was set only a few feet from the citadel. Clancy, sensing danger, deliberately skated off-side just as the puck was dropped. The Boston centre man crashed the disc into the Toronto net, but not before the whistle blew, announcing the off-side. Clancy was given a penalty, but the move on the part of the brilliant back-liner saved a sure goal. Now they are discussing the advisability of changing the rule that covers such a situation by allowing the offended team to accept a goal or the penalty.

The Residence Rule

The New Glasgow News says. The Maritime Branch will press for a change in the residence rule, but it is doubtful if the move will receive the endorsement of the parent body. The proposal has a two-fold plan. It will lessen the financial burden; to those clubs which believe in importing hockeyists, and, on the other hand, it will show that the East is trying in a small way to do away with the hypocrisy of pre-ent-day amateurism.

Pin This On Your Underwear

Speaking of goalies and shut-outs games, however, George Hainsworth of the Canadiens rang up 23 shut-outs in the 1928-29 National League campaign of 44 games for a mark that will likely stand in any circuit, amateur or professional, for many years.

Sport Forum

BORDEN VS. CAPE TRAVERSE

Sir:—I, one of the hockey fans, have taken a great interest in letters published in Guardian, also all games played in rinks of the vicinity between Borden and Cape Traverse, also all games played in Summerside and Charlottetown by Borden. In one letter someone was asked to put a statement in the press as to why Cape Traverse were not allowed to play in the League for the McLean Trophy, which was kindly done by Mr. Kennedy, but I doubt if it will be favored by some of the hockey fans, as we all know Borden has won the Luddington Cup, also Mr. McLean's Trophy with the intermediate Championship of Prince Edward Island, which has made a lot of bad feeling with the teams and fans of the vicinity of both teams. As we all know Borden has won all three fairly and, I might add, by hard work, but have heard it said that if the Cape Traverse team had had ice they could trim the Borden team. Now I have noticed that notwithstanding all letters that have been sent to the Guardian nobody has come forward with any suggestion. What I think about the matter is, why not let the two teams go to Charlottetown where the Capt. Traverse team will get the hard ice that they need, and so prove to the fans which is the better of the two teams thus giving the fans a good eye-ful of something, and let the date be fixed by the managers of the teams "thru giving the fans a chance to see, one more match and their teams either win or lose.

I am Sir, etc.

A LOVER OF SPORT AND FAIR PLAY

GIRLS LOSE TO MALE COACH

SAN LUIS OBISPO, Cal., March, 14—George Hartranf, coach at Paso Robles high school, waged a round of sodas that he could defeat his "weight in girls" in two volley ball contests. The girls weighed in, and Hartranf won the games, 15 to 12 and 13 to 3. He formerly threw the shot and discus on the Stanford track team.
