

Addition To Telephone Switch Board

Preparations Under Way For New Cable to The Mainland.

An installation crew, consisting of a foreman, and W. A. Macdonald, C. M. MacDonald and W. E. Macdonald are at present busy installing a new long distance section in the switchboard of the Charlotte Central Telephone Station. This is being done in preparation of a new telephone cable to be laid from Cape Tormentine to Cape Breton.

The switchboard section will, however, be completed by January 1st, and will at once be put into commission, handling the business of stations in this province before the cable permits it to be connected with the lines on the mainland.

At the time it is brought into operation an additional long distance operator will be added to the staff.

The new section which embodies the latest improvements in telephone practice, is so arranged that the operator, making a connection, may, between Charlottetown and Summerside, call to either party at will, without being overheard by the other, and without disturbing the connection. This is to facilitate operation orders being passed between the two centres, where they are situated, by subscribers who wish to talk with each other.

This new section is of a similar type to the one which has just been installed in the switchboard of the Summerside Exchange.

AUTUMN SALE OF FURS

The following is from C. M. Hampson & Co. Ltd., autumn sales report.

Silver Fox—Best Kinds—Firm. Medium Kinds—Advanced 10 per cent.

Poor kinds—Realised old prices.

The small offering of somewhat inferior quality contained only a few fine skins.

The market was extremely strong and the whole collection was realised at good prices.

The few fine Silvery skins sold well at full spring levels; the medium priced skins were in excellent demand, and brought considerably higher prices than at last sale.

The poor skins were also in fair demand, but without any change in values.

Salted Fur Seals, N. W. C.—Realised old prices.

A small parcel of fresh skins sold readily.

Robben Island—Realised old prices.

A small lot in very stale condition, consequently brought low prices.

Cape of Good Hope—Declined 10 per cent.

Several parcels of fresh skins sold fairly well at some decline so far as the smaller sizes were concerned, the larger skins proved unsaleable. Dressed and Dyed Fur Seals.

A somewhat unattractive collection did not sell well.

The Winter Sale will begin Thursday, 24th January, 1929.

Both the inside and outside of balloon tires are vulcanized at the same time with a new repairing device for garages.

DID NOT OBTAIN INTERVIEW
—A communication received last night from Mr. Cornell, freight rate expert, stated that he was not able to interview Sir Henry Thornton on Saturday on the subject of the car ferry.

CHURCH SERVICE BROADCAST
—The morning service at St. James Church yesterday was broadcast and was no doubt heard with much interest and appreciation by a large number of listeners in throughout the city and country. An eloquent sermon was preached by Rev. W. Bruce Muir and the choir under the direction of Mr. Methven rendered excellent music.

COLLIDED WITH GARAGE
—A driver of a seven passenger McLaughlin touring car, apparently under the influence of something stronger than gasoline, misjudged the distance in turning off Prince Street into Clark Street yesterday afternoon about 4:30 the result being a broken wheel and a damaged radiator, while the car crashed into the corner of the Charlottetown Garage building puncturing a hole therein. Police Sergeant Allan McInnis arriving ten or fifteen minutes later, took charge of the situation sending the driver about his business and placing the machine in the care of other parties.

FUNERAL OF LATE CAPT. MURCHISON
—The funeral of the late Capt. Murchison took place from his residence 38 Oriole St., Friday at 11 a. m. The service was conducted by the Rev. Hammond Johnson, assisted by Rev. Dr. E. H. Ramsay, E. McDougall, W. H. Spencer and H. D. Raymond. A large number gathered to pay their respects to a worthy man. Mr. Roddy Gillis sang very tenderly "Crossing the Bar." The remains were conveyed to the Peoples' Cemetery at Point Prim, followed by a very large concourse of people from all sections of the Belfast district. The services at the grave were conducted by the Rev. T. Rodger of the Belfast Presbyterian Church and by his brethren of the Masonic fraternity. The pallbearers were Alfred Pickard, Hon. A. A. McLean, K.C., A. Bonnell, C. A. Stevenson, A. C. Sinclair, Charles Ross and Fred Houle. This is the second bereavement in the family by a very few short months. Their daughter Effie, wife of D. E. McLeod, Chief Engineer of the ferryboat at Vancouver, died a short time ago, leaving to mourn her loss beside her husband, three sons, John of the Royal Bank of Canada, Vancouver; Hector and Donald.

CONDITION UNCHANGED—The Guardian is pleased to learn that last night Mr. John McLaughlin was reported as resting easily, his condition being substantially unchanged.

STUDYING HEALTH LAWS—The following clipping is taken from "The Santa Rosa Republican." The Mr. Silliphant referred to is the son of Mr. and Mrs. J. Ambrose Silliphant of Hunter River. Mr. Silliphant is in his sixth year in medicine at Stanford University. "W. M. Silliphant, medical student at Stanford University, is passing several days here studying the health department of Santa Rosa as a part of his public health work at the university. The student is accompanying Health Officer E. J. Helgren on dairy inspection trips and is making a thorough study of the health ordinances here for his college report; Silliphant expects to be here several days."

WEDDED IN CAMBRIDGE—The following news item from the Chronicle, Cambridge, Mass., will be of particular interest to citizens of Charlottetown as Miss Stultz formerly conducted a musical studio in this city. "A family affair may be said to describe the pretty wedding of Miss Bernice Elizabeth Stultz of 14 Fayette street, and Ross Logan Clarke of the First Baptist Church last Saturday, November 17. The groom's father, Rev. Donald McDee Clarke united the couple in marriage. The bride is a well known violinist having entertained over the radio from local stations. The groom is a graduate of Harvard and is now a construction engineer. Following the ceremony a reception was held in the church auditorium when 'cello solos were played by John Little of Canton. Among the guests were Mr. and Mrs. Leon Lee and Mrs. Charles Crawford of Taunton, Rev. and Mrs. Charles Hutchins of Onset, and Miss Catherine Roach of Watertown who played the wedding March."

RESTORED TO HEALTH—T. J. P. Hood, for fifteen years owner of the Charlottetown (P.E.I.) ... sold out on account of ill health and located in the San Joaquin Valley, California, one and one-half years ago. After disposing of his interests in Charlottetown he went to Calgary, Alberta, where he purchased the largest retail shoe business there; after eight years he found he could not stand the severe climate and came to California. and four others applied for incorporation for the Modesto Tribune Publishing Co., taking over the Modesto Tribune, a weekly. Later, being anxious to get into the dairy field, he sold his share in the Tribune and joined the regular staff of the Turlock Daily Journal. Turlock is 13 miles south of Modesto and has a population of 6,000, in the centre of a rich irrigation district. Mr. Hood has made his home in Modesto, an attractive and enterprising city of 16,000 people, where he owns property, and handles the advertising from that city, as well as from Stockton, Merced, and other smaller places. His residence in California has entirely restored his health.

SYRIAN SERVICE IN CHARLOTTETOWN—It is not often a service of the Greek Church can be witnessed in Charlottetown. Some two years ago such a service was held in St. Peter's Cathedral by one who is now a Bishop, and on Sunday morning last at 9 o'clock the Very Rev. L. Fairmyer, Archbishop, from Montreal, celebrated the Holy Eucharist in the Memorial Chapel of St. Peter's Cathedral, the service being well attended by the Orthodox Syrians. Most of the service was rendered in the ancient Syriac language, but some portions were said in English for the benefit of the younger people who are not well versed in the mother tongue. The ceremonies of the Greek Rite are beautiful and impressive. The vestments are of the most ancient pattern. Incense is used at various parts of the service. The Holy Communion is administered by intinction—that is the consecrated Bread is first dipped in the chalice and then placed in the mouths of the communicants. Before the close of the service some consecrated bread (not the sacrament) is distributed to those who have not received the Communion. This is a remnant of the Agape or love feast of the early Christian Church. The Archbishop strongly desires Canon Malone to hold a special service for the Syrians once a month, using the Greek Rite (Anglican translation). The fact that the Patriarchs of the Orthodox Eastern Church have officially declared Anglican ordinations to be valid, makes it quite feasible for such services to be conducted by clergymen of the Anglican Church. While in Charlottetown the Archbishop is the guest of Mr. Elias Kays, one of whose children and also another child were baptised by the said prelate. The reverend gentlemen is a native of Beyrouth, Syria, but has been in America for eighteen years sixteen in Boston, one in Brooklyn, and the past year in Montreal, where he has three hundred families in his church.

An Ideal CHRISTMAS GIFT At a Minimum Cost

Here is an opportunity of securing at least one of your Christmas Gifts, one that will be appreciated every month in the year:

When becoming a new subscriber or sending in your renewal for the Charlottetown Guardian, include an extra 25c., and we will include a year's subscription to The Canadian Magazine, a monthly publication well worth considerably more money and representative of the best in Canadian literature. You can either have this addressed to a friend as a Christmas Gift, or mailed to your own home. Where could you find anything more inexpensive and more appropriate at the same time?

You may have the attractive Christmas Number mailed in time for the 25th, and also a greeting card conveying your own good wishes—all without any trouble to you.

Simply fill in this handy form and remit \$4.25 for country subscribers, or \$5.00 for city delivery. We will attend to all the rest.

SPECIAL AIR MAIL SERVICE

By authority of the Postmaster General special air mail flights will be undertaken from Winnipeg to Regina, Calgary, Edmonton and Saskatoon, commencing on December 10, 1928 and continuing daily except Sunday until December 29th. Only first class mail matter properly prepaid at the air mail rate of 5c for the first ounce, and 10c for each additional ounce, or fraction thereof, will be conveyed on these flights. Registered mail properly prepaid, and special delivery letters will also be carried.

In the operation of these flights a saving of approximately twenty four hours on the east and west bound trips, between Eastern and Western Canada, will be made, and this saving, at this time of year, will be very desirable, and the general support of business men throughout the country is anticipated. For the successful operation of these flights will, undoubtedly, have an effect on the future development of air mail transportation in Canada.

Special air mail envelopes may be secured from the stamp vendor in the lobby of the Charlottetown post office, and any person interested in securing special envelopes sent over any of the air routes above indicating, at this time of year, will be very desirable, and the general support of business men throughout the country is anticipated.

Card of Thanks

Mr. and Mrs. Hugh McKinnon of Bredabane, P. E. I., wish to thank their friends and neighbours for many kindnesses shown to them in their recent sad bereavement, in the death of their niece, Lottie Jean Innes. 9308-11-26-11

Church Services

ZION CHURCH SERVICES

"Negative aspects of Redemption" was the topic dealt with by the Minister at the morning service. A good congregation was present and listened to an earnest and important sermon.

Despite the inclement weather there was an inspiring congregation present.

The prophecy of Ezekiel, Chap. 47 was presented in a most interesting manner. Some notes from this sermon will appear in a later issue.

During the course of the day the choir rendered the anthem, "The Sun Shall be no More," by Woodward, and "The Lord is my Shepherd," by Simper, the solos in this latter being taken by Mrs. Sutherland McLean and Mr. Malcolm MacKinnon and the mixed quartette led by Bernard. The ruggedness of Col. K. Rogers in broadcasting the evening service through C. F. C. Y. was much appreciated.

Last Monday evening, under the auspices of the Christian Endeavour Society, about 150 young people were entertained in the Social Hall. Mr. Alex. Matheson, a friend and favorite of young people, was present and under his capable leadership a most enjoyable evening was spent. There was service and words of welcome were given by Mr. Edwin White on behalf of Zion Church and Minister.

FAREWELL SERVICES AT CENTRAL CHRISTIAN CHURCH

Rev. John Turner, B. A., who has been pastor of the Central Christian Church during the past ten months, preached his farewell sermons yesterday to large congregations.

At the evening service Mr. Turner preached upon the topic "Anchors of the Soul," taking as his text 1 Cor. 13, 13. He pointed out that the only sure foundation was God and that in order to experience Him we should live like Him as revealed to us through the person of Jesus Christ. He warned his hearers as a closing message to experience Jesus Christ in their lives as the only anchor to the soul.

During the course of an eloquent and impressive address Mr. Turner referred to the many kindnesses shown him by his congregation, members of other congregations and citizens in general. He also thanked all those who had assisted in the music of the Church, especially those of other congregations who have assisted from time to time.

He also expressed the hope that he might return to the church here at some future date, as the congregation have indicated to him their desire that he return.

The music for the day under the capable leadership of Prof. H. A. Tanton, who by the way severed his connection as organist with the church yesterday, was as the morning service, "Still, Still, Still" with "Thee," the solo part being taken by Mr. B. G. Acorn. In the evening service the congregation was favored with a solo feelingly rendered by Mrs. J. J. Stewart, also a quartette "Crossing the Bar" splendidly rendered by Mrs. Roy Cudmore, Mrs. J. J. Stewart, Mr. Malcolm MacKinnon and Mr. T. W. Bendley.

At the conclusion of the service many remained behind to say good bye and to wish a safe journey to Mr. Turner, who left this morning by early train for Australia via Vancouver.

Next Sunday Rev. Hugh B. Kilgour, All-Canada Secretary of the Churches of Christ, of Toronto, Ont., will occupy the pulpit of the church both morning and evening.

Queen Hotel

Since taking over this Hotel we have spent many thousands of dollars in repairs and improvements. It is now the finest Hotel of its class in the Maritime Provinces. It appeals to those who want a comfortable Hotel and splendid table and excellent service at a moderate price.

Rooms from \$3.00 to \$4.50 per day.

SPLENDID WORK
Continued from page 1.

about forty children assembled to either presenting all manner of demerits, many of which should have been treated and remedied years before.

The following cases have been examined to date:

WESTERN GUARDIAN

HELD ON MORE SERIOUS CHARGE—A party from the west of the province, arrested before Messrs Alex. Campbell and John Mollison, J. P.'s at Summerside on Saturday on a charge of having a still in his possession. It appeared from the evidence that Messrs Matheson and Hardy, customs officers at Alberton, had located a still in working order with a quantity of mash in a shack in the woods at Cow Pond. The officers conceded themselves nearby and waited for the owner to come along. Two men later appeared and went about to enter the shack when Messrs Matheson and Hardy jumped out of the bush. One man had a gun in his hand and it was claimed that he pointed it at Officer Hardy, the other man ran into the woods and made good his escape. The prisoner who was arrested and brought down to the County Jail, had a lawyer pointed the gun at the officer. He relinquished the ownership or any knowledge of the still and swore that his friend had merely asked him to go down to the woods with him which he did. The case of having a still in his possession was dismissed, but the prisoner was held on the charge of having pointed a gun at an officer. He will come for trial on this alleged offence before Messrs Campbell and Mollison this afternoon.

CREW RESCUED

BRIXHAM, Devonshire, Eng., Nov. 25.—The entire crew of 84 of the German school ship Pommeren have been rescued from their sinking ship by another German vessel. The school ship called for aid when about 20 miles west of the head of Chesapeake in the English Channel. Several ships stood by but the crew of the Pommeren took much information in the foregoing time because of the high seas.

Paralysis: Infantile; 8; Spastic; 5; Obstetrical; 2; Ischemic; 2.

Congenital deformities: Dislocated hip; 2; Club feet; 5; Wry neck; 4; Tubercular joints; 4; arthritids; 5; flat feet; 16; spinal curvature; 2; rickets; 2; bow legs; 2; knock knees; 1; severed nerve; 1; hemiplegia; 1; other conditions; 2.

The operations and manipulations to date are: Wry neck operations; 3; nerve suture; 1; infantile paralysis manipulations; 2; club feet manipulations; 2; hip manipulations; 2.

The wisdom of Miss Wilson's foresight in devoting the energy of the Red Cross nursing staff to this special work is now plainly evident, and is certainly appreciated by the people who come up for examination, as there has never been any difficulty in getting a position reported on or previously examined to return for further study, examination and treatment.

Dr. Acker speaks in the highest terms of the splendid co-operation that has been accorded him on the part of the whole medical profession of this Province and of the three hospitals, which opened their doors for treatment of those cases.

Regarding the financial end of the work, the Rotary Club was most generous in making splendid contributions for this purpose, as the Red Cross is not in a position financially to do all this extensive and sometimes expensive work except in cases where, after full enquiry into the circumstances of those affected, it has been found that they were not in a position to bear the expense. Opportunity is given to the general public under the auspices of this clinic so that private appointments, consultations and treatment are given to those who come to Dr. Acker as special patients.

In this connection the Red Cross will be pleased to hear of any case of crippled or deformed children throughout the Province who need special treatment, and those in charge of such children, whether parents or guardians, would do well to notify Miss Wilson if they have any trouble of an orthopedic nature.

To further this work the Rotary Club prepared a questionnaire to be sent to the school teachers of the Province through the Department of Education, asking for information regarding any cases of crippled children in the various school districts, and it is earnestly hoped that before long every crippled child of Prince Edward Island will be given an opportunity of having his or her disability dealt with by the most modern orthopedic methods.

At these examinations there are many cases that require treatment by experts in massage, daily manipulations, exercises, etc. The Red Cross have been fortunate in being able to arrange for Miss Price, an expert masseuse and muscle trainer, to come here and treat cases that are picked up at these examinations. Her work has been most satisfactory, both to the Red Cross and the patients treated, and at each clinic where the results are checked up the progress has been most gratifying.

All the funds raised in various ways by the Junior Red Cross members are devoted to this special crippled children's work, and those boys and girls enjoying good health will have the consolation of knowing their savings are going to alleviate the sufferings of some of the crippled boys and girls of Prince Edward Island; so that every one has a special interest and share in this humane work. Last year the sum of \$300 was raised by the Junior Red Cross members for this purpose.

For the opportunity of interviewing Dr. Acker and Miss Wilson during a busy hour yesterday, and for the information in the foregoing time because of the high seas.
