THE STRENGTH OF A CHAIN

Is that of its Weakest Link. Father Morrissey's No. 10 Forges it Anew.

The chain of the physical system is only as strong as its weakest link. When that link breaks, the chain breaks, and serious illness followed by death often results.

During his long and successful practice, Father Morrissey, the learned physician, was often called upon to treat bronchial and pulmonary affections. He soon found that it was not enough to make temporary repairs on the "link," but that it had to be forged anew, in order permanently to strengthen the chain.

After much study, he succeeded in devising a prescription that would secure this result, by not only giving prompt relief but also by rebuilding and strengthening the delicate cells and membranes of the throat and lungs.

This prescription, Father Morrissey's Lung Tonic, No. 10, has cured thousands. It is absolutely free from any dangerous drug, being compounded from Nature's own roots, herbs and balsams.

No. 10 stops the cough, relieves the soreness and strengthens and fortifies the system against future attacks. Even in the early stages of consumption it has proved helpful, but the wise plan is to take it in time, and avoid serious disease.

In our climate it is well to have a reliable and tested remedy like No. 10 always on hand. Take it at the first appearance of a cold, and keep the chain of life strong and capable of resistance.

Try it at 25c. per bottle. Regular size 50c. At your druggist's or from Father Morrissey Medicine Co., Ltd., Chatham, N.B.
