

Honored On His 93rd Birthday

Mr. George A. Hughes, 148 Prince Street, was honored yesterday by his colleagues on the committee of stewards of Trinity United Church, the occasion being Mr. Hughes' 93rd birthday. He was presented with the following address in token of their appreciation of his devoted services: "George A. Hughes, Esq., 148 Prince Street, Charlottetown. Dear Mr. Hughes, Your fellow members of the Committee of Stewards of Trinity United Church, on this your 93rd birthday, wish to present their cordial wishes and congratulations, and best wishes, not only on their own behalf, but on behalf of the whole congregation. Yours has been an active life. The position you occupied was one of great responsibility, and called for close attention to the many details involved, but you made time to share actively in the work of our Church, first as a faithful member, and worker, in the various departments, including the work of the Church school; then as a member of the official Board, and as a member of the Committee of Stewards, which positions you still fill. It is however, as Financial Steward, that you have been most remembered by the congregation. Your handling of the financial problems and your outstanding work in finding the funds necessary to meet the needs from year to year, closing the books as you did with obligations properly provided for, was an outstanding annual event. We regret that you have recently decided to resign as Financial Steward, but the lessons you have taught us, are not forgotten, and we trust the standard of efficiency and the stability which will be maintained in the future. In presenting this token of our esteem on our own behalf and on behalf of the congregation, we extend our best wishes, and pray that God in His infinite wisdom, may spare you to enjoy further years of usefulness and happiness. Signed on behalf of the Stewards of Trinity United Church, "W. P. MacLEOD, "Charlottetown."

Homer Nicholson, official delegate from the P.E.I. Branch of Officers will be present. Others who will attend are Capt. J. J. Connolly, Lt. Cmdr. J.N. Kenny and Lt. J.E. Burnett. The program will consist of a good sea, prospects are good, with the season generally one to two weeks in advance of normal. Lobster and fresh fish catches have been above average and markets are firm. Demand for pulpwood remains weak and mills are well stocked. Pit props are being shipped steadily. Coal and steel production continue close to capacity.

Unemployment generally is greater than last year. In Newfoundland, wholesale and retail trade has been showing steady improvement and volume is reported to be somewhat ahead of last year. Collections are good. Stocks of salt codfish on May 20 were 111,000 quintals, as compared with 128,000 quintals on the same date the previous year. Exports for the month ended May 31, 1949, were 881,000 quintals, as compared with 1,054,000 for the corresponding period last year. The paper mills at Corner Brook and Grand Falls, the base metal mine at Buchans and the iron mines on Belle Island continue on full time, but operation of the limestone quarries at Agathashook has been curtailed due to the seamen's strike.

Low in Alberta. But none of the four leaders will be able to vote for himself. None of them have residence in the riding in which they are candidates. For the voting place, the list of candidates is large—848—and gives a broad choice.

It includes 260 Liberals, 249 Progressive Conservatives, 130 C.C.F., 55 Union of Electors, 27 Social Credit, 19 Communist Labor-Progressive Party candidates and 58 representing minor political groups. The number of candidates is more than 100 short of the 954 who contested the 1945 general election.

The Liberals, who have been at an all-time record—262—as a result of war and post-war expansion of Canada's population and the entry of Newfoundland into confederation. The increase of 17 seats includes seven for Newfoundland and 10 for new constituencies created in 1945.

For two of the four national party leaders, this is their first major test in their new offices of leadership.

Both Mr. St. Laurent and Mr. Drew are leading a national party to the country for the first time.

letter, but it did contain these words: "The moment has come in which it is necessary to realize the words of the Apostle Peter: 'Beloved, think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you. But rejoice, inasmuch as we are partakers of Christ's sufferings, that when His glory shall be revealed, you may be glad also with exceeding joy.'"

The letter, endorsed by Archbishop Beran in the seclusion of his police-occupied palace, is in effect a "white book" of the Church relating its side of the bitterly-fought negotiations between the Roman Catholics and the Communist Government on a new state-church accord. A preliminary survey indicated it had been read in many churches of the Capital and its suburbs.

"We desire an agreement, not a dictate," the letter said, "we would have to feel ashamed if we acted otherwise."

Archbishop Beran and all his bishops accused the Government of deceit, fraud, kidnapping, robbery and numerous other measures they said are intended to crush the church and destroy religious liberty.

The Church hierarchy said it used the pastoral letter to relate the "true story of the present state of affairs" because other avenues of communication were closed by Government confiscation and censorship.

The 4,000-word letter at one point said the Church "stands here today—robbed, deprived of the majority of its freedoms and rights, dishonored, soiled, persecuted secretly and openly."

Archbishop Beran made no apparent effort to emerge for Sunday services as he did one week ago, when hecklers drove him from the pulpit of St. Vitus Cathedral with catcalls and shouts. The letter was read in the cathedral today without incident.

The letter bore a postscript urging priests not to let threats keep them from reading it. St. Vitus Cathedral, which had been packed last Sunday for Archbishop Beran's last public appearance, was only half filled today for the celebration of the Sacred Heart. There were no incidents.

The pastoral letter commanded communicants to boycott the "anti-capitalist" Catholic Action Movement of the Communist Government in promoting its rivalry to the Church-sponsored Catholic Action group.

Both Mr. St. Laurent and Mr. Drew are leading a national party to the country for the first time.

Severe Storm In Ontario

BANCROFT, Ont., June 26—(CP)—Settlers and cottage owners spent Sunday repairing the damage left by a severe windstorm which yesterday swept through this lushland section of Western Ontario about 70 miles northwest of Belleville.

An electrical storm, accompanied by high winds and heavy rain, lashed Bancroft village, smashed power lines and uprooted maple and pine trees. No injuries were reported.

At Haliburton, 40 miles west of here, a "twister-type" windstorm tore a 50-foot wide swath through 10 miles of bushland, broke communications lines, flattened two barns, snapped the roof off another and tore the kitchen from a farm home.

"NERVES" She Called It

Losing interest in friends—never went out any more—always tired. "Nerves," she thought—but it was her kidneys—the filter of her blood—that needed attention. She used Dodd's Kidney Pills at once. The improved action of her kidneys helped to clear away blood impurities and excess acids. Fatigue, backache, headache, lack of energy disappeared. Dodd's Kidney Pills contain essential oils and medicinal ingredients that act directly upon the kidneys—and help restore their normal action. 144
