This is the Extra Special in Tea

In view of the advancing market there is no tea offered at its present retail price that can touch MORSE'S STANDARD TEA. It is in the 50-cent class for quality, but you can still buy it in the stores at 40 cents per pound package.

Quarterly Survey By Nova Scotia Bank Shows Business Uptrend

The following quarterly survey of business conditions in Canada is reprinted from the October Monthly Review of the Bank of Nova Scotia:

These pages were written before the dramatic announcement by the German government of its withdrawal from the Disarmament Conference, and from the League of Nations. While this is an event of the very first importance, it would obviously be premature to comment, at present upon its significance.

There is no doubt that during the past few months the condition of business has improved almost all over the world. This is reflected in its most welcome form by the diminshed numbers of unemployed workers in Britain, the United States and elsewhere, and has brought with it renewed confidence in the future.

Canada has felt the beneficial effects of the general revival. A proportion of her own unemployed workers has been absorbed in her mines and her factories, and evidence will be found in the pages that follow of a widespread increase in industrial activity.

Nevertheless, the small size of the grain harvest, and the sharp fall in the prices of grains, are discouraging features of the past two months which cannot be neglected, in an appraisal of the situation by Canadians. There is a great deal of lost ground to be regained before it will be possible again to describe our prospects as "normal." Though there has unquestionably been some recovery, this country's problems still call, and no less insistently than before, for patience and determination.

Just as in the United States, the fortune of the current industrial revival still remains in doubt, so too, on this side of the border (both because the ramifications of our trade with that of the United States are so intimate, and because the volume of domestic business so directly depends upon the changing purchasing power of our farmers,) it is necessary to be cautious in forming a judgment of present possibilities.

Our Index of Employment in Building Construction, which stood at 28.5 last May, and now stands at 37.1, testifies to a measure of revival in the construction industries. Other signs of such revival may be found in this Bank's Indices of Building Permits, and of Construction Contracts awarded. Neither of these series is reproduced in this issue; but in both cases a small yet unmistakeable improvement is visible.

No less important to business recovery than the restoration of the purchasing power of the agricultural community, is the renewal of construction activities on a scale much larger than at present. The limited extent to which, even now, new construction is being undertaken in various parts of Canada, may be seen in the following abstracts of conditions in the principal producing areas of the Dominion.

THE MARITIME PROVINCES

Business conditions in the Maritime Provinces were slightly better during the past quarter than during the previous three months. A substantial improvement, however, depends upon an increase in purchasing power among those dependent upon the three major basic industries—agriculture, lumbering and fishing. The promise of good crops, and an improved demand for lumber from abroad, do much to enhance the prospect of better times in two of htese major industries.

Although rain delayed the harvesting of the grain crops they were, nevertheless, of satisfactory proportions. The quality of hay was generally good in all three Provinces, but the yield may be somewhat below average. A large harvest of good quality potatoes is indicated in the Saint John Valley and Prince Edward Island—the major producing centres. The most encouraging feature of the situation, however, is the increase in potato prices as compare with those of the 1932 and 1931 seasons.

Apples matured under favorable growing conditions. The prospect of an exceptionally large crop of high grade fruit, however, was somewhat diminished by a heavy windstorm on October 8th which blew a large quantity of fruit from the trees. While the rise in the rate of sterling exchange in terms of Canadian funds has improved the competitive position of Nova Scotian apples, the presence of heavy stocks of early ripening fruit in the British market has had a depressing influence upon the price.

The higher rate of sterling exchange is also a factor of great importance to the lumber industry. Sales to the United Kingdom have been substantial, and stocks through out the Maritime Provinces are small. Although costs of operation have increased slightly, the Winter cut will probably be more nearly of normal proportions than for some years. A substantial cut of pulpwood is also anticipated.

Data of much value has been accumulated by the Dominion Cereal Division on the possibility of advantageously growing two or more kinds of grain together in certain parts of Canada.

Could Not Rest For Sore Back

Nova Scotia Lady Got Complete Relief From Dodd's

Mrs. Spears Recommends Dodd's For Sore Back and Bladder Trouble

Sheet Harbor Passage, Oct. 24th—(Special)—"I had a very bad back, could hardly lie in bed especially in the morning," writes Mrs. Gordon Spears, of this place. "There is no knowing what I suffered. I also had bladder trouble and was attended by two different doctors but got little or no relief. I gave Dodd's Kidney Pills a trial and six boxes completely relieved me. The rest of our family also use your Dodd's Kidney Pills."

Even in good health many a wife finds that looking after a home is quite a task. How unfortunate then is the woman whose household duties become a double burden, due to sockness.

Such was the condition that confronted Mrs. Spears. She had the good sense, however, to be guided by the experience of others and took Dodd's Kidney Pills which soon restored her to perfect health.

KITCHEN COAL

Cargo BRAS D'OR lump screened arriving. The nicest kitchen coal on the market; very low priced $7.75 off schooner.

Cars VICTORIA SCREENED arriving daily; it is proving a good all around coal $7.75.

—THURSDAY NIGHT, October 26th as usual, a Big Dance in Richmond Hall. Good order. Orchestra. Refreshments. 2117.

—CORRECTION — In the report of the C. G. I. T. meeting of Trinity United Church, Miss Dorothy Silliphant's name was mentioned as one of the leaders in place of Miss Dorothy Harris.—S.

—GET YOUR FOXES PELTED and ship your furs through The Dominion Fur Sales Ltd. Properly pelted foxes and properly marketed pelts mean many extra dollars which we can make for you. Offices Summerside and Charlottetown. 2057

—WEEKLY WHIST—The regular weekly whist of the C. M. B. A. at Summerside was held on Monday in St. Paul's hall. There were twelve tables in play. The prize winners were Mrs. (Capt.) Eli Arsenault, Mrs. Gabriel Gallant, Mr. Arthur J. Arsenault and Mr. Herman Durant. —S.

—DEATH OF MRS. PHILIP GALLANT—There passed away on Monday evening in the Prince County Hospital, Mrs. Philip F. Gallant, of Summerside. Mrs. Gallant had been ill with erysipelas but was recovering, when she took a relapse and was taken to the hospital on Sunday, but in spite of the best of medical skill and nursing she succumbed to the disease. Mrs. Gallant was the daughter of Mr. and Mrs. Emanuel Arsenault, of Summerside, and besides her husband and four small children, she leaves her parents, five brothers, Harold, Willard, Reginald, Roland and Clifford; and four sisters, Ella, Pauline, Mildred and Ilene, to all of whom sympathy is extended. The funeral is taking place this morning from her late residence to St. Paul's Church and Cemetery. —S.

—WEDDING BELLS — A pretty wedding took place at 8 o'clock on Monday morning in St. John the Baptist Church, Miscouche, when Miss Mary Marguerite Winnifred Perry daughter of Mr. and Mrs. Joseph F. Perry, of St. Nicholas, was united in marriage to Mr. Malcolm Joseph Steele, of Summerside, son of Mr. John Steele. Rev. Martin Monaghan, D.D., celebrated the Nuptial Mass. The Choir was composed of members of the Children of Mary Society with Miss Philomene Gaudet at the organ. Appropriate hymns were sung during the service. The bride was charmingly dressed in a brown ensemble with hat and accessories to match. She was attended by her cousin, Miss Aldena Perry, who wore a blue swagger suit with hat to match. Immediately after the ceremony the bridal party drove to the home of the bride's uncle, Mr. Calixte Perry, of St. Nicholas, where a dainty wedding breakfast was served. At noon one hundred and thirty guests sat down to a sumptuous dinner at the same house, Rev. Martin Monaghan and Rev. Theodore Gallant being among the number. After receiving the congratulations of their friends, Mr. and Mrs. Steele drove to Borden and will spend their honeymoon in Moncton and St. John, N. B. The bride travelled in a smart blue suit. Mr. and Mrs. Perry entertained about forty of the friends of the bride and groom to supper that evening. Previous to her marriage Miss Perry received many lovely gifts of silver, cut glass, dainty china pieces and linen. Mr. and Mrs. Steele will make their future home in Summerside.—S.

::Freedom from Asthma. Asthma is one of the most distressing troubles, sudden in its attacks and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. D. Kellogg's Asthma Remedy is the one help which can be depended upon. If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

—COUNTY COURT — Judge Inman was engaged all day Saturday with the case of Bell vs. Crossman, which was further adjourned to the 15th of Nov. Monday a number of garnishee cases were disposed of and the Court adjourned till Nov. 2nd, when a case is set down for trial. —S.

—OCTOBER CONFESSIONS — The October confessions in St. Paul's Church, Summerside, were heard on Sunday; the priests from the neighbouring parishes assisted. On Monday Masses were said from 5.30 a. m. when almost the whole parish received Holy Communion. Solemn Requiem High Mass was sung at 7.30 by Rev. John A. McDonald, of Grand River, for the repose of the soul of the late Rev. John J. McDonald, parish priest of St. Paul's Church, who passed away two years ago. Rev. Bennett McDonald and Rev. Urban Gillis were Deacons, Rev. G. J. McLellan, D.D., P.P., was Master of Ceremonies.—S.

—SACRED PAGEANT — The Young People's Society of Kensington United Church presented their sacred pageant "The Gift Supreme" on Sunday night, the pastor, Rev. Mr. Loring opened the service with prayer. The Church, which was beautifully decorated with flowers and autumn leaves, was filled to capacity, many friends from neighbouring districts attending. The service was in charge of Mr. David Murphy, who conducted the devotional period; Mrs. John Walker presided at the organ. The choir was composed entirely of the young people. The scenes were taken from the Biblical story of Samuel, who was presented unto the Lord for his service. The principal characters were in Oriental costume. The scenes were all very beautiful and well carried out. This pageant will be presented in North Bedeque United Church next Sunday evening. —S.

ERSONALS

—Miss McLure, of Charlottetown, was a week end visitor to Summerside and sang very acceptably in the Baptist Church at the morning service.—S.

—Mrs. Harry Pridham and her little son, Master Herbert, of Montrose, are visiting in New Glasgow, N. S., the guests of Mrs. Pridham's parents, Mr. and Mrs. Robert Marshall.—S.

—Mr. Anthony Williams, of the Royal Bank at Summerside, is spending his vacation with friends in Knutsford, P. E. I. He plans to visit Halifax, N. S., before returning to his duties.—S.

**Miller's Worm Powders not only make the infantile system untenable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, billiousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

Chicago Wheat Market Slack Prices Rise

CHICAGO, Oct. 23. — (A.P.) — President Roosevelt's address made wheat prices go soaring today reaching a point 10 cents above last week's low, the bottommost point this season.

An outstanding feature of today's trade was notable scarcity of wheat offerings. Aside from the President's announcement of a policy of higher prices for farm products, much notice was also taken of his free gold market plan, which leading experts here construed as likely to accomplish in a gradual manner the same effects as a revaluation of the dollar.

Wheat closed strong, 3⅞-4½ cents above Saturday's finish, corn and oats both 2½-3 cents up, and provisions unchanged to a rise of 25 cents.

Reactions To United States MonetaryPolicy

(Canadian Press)

MONTREAL, Oct. 23—European statesmen, financial editors and economists received the new gold policy of the United States in a generally sympathetic way Monday, but the American dollar was under pressure on the Paris, London and Berlin exchanges.

In London selling pressure caused a depreciation of nearly eight cents, with the close at $4.60⅞ to the pound. On the Paris bourse the dollar opened at 17.90 francs (5.58 cents to the franc) and closed at 17.86 francs (5.59 cents) after touching 17.65 francs (5.60) cents) in a flurry of short selling.

Berlin Exchange

In Berlin the dollar rate was 2.92 marks (34.24 cents to the mark), compared to 2.98 marks (33.55 cents) Saturday.

Comment on these fluctuations and the American plan ranged from statements that a rise of prices would make the payment of fixed charges easier to the remark that a stable currency "will be something new in the history of economics."

Pleased With News

French monetary and economic authorities hailed a more stable American dollar as a result of the project, and spokesmen for six gold bloc nations who fought for stabilized currencies at the World Economic Conference were pleased with Mr. Roosevelt's announcement.

Some saw in it a link with the British equalization fund.

British financial circles received news of the plan calmly and felt that the real test of the project would lie in the steps taken to put it into effect.

"A stable dollar will create a money market in America, and a big one," said the Evening Standard.

League of Nations circles believed the United States would move toward a stabilized currency.

Official Berlin was silent, but newspapers wondered mostly about plans for carrying out the programme.

Financial interests in Basel, Switzerland, said the Federal Reserve System will soon add its membership to the bank for international settlements and added that this membership will be useful when the dollar is stabilized.

The federal reserve was expected by these circles to buy stock held by banks in Chicago and New York and assume membership at the monthly board meetings in which George L. Harrison, Governor of the New York Federal Reserve Bank, and associates would sit.

Emperor Hirohito To Command Manoeuvres

TOKYO, Oct. 23.—(A.P.): Emperor Hirohito departed by special train today to assume personal direction of the army's annual manoeuvres, conducted this year on the shores of the Sea of Japan, the section of the homeland closest to Russia in Asia.

Premer Saito, General Sadao Araki, Minister of War, Admiral Mineo Osumin, Minister of the Navy, and other cabinet members will entrain later for the scene in Fukui prefecture, scheduled for October 24, 25 and 26.

The army has not announced the strategical problems expected to be solved by the manoeuvres, but marked interest has been displayed in the site chosen. Fukui prefecture is nearest on Japanese shores to Vladivostok, and where a Soviet army might "be expected" to attempt a landing in case of a Russo-Japanese war.

It is known that the army plans to test many of the new weapons it is forging in its ambitious arms replenishment plan, aeroplanes, tanks, anti-aircraft defenses and motorized artillery.

Hair Styles Shown

NEW YORK, Oct. 23.—The headdress and hat this winter will have that made-for-each-other look. This is the aim of creative designers and hairdressers in presenting this week a new type of fashion revue at the convention of New York State Hairdressers' and Cosmetologists' Association.

One hat shown was mostly a huge velvet strap, with curls visible on both sides. There was a "widow's peak" shaped hat, of velvet, which came down on the forehead to a decided point almost between the eyes. It was cut high at the sides, making the hat almost a strip from front to back, where it was also pointed. Daytime hats tended toward simplicity in the crown in order not to muss up the hair.

Most of the hair styles shown at the convention have featured the higher hairdress. The locks are waved, combed, or curled up at the back, and curls are banked on top of the head. Or the hair is so parted as to bring it forward on the sides, with curls over, or just behind, the ears. And there were variations of the pompadour, cockscomb, swirl, and of hairdresses suggesting demureness, sophistication, and coquetry.

LONE FISHERMAN MAKES BIG HAUL

ST. JOHN'S, Nfld., Oct. 23—(C.P)—Nathan Rogers has returned to his Braggs Island home after proving one man in a punt is worth three in a motor boat.

Leaving his wife and nine children in July, he went to St. Julens, secured provisions and salt and fished out of that port for three months. He caught, throated, head and split his own fish and salted it. When he left for home he had shipped 45 quintals of dry codfish and sold 1100 pounds of green fish to a local merchant.

Nathan Rogers in his little punt was "high liner" at St. Julien's, having caught more than any three men in the motorboats.

Asked why he returned home so early, he said he knew the woodpile must be depleted and he ought to be there to replenish it.

SURPLUS WITHOUT ANY INCOME TAX

LONDON, Oct. 23. — Sir Akbar Hydari, the Finance Minister for Hyderabad, who has just arrived in London to take part in the white paper deliberation, is described as a man after the British taxpayer's own heart, whom the Chancellor of the Exchequer should have a special interest in greeting. Sir Akbar has been able to show a surplus on the Hyderabad budget for the fourth year in succession without resort to income tax.

Hyderabad has a population of 15,000,000 people, is as large as England and Scotland put together, and has a rate of development in respect of her industries, her railways, and her educational systems second to none in India.

Sir Akbar is responsible for the system whereby the financial years are grouped in threes, this three-year plan enabling the treasury to take a long view of monetary requirements and averting the economy scrambles which characterize the work of department at the end of single financial years.

MT. ALBION W. I.

The regular monthly meeting of the Mt. Albion Women's Institute was held at the home of Mrs. Benj Jenkins on Oct. 2nd with nine members and six visitors present. Meeting opened with Creed. In the absence of the secy and minute book, no minutes of the previous meeting were read. Julia Carver was appointed secy pro tem.

Reports of committees were received: Sick committee reported visiting sick and taking fruit. Correspondence was read and discussed which included a letter from the Clyde River Dramatic Club consenting to present their play at an early date in Mt. Albion hall. It was unanimous that Oct. 17th be date of play. Bills for fruit were presented and paid. On motion meeting adjourned to meet for the next month in hall when roll call will be answered with membership fee. Mrs. Jenkins served a delicious lunch to members and visitors and a very pleasant social hour was enjoyed by all.

PREDICTS ENGINE AT REAR [illegible]

TORONTO, Oct. 23. — The motor car of the future will have three wheels, two at the front and one at the rear. The motor will also be at the rear, Frank S. Spring of Detroit, declared today in discussing transportation of the future before the Canadian section, Society of Automotive Engineers here.

It was not possible to design a perfectly streamlined car with four wheels, he said. Another revolution in design would be the placing of the two front wheels outside the body proper. Cutting down wind resistance depended upon reducing the frontal area of a car and this could not be done if the wheels had to be included in the front width of the body design.

He predicted engineers would soon have a car that could take off and fly.

Mr. Spring flew to Toronto through two snowstorms en route.

They Came Back

"When I was a little boy," sweetly piped the hard-boiled sergeant, "I had a set of wooden soldiers. One day I lost those soldiers, and I cried very much, but my mother said: "Never mind, Jimmy! Some day you will get your wooden soldiers back.' And believe me, you bunch of wooden-headed blockheads, that day has come!"

Minard's Liniment removes stains.

GIRL GUIDE NEWS

GIRL GUIDE CUT .. ..

The First Charlottetown Girl Guide Company was inspected last Monday evening in St. Peters schoolroom by Miss Scarth.

Miss Marjory Roop has been forced by impaired health to give up Guide work for a few months in order to have a complete rest. This is very much regretted by the Guides with whom she is a general favorite. Miss Scarth, of the 2nd Charlottetown Company has kindly offered to take charge of the work in Miss Roop's regrettable absence.

Patrol leaders marked their books at Monday's meeting and Guide law promises, knots, etc., were reviewed. After drill a half-hour was spent in games and a sing song enjoyed by all.

A pennant with the Guide motto "Be Prepared" is to be awarded to the patrol receiving the highest points for a period of two months and each Patrol is earnestly working hard to win the coveted pennant.

(See announcement of Annual Meeting elsewhere in this issue).

Second Charlottetown Company

Last Friday's meeting was one of the best so far this year. There were plenty of exciting games and the Bluebird Patrol had prepared some lively songs for the campfire. During the meeting a disastrous train wreck occurred but the Guides were well prepared and came quickly to the aid of their comrades showing how well they remembered their first aid.

The last Patrol Leaders meeting will be held on Thursday.

Next Friday Miss McMahon will visit the meeting and will take inspection. The Orchid Patrol will have charge of the camp-fire.

PLAN FULLER INQUIRY INTO LINDBERGH CASE

WASHINGTON, Oct. 23. — The wealth of data on known kidnappers, amassed by the investigation division of the Department of Justice since passage of the Federal kidnapping law, today was brought to bear upon the 20-months-old Lindbergh baby kidnapping and murder inquiry. Prompted by recent successes in arresting and prosecuting kidnappers, the justice department will undertake a fuller coordinated investigation of the abduction of the infant son of Colonel Charles A. Lindbergh.
