I. O. F. MEETING—A large and very enthusiastic meeting of the 3 Courts of the I. O. F. took place in the Orange Hall, Dorchester St., on Monday evening, August 17th. A great many applications were read and received and 10 new members were initiated into the mysteries of the I. O. F. A very pleasing feature of the evening was the presentation of a beautiful scroll, emblematic of the Order to Bro. Geo. McLeod for faithful services as Fin. Secy. of Court Wilshire for the past 30 years. Bro. R. H. McNeill, Organizer in charge, explained why the Supreme Court renders these recognitions of faithful service and intimated that some of the members in Courts No. 2, Stephen and Avendale would soon be decorated in the same manner. Bro. McLeod responded with a very neat speech recalling many happy experiences in the past and expressing his confidence in the future of this great Order. Other speakers were J. J. Storey, Dr. McInnis and A. J. Fraser. This Order has been greatly revived and strengthened during the past two months and great hopes are entertained for the future.

WELCOME VISITOR—Mrs. E. M. Dolan of Boston, Mass., is spending the month of August visiting relatives in Prince Edward Island. Mrs. Dolan who is a daughter of the late Mr. Jacob Gouldrup of Tryon, has not been on the Island for over thirty years. She has been making a tour of the province and is surprised and delighted with the prosperity and beauty so much in evidence throughout the country.

CANOEING FROM SUMMERSIDE TO EAST RIVER—Mr. John Pond, Editor of The Pioneer and his thirteen year old son, Stephen, have just performed the wonderful feat of canoeing all the way from Summerside to Apple Tree Wharf. Leaving Summerside at 5 a.m. Sunday, faced by contrary winds, the canoeists experienced rough weather and contrary tide all the way to Pardon which was reached at 11 a.m. After luncheon and a long stretch of the journey was resumed about noon and continued until eleven o'clock at night when a landing was made near Inman's Lobster Factory at DeSable. There the adventurers were hospitably entertained by Mr. Inman, cousin of the proprietor, and at six o'clock on Monday morning started on their last lap, reaching Apple Tree Wharf, East River about three o'clock in the afternoon, having taken twenty-seven hours to cover over 100 miles, mostly in the open sea or at the rate of four miles an hour.

Don't Be Misled

No ordinary "olive and palm" soap does what Palmolive does

OLIVE and palm oils have been for ages the world's supreme cosmetics. Cleopatra used them. Roman beauties used them. Then in castile soap—real castile—they reached enormous fame. But men never knew how to make those oils supremely effective until Palmolive Soap came out.

Consider the result. Palmolive has shown millions the way to better complexions. Fresh, clear skins are so common now that anything else is conspicuous. Palmolive has become, by proved results, the leading toilet soap of the world.

It is made in five countries, to supply the world-wide demand. It is made in France—the home of fine cosmetics—because French women prize it so.

Yet the price is 10 cents—as low as common soaps—with artificial color—often over-fatted—which claim "olive and palm oil" ingredients. Some people are misled into classing such soaps with Palmolive.

Palmolive Soap is a unique creation, based on 60 years of soap study. It brings you olive and palm oil effects in ways never known before. Were that not so, it would never have reached the pinnacle place of today.

There are soaps that fairly compare with it—two that we know. But they cost you 25 cents. Cheap "olive and palm" soaps will sadly disappoint, if you seek for Palmolive results.

Note the *unnatural* "too green" color of Palmolive imitators. What does that suggest? Men don't paint nature to improve it.

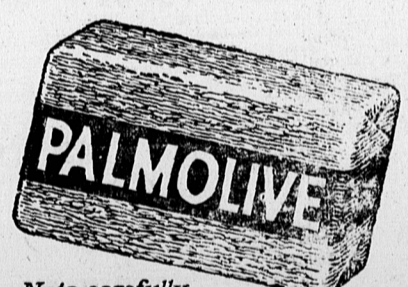

Olive and palm oils—nothing else—give Palmolive its delicate, *natural* color. Olive and palm oils—*no other fats whatsoever*—are used in Palmolive.

No "super-fating," no "super-anything"—the only secret to Palmolive is its blending. And that is judged one of the world's priceless beauty secrets.

If you seek a mere cleanser, ordinary soap will clean. But the Palmolive appeal is to women who seek beauty and skin health. Don't think that such results can come from ordinary "olive and palm" soap.

Probably nothing in all history has done so much for beauty as Palmolive Soap. Nothing else is doing so much today.

Wash, launder, cleanse with any soap you wish. But when beauty is at stake—*take care*. Use Palmolive, nature's formula to "Keep That Schoolgirl Complexion."

Note carefully the name and wrapper. Palmolive is never sold unwrapped.

LETTER OF SYMPATHY
Mr. Seymour Scott,
Dear Sir and Brother:
The members of King William Lodge No. 1156 desire to express their sincere condolence and deep sympathy with you in the recent great loss and bereavement sustained by you in the decease of your honored and highly valued brother, Brenton Scott. We assure you that every member of your Lodge grieves with you your sorrows are also ours and we pray that the Great Grand Master above that may comfort you. Again we would assure you all of our heartfelt sympathy and commend you to the God of all comfort and consolation to the Great Hard-hearted man of sorrows who is acquainted with grief.

But we do not sorrow as those who sorrow without hope. We shall sleep but not forever. There shall be a glorious dawn. We shall meet to part no never. On the resurrection morn.

Signed on behalf of King William Lodge:
Committee—

Good News For Ailing Women

Much has been said for and against proprietary medicines by the medical profession. It will interest every woman to know that in a recent country-wide canvass of over 121,000 purchasers of Lydia E. Pinkham's Vegetable Compound as to the results received from its use the replies received showed that ninety-eight out of every one hundred women had been benefited by its use. Therefore every sick and ailing woman owes it to herself to give this remarkably successful remedy a fair trial.

Maritime Summer School Closed

The Maritime Summer School Monit Allison University Sackville, N. B. closed on Saturday, August 15th. The session has lasted six weeks and has been most successful. During the same period for the training of teachers has been in session, and the students of both schools, one hundred and twenty in all have boarded in the University Residence. In the University school ninety were registered, divided among the Provinces as follows:—
New Brunswick 55
Nova Scotia 28
Prince Edward Island 3
Elsewhere 3
The great majority are teachers. While the most of them came primarily to take University subjects such as Science Mathematics, Latin and French, almost all registered for some course dealing directly with the work of teaching. About forty teachers took courses given by Dr. Amoss in Educational Psychology, General Psychology and Methods in Primary and Kindergarten Work. All claim these courses were helpful beyond expectation.

The following did intensive work with Dr. Trueman discussing the question of the Administration of Public Education.

Karl C. Bishop, Teacher of History, Fredericton, N. B. L. E. A. Fraser, B. Sc. Vice Principal Academy, Windsor, N. S. Carman Wells, Principal of the Superior School, Port Eglis, N. B. R. G. Mowatt, B. A. Prin. High School, St. Stephen, N. B. L. W. Shaw, Inspector of Schools, Georgetown, P. E. I. Basil Silver, Principal of Academics, St. John's, N. S. W. H. Swan, B. A. Principal Chav. C. Grammer School, St. Andrews, N. B. R. G. Warman, B. A., Prince Victoria School, Moncton, N. B. J. L. Wheaton, Principal Bayview School, N. B.

The careful study of educational problems by men prominent in the teaching profession is bound to influence most favorably education in these provinces.

All of the University professors report that remarkably faithful work has been done in their subjects. Those in charge of the Science laboratories and library have scarcely been able to get clear of the students long enough to keep rooms in order.

The following is the copy of a resolution passed by the student body:—
The second session of the Maritime Summer School is drawing to a close. We the students in attendance gathered here for our last social evening together cannot let this occasion pass without expressing in some manner our feelings in this connection.

First we would congratulate our president, Trueman, and members of the Faculty, on the unequalled success of the Mount Allison Summer Session. It is now an established fact, something for which those interested in education in the Maritime Provinces, should be forever grateful to you, Sir, and to those associated with you in this splendid movement.

As we realize in some measure at least, the amount of unselfish effort expended in our behalf during the past weeks, we come to the more personal feeling of deep and sincere gratitude to each and every member of the Faculty, not forgetting our genial hostess, Miss Cameron. Your interest in our work has been a very personal interest. You have given of your best that we might have his privilege which we are enjoying. We trust that in the future you may have cause to feel that the seed sown by your hands is bearing fruit.

We wish you a very pleasant holiday at the close of this session. We assure you that it will be our aim to promote and support the interests of The Maritime Summer School in every way we can and we trust that another year may find many of us now present, together with you again amidst these surroundings which have proved so pleasant and so conducive to study.

Signed in behalf of the student body,
L. W. Shaw, President.
Elsie Waugh, Secretary.
