S. A. McDONALD, Charlottetown.

The only exclusively men's outfitting house on the Island.

PREFONTAINE PASSES OVER THE ROUTES.

(Continued from page 1.)

Charlottetown being centrally located for mails, passengers and freight and the point where most cargoes originate having large pork and meat establishments.

G. E. Hughes in speaking to the resolution delivered a very able address showing the great loss to our Island on account of last winter's service in the steamers not being on one route; also pointing out the difficulties at Cape Termination. In his opinion there could be no

better service than both boats at Charlottetown and Pictou till unsafe to enter Charlottetown harbor; then transferring them to Georgetown. This arrangement suited the whole Island because of our having to export and import more frequently than formerly; and was absolutely necessary that the steamers be not separated. He recommended through freight rates.

Premier Peters followed dwelling especially on the mail service. The changing of the mails should be left with a competent head here to remedy existing grievances. He advocated the same through rates for Georgetown people, should it be adopted. An

There is no keener agony than that which results from the itching, burning, stinging sensations of eczema, salt rheum, tetter and other forms of

Itching Skin Disease.

In despair you feel that you could tear the skin from the flesh if it would only bring you relief and allow you rest and sleep. But in spite of the best efforts of leading physicians these torturing diseases often grow worse instead of better, until they seem to be almost incurable.

It is not claimed that Dr. Chase's Ointment performs miracles, and yet many of the cures brought about by this famous preparation are truly marvellous.

When Baby Millar became a victim of eczema her parents did everything that could be done to get her cured. Three doctors tried every means in their power, but without success, and then all sorts of remedies were used with the vain hope that something would bring relief from the disease that seemed to be burning up the living flesh.

This case, which is certified to by a prominent school teacher and Sunday school superintendent, further confirms the position of Dr. Chase's Ointment as first among all soothing and healing preparations.

Dr. Chase's Ointment is standard the world over, and it is for this reason that when a dealer offers you any other ointment he tries to make a sale by saying it is just as good as Dr. Chase's.

MARY MILLAR.

The record of cures brought about by Dr. Chase's Ointment is unparalleled in the history of medicine, and you cannot afford to experiment with substitutes.

Mrs. Wm. Millar, St. Catharines, Ont., writes: "My daughter Mary, when six months old, contracted eczema, and for three years this disease baffled all treatment. Her case was one of the worst that ever came to my notice, and she suffered what no pen can ever describe. I had her treated by three different doctors, but all to no purpose whatever, and all sorts of balms, soaps and lotions, were tried, with no beneficial results.

Finally I decided to use Dr. Chase's Ointment, and to my surprise she began to improve immediately, and after regular treatment for a time the disease of so long standing completely disappeared. As that was four years ago, and not a symptom of this distressing ailment has ever shown itself since, the cure must certainly be a permanent one. At the time of this cure we were living in Cornwall, Ont., and the doctors there feared that if she was not cured of eczema she would go into a decline."

Mr. J. Macdonald, Jan., Superintendent Christ Church Sunday School, St. Catharines, Ont., writes: "I am acquainted with Mr. and Mrs. Wm. Millar and believe they would not make any statement knowing it to be in any way misleading or untrue."

Dr. Chase's Ointment

Is sold by all dealers at the advertised price of 50 cents a box, or mailed post-paid on receipt of price by Edmondson, Bates & Co., Toronto.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous Receipt Book author, are on every box of his remedies.

"There is a SOMETHING about VIM TEA that is to be found in no other tea," said a Saint John lady to a grocer the other day. She did not know exactly what or how to describe the difference, only there was "something" VIM TEA had that other teas lacked. That something was a little more QUALITY.

OF PERSONAL INTEREST. CONSERVATIVE CAMPAIGN

(Continued from page 1.)

H. A. Powell, Ex M.P. Sackville came to the city last night and will speak this evening.

Frank Bealst, representing The Tryon Woolen Mfg. Co., Ltd., Tryon, was in the City yesterday.

Miss Minnie Robertson, North River, has gone to New York to spend the winter with her aunt Mrs. Capt. Neil Murdoch.

Alexander McInnis of Charlottetown, one of the younger operators of the P.E.I. Railway leaves this morning with his mother and sister for Vancouver where they will reside.

Miss Ethel Thompson and Edward C. McDonald, Marshfield, arrived last night by the Princess from a visit to the former's sister Mrs. A. G. Campbell, Esmeray's River, N.S.

LOOK ON THE BRIGHT SIDE

The sufferer from nervous exhaustion is generally blue and discouraged. He looks on the dark side of things and fears paralysis, locomotor ataxia or insanity. All this is changed by the persistent use of Dr. Chase's Nerve Food, which gradually and naturally rekindles and revitalizes the wasted nerve cells and instils new vigor and energy into the whole system.

Premier he emphasized the necessity of both steamers being on the same route for the whole community.

Mayor Warburton spoke specially on the benefit to the city should boats ply here. If Summerside were found practicable he had nothing to say, but till a proper breakwater it was not. He urged both boats on Charlottetown-Pictou route till unsafe.

M. Paton followed along the same lines and J. J. Hughes would be fairly well satisfied if one to two to Georgetown. He spoke of the difficulty in having no mail special to attend the boat. In his opinion Summerside Cape route was not now feasible but when third steamer, route should be tested.

D. A. McKinnon referred to Summerside people having modified requests. They should leave routes when Captain Bourque dangerous.

Premier Peters then thanked on behalf of the Province, Minister Prefontaine for the visit.

The Minister replied thanking for expression of opinion and stated as far as pressing on particular routes he must think over the matter and decide it himself after consultation with Hon. Mr. Fielding. He was glad for expressions of opinion and spoke of mail service and claims being settled because of loss last year and also said bill in respect of steamers last winter would be paid.

He leaves on Monday at six this morning and will meet the eastern delegation which no doubt will support Charlottetown boats.

public of Canada. By the extension of the Intercolonial to Georgian Bay the people of the Maritime Provinces would secure a control of rats to the west which could not otherwise be secured.

In considering the fiscal policy the speaker asserted that the Liberals had fulfilled their pledge as an old Liberal had said "Free Trade as it is in Maine and Prohibition as it is in England." When the Liberal party came into power in 1896 they had to meet their private professions regarding the tariff on the one hand and their public professions on the other. In 1897 they brought down the preferential tariff with great gusto singing "God Save the Queen" and three years later they were threatening to repeal the same. Since 1896 they have been unable to tell what their policy is in parliament or out; and their only answer is to look at their tariff. Mr. Prefontaine ran his election in Maine as a protectionist and at the same time Mr. Fielding was telling the people of Yarmouth that they were a free trade party and the Conservatives were protectionists. This is their tactics in every part of Canada. The people are entitled to have the Liberal party declare its policy and not be afraid to declare it to all parts of Canada. He outlined the Conservative policy for the development of Canadian industry, such as the great steel works in Sarny and the manufactures of Ontario. He told of the population of Sydney, of Gloucester Bay and of North Sydney, of the P. E. I. vessels discharging produce there and making a great market for our produce. If these people be not driven away to the United States and our market destroyed we must have a policy of adequate protection. Our people are leaving our provinces; we should have a fiscal policy that would prevent this, and this we will have when we have a party in power who will carry out such a policy and who are not afraid to present it to every part of Dominion.

Before he came to power Sir Wilfrid Laurier had declared himself to be as much in favor of preferential trade as Sir Charles Tupper had been himself. When he came into power in 1896 he told England that we did not want her to give a preference. The Conservative party held that the British Isles could be as much strengthened by a mutual preference as Canada herself. This was the policy advocated by Sir Charles Tupper in 1896. The Conservatives were told that England would depart from free trade and almost as the words were spoken a duty was put on food products in which Canada would undoubtedly have had a preference but for the expression of the Canadian Liberals for a one-tided policy. Now Mr. Chamberlain has broken away from his Government and his policy will be on obtain. What would it mean to Canada? It would mean 20% on every farm, a higher value on every animal, and greater prosperity within every part of the Empire.

In concluding Dr. Borden referred to his trips both east and west in the broad Dominion and the bright prospects in all parts of Canada. In the West the Conservatives are sweeping the country. In Ontario victory has twice been snatched from Mr. Whitney by methods too shameful to mention. In the East the prospects are equally bright and this portion of the Dominion will do her part in the contest that will soon be upon us. A. O. Bell, M. P. of Pictou followed. In opening he referred to winter steam communication with the mainland which should be continuously maintained and the telegraph grievance which would be remedied when Mr. Borden got into power. The great question on which parties have been elected and defeated since 1878 is the fiscal policy of the country. In the coming contest we have Dr. Borden on record in favor of increased protection for Canadian industries. On the other hand we have a party without a policy, or a different one according to the section in which they were speaking. He showed that the success and welfare of the national industries which were the life of the country, depended upon an adequate protection. We must maintain the policy of 1878 and it is not to the Liberal party that he, we must look to have such a policy carried into effect. There are many reasons why the present Government should be defeated. There are the broken promises, the expenditure has been doubled, the government are not the custodians of the people, but instead their only object is to remain in power. He told of the East line which he said should have been inaugurated seven years ago. He dealt with the roads to national greatness such as the development of Newfoundland and the increase of trade with the West Indies, all of which were being neglected by the present Government. The signs of fear being shown in bringing along an election two years before it is due must be gratifying to Dr. Borden and his followers. The Leader had travelled from east to west making an appeal as a national leader for the common national good. In doing this he was simply telling the same story as Sir John and other great leaders had told before. His policy is the same as the old leaders have been and it is one which is in line with Chamberlain who is fighting our battles in England. We by the sea, have been greatly honored by the election of Dr. Borden as leader and at next election should send him a solid support to Ottawa in the coming election. Short speeches followed by John McLean, Edward Hackett, John A. Mathieson, Senator Ferguson and A. W. Harris after which the meeting broke up with cheers.

THE CAPITAL OF THE WEST

This case of Clark vs. McMurdo, is now before the judge in the Supreme Court.

This is the last night that the Jerry from Kerry Co., will play in Market Hall. And the last night is likely to be the best. Get your seats early at Gourdie's and avoid the rush at the door.

December Magazines are arriving daily at Carter's Bookstore. We carry the largest line of English, American and Canadian Magazines (all the best ones) in the city. Latest Newspapers also.

A December snap in Men's Underwear. Men's fine quality fleeced lined underwear at 90c a suit. Extra quality, double breast and double back liners, with drawers to match, sizes up to 44 inches at \$1.00 a suit. -McGowan & Wright.

The Jerry from Kerry shows in the Market Hall are giving the people more amusement than any company that has ever played here. On Monday night the hall was filled and there was continuous laughter from start to finish. Last night again there was another large and highly pleased audience. The Paton and Perry Co., when they first visited here, last spring, impressed the people with the fact that each member of the company is an artist, and any one alone can entertain an audience for a whole evening. These impressions have not weakened; and the company should they continue their visits here, shall doubtless be known here after as the old favorites, and shall always be sure of a big house.

Are removed without pain in 24 hours by Paton's Painless Corn and Wart Extractor. Insist on your druggist supplying only Paton's, for it's the best and safest.

SEEING IS BELIEVING.

You can see them. Where? On Paton's front counter where they will remain till sold.

What? 10 pieces of 50 inch dress tweeds we have reduced from 60c a yard to 45c a yd.

This is a partial description:

- 1 piece heather mixed green and brown.
- 1 " mixed brown and grey.
- 1 " light and dark grey combination.
- 1 piece dark grey and brown mixed.
- 1 " brown herring bone effect.
- 1 " dark gray " " "
- 1 " light " " " "
- 1 " raw " " " "
- 1 " blue and green heather mixed herring bone effect.
- 1 piece green and brown heather mixed herring bone effect.

Remember, all this season's goods, and 50 inches wide. Come quick. JAS. PATON & Co.

WALK OVER SHOE

This is the sign of the WALK OVER SHOE. It stands for best quality stock, heavy workmanship and latest fashion in footwear. We never style to fit your foot.

Price \$4.50 and \$5.00. MORRIS & SMITH, Sole Agents for Charlottetown.

A Storeful of Christmas Treasure

The true Christmas treasure is the gift that does not just simply give pleasure for a day or a week, but possesses, instead, the capacity for giving permanent enjoyment.
