### Famous Old Recipe for Cough Syrup

Exactly and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex (50 cents worth) from any druggist, pour it into a 16-oz bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way it tastes good, keeps perfectly, and lasts a family a long time. It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes. Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. ## School Fair at Cardigan

The Cardigan High School together with the schools at Cardigan Head, Iona, Martinvale and Georgetown Royalty, held their first school fair in the Town Hall, Cardigan, on Thursday, October 2nd.

A large number of parents from Cardigan, together with a good number from the other districts mentioned, attended the fair. There were over three hundred exhibits which included a fine showing of vegetables, grains, fruit, manual training, flowers, school work, cattle and pigs also articles of domestic science and fancy work, and they were all of a very high class quality.

The judges of the Domestic Science Department was Miss McKenna, while the other classes were judged by Mr. MacMillan and Mr. McLaren.

Altogether the fair was a decided success.

# "Zam-Buk made it well"

Children never forget a remedy that ends their pain. That's why a child who has once had Zam-Buk applied to an injury will cry for it again when hurt.

Mrs. T. Fothergill of Ridge Farm, Bousman River, Man., says: "My children are constantly getting cut, bruised or burned and for these injuries I find Zam-Buk indispensable. The little ones even cry for it. For fifteen years we have used Zam-Buk in our family, and could not do without it."

Mothers should always keep a box of Zam-Buk handy on the medicine shelf, for not only does it quickly end pain and soreness, but it positively prevents festering and blood-poisoning and heals in the shortest time possible. Mothers can save themselves much anxiety and often much needless expense by immediately applying

Zam-Buk to cuts, scratches, bruises, knocks, burns and scalds, and by teaching the children that the prompt use of Zam-Buk will prevent little hurts from growing into big ones. Zam-Buk is equally good for sores, rashes, eczema, ulcers, boils, pimples, ringworm and salt rheum.

Because of its absolutely herbal composition Zam-Buk cannot become rancid, but will keep indefinitely and still retain its purity and strength. Buy a box to-day, use what you require, put the remainder away, and when next you need it, it will be just as effective as when first bought. That is why Zam-Buk is always the choice of the thrifty house-keeper. All dealers 50c. box.

## Know the Tire You Buy

You can't tell the value of a tire by its looks. The unused tire is a riddle. Its sleek and unscarred surface tells no story. Its real value is hidden.

Nor can you tell the value of a tire by its price. The price may be too low. It may not allow of building a good tire. The price may be too high. It may be far above the value you will get.

But there is one reasonably safe indication of a tire's value available to everyone.

That is the service that tire is rendering in general use.

On this basis, we believe you will come to Goodyear Tires. More Goodyear Tires are used than any other brand. They have received, and are receiving, the most severe test a tire can be given.

If you will talk to men who drive cars, you will find a strong majority for Goodyear Tires. A majority based on this very test of actual experience.

It will probably surprise you how many hard-headed men of your acquaintance are buying Goodyear Tires for the value which is in them.

Ask the Goodyear Service Station Dealer to tell you the experience of the men to whom he sells tires.
