Buy Your Tools where the Mechanic buys His

The biggest thing we can say about our business is that it has been the Hardware Home of the Ch'town Mechanic for half a century. Mechanics know tools and they learn very quickly where they can buy to the best advantage. This store has been known for more than fifty years as the favorite trading place of the man whose success depends upon the tools he uses.

He comes here because he knows that our tools are good tools, that our prices are right, and that the best tools are the most economical in the end.

You don't have to know tools to be safe in trading here. We have only quality ones, and it is a part of our business to see that you get only what you ought to have.

NOTICE:--This store closes every Saturday at 1 p. m. during the month of August.

SACRAMENT AT KINROSS.--The Sacrament of the Lord's Supper will be dispensed in the Kirk, Kinross on Sabbath, August 9th. Preparatory services on Thursday and Saturday at 2 o'clock p. m. Rev. James McDougall will assist the Pastor.

INVERNESS MISSION STATION.--A week of splendid evangelistic services has just been concluded at the Mission Station of Inverness, P. E. I. The services were conducted by Rev. J. S. McKay, pastor of Lot 14 and Lot 16 churches. Rev. J. S. McKay has had wide experience in evangelistic work, having conducted campaigns in all parts of Canada, including extensive work in the Canadian West and the Maritime Provinces. Exceptional interest has been manifested in these meetings, the church being crowded every night, which was indeed remarkable considering the busy season of the year. Many of those who decided for Christ in these services had wandered far in the downward road and in some cases had not attended church for many years. The first night that decisions were called for, twenty-four persons came forward, and every night additional ones, until the last night when forty persons signified by coming to the front their desire to follow Christ. The last night a large thanks offering was taken up for the work in the field. These services have been given by Rev. J. S. McKay entirely voluntarily and without any remuneration whatsoever and are gratefully appreciated by the people of Inverness and by Sidney Bonnell, who has charge of that Mission Station for the summer. Every prospect points to a very successful summer in this field.

McMILLAN-McDONALD NUPTIALS

DARTMOUTH, July 28.--One of the prettiest weddings of the season was solemnized in St. James' Presbyterian church at 6.15 last evening, when Miss Jessie Morrison MacMillan, youngest daughter of Mr. and Mrs. Charles MacMillan, of Woodside, was united in marriage to Rev. James Clarke MacDonald, son of Daniel MacDonald, of Sydney.

The church had been decorated for the occasion by members of the choir, of which the bride was a popular member. The bride entered the church leaning on the arm of her brother, Malcolm MacMillan, by whom she was given away. Her costume was a dainty model of white brocade silk, trimmed with chiffon, gracefully caught up in French knots. The bridal veil was surmounted by a coronet of orange blossoms on a Juliet cap. Her bridal bouquet was of white roses and lily of the valley intermingled with sprays of fern. Miss Mary MacMillan, a niece of the bride, was bridesmaid, her costume being of white embroidered voile, worn with a large white hat, picture model. Her bouquet was white carnations.

The groom was supported by Rev. W. J. MacLeod, of New Glasgow, P. E. I., a college classmate of the groom. The ushers were Donald J. R. the choir of St. James was present. Edward Schaefer presided, at the organ and as the bridal party entered the church the hymn, "Oh, Perfect Love," was rendered. The ceremony was performed by Rev. J. W. A. Nicholson, M. A., assisted by Rev. Dr. Pringle, of St. Andrew's Presbyterian church, Sydney, and Rev. Victor Guest, Rector of Stairs memorial church, Dartmouth. As the happy couple left the church Mendelssohn's wedding march was rendered by the organist.

Driving directly to the home of Mrs. John Lamont, Jr., a sister of the bride, a reception was held, after which Mr. and Mrs. MacDonald left by the 8.45 train for points along the

I. C. R. They will return to Dartmouth on Thursday and will sail on Friday for Trinidad to remain two years.

The bride's going away gown was of Shantung silk, worn with a small white hat of Parisian model.

The collection of wedding gifts was exceptionally large and beautiful. The groom's present to the bride was a pearl ring, to the bridesmaid a sapphire ring and to the ushers stick pins. For some years the bride was a valued member of the Echo staff and took a keen interest in the Christmas tree and fresh air movement conducted by that paper for children. From the staff of the Echo she received a cabinet of cutlery; from the choir of St. James church, a silver ceterie dish and from the Sunday School at Woodside, where she has always been a worker, a set of silver spoons. The groom is a B. A. of Dalhousie, 1911 class, and was a member of the winning debating team of that year. He graduated with honors at Pine Hill College in May last and received a two years appointment at Marapima College, San Fernando, Trinidad.

Rev. Dr. Pringle, on behalf of St. Andrew's church, Sydney, presented the groom with a purse of gold. The groom was a member of St. Andrew's church.

Karakul Sheep

Dr. C. C. Young Karakul Sheep Company, Limited.
Capital \$150,000 Shares \$100 each
200 shares available for immediate subscription;
50 p. c. cash on application; remainder in 30 days
The proceeds of this sale is for legitimate extensions;
not for dividends

- 1 There is now no manner of doubt that a good average grade of Persian Lamb fur can be produced in the first cross from our stock. See it for yourself on our farms.
- 2 There is also no doubt but the fancy priced grade of Persian Lamb fur will be consistently produced after a few years of selection. That is why we offer no sheep for sale now. If we were promoters merely we would sell our sheep at the huge prices offered us and pay ourselves 100 p. c. dividend this year. No sheep for sale now.
- 3 We own the SECOND IMPORTATION and all their progeny, nine tenths of all the really valuable Karakules in America, were imported last year by Dr. Young. We also own all living rams of the FIRST IMPORTATION and all valuable blood lines.
- 4 We reckon our assets by BLOOD LINES, but we have more so called full-blood sheep than all others combined. They number nearly four score.
- 5 We are the only breeders entrusted with a permit to enter Karakul Sheep through American quarantine. Others recently tried to enter some so called Karakules from the vicinity of Transcaucasia, both at Montreal and New York but the sheep were slaughtered by the authorities.
- 6 We alone have the facilities to select animals in West Turkestan and arrange their importation into America and exportation from the continent.
- 7 Our herd of Karakules is the best aggregation of Karakul bloodlines in the world.
- 8 Our only competitors will finally be the people of West Turkestan especially Bokhara. You can judge for yourself after studying the character of the people concerned who will finally achieve the great success.

The Ostrich was tricked away from South Africa by the Americans a few years ago. See what America can show in Ostrich plumes at the Panama exposition next year as compared with South Africa.

A considerable proportion of the lambs born in 1914 would bring fancy prices. There will be no difficulty in breeding up every sheep to the highest priced variety because the company possesses enough unrelated sires of proved exceptional value to continue crossing without inbreeding.

Speaking of Dr. Young and Karakul Sheep Mr. McCready, Publicity Agent for P. E. I. says "The Persian Lamb industry bids fair to have a development here and throughout Canada second only to the Silver Fox."

Robert Wallace of Edinburgh University, foremost live stock expert in the Empire says "Dr. Young is in probably a better position than anyone else to get hold of the the very few really good sheep in Bokhara. If we could get the best of these out, eliminating all that show signs of soft wool, we can breed a far better sheep than anything we can get out now." Dr Wallace lectured recently on the subject in London before the International Institute of Tropical Agriculture. United States Department of Agriculture says:

"Two importations (of Karakules) were made in 1908-1913 respectively. These sheep were brought over by Dr. C. C. Young of Belen, Texas, (now of Charlottetown, P. E. I.) Buy only pure bred rams that have demonstrated their ability to sire skins of value."

The Skins

of Karakul lambs are used in Canada to a great extent. Canadians spend more for them than for Silver and all other colors and species of foxes, Mink Otter, Skunk and Fisher. The Persian Lamb fur is durable, becoming and economical. It is used by both men and women for coats, robes, muffs, stoles, collars, cuffs, trimming, caps, mits, & cloaks. Its use could be enormously extended, but already there is a wholesale demand in Canada for several million dollars worth yearly. There was no domestic productions until this year.
