BUSY WATERFRONT—The Charlottetown waterfront presented an appearance of great activity yesterday, a number of vessels, both large and small, arriving from different ports. Most important among the arrivals is the H. M. S. Calcutta, which is anchored in the stream. Two large four-masted, both bringing cargoes of anthracite coal from the States are also in port. The Hope Shewood is now unloading its cargo of 850 tons at Bruce Stewart's wharf. The vessel, which is registered at Miami, Florida, and the Theoline, the other four masted, will remain here for four or five days.

TOO LONG

A ton of Nova Scotian steel delivered in Central Canada represents about four tons of Nova Scotia coal used in the smelting of ore, in generating power to operate the mills and to furnish fuel for the ships transporting ore to the works and the railways employed to carry the finished steel to its destination, according to the Natural Resources Intelligence Service of the Department of the Interior at Ottawa.

INSIDIOUS EYE STRAIN

We use this adjective advisedly.

Sufferers from Eye-strain may have perfect vision and therefore do not suspect the presence of any eye defect. The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eye-strain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy, may seriously affect the functioning of other organs of the body, and produce ill health.

FOUND BEFORE LOST

Latest golf story comes from Scotland, where the following notice is reputed to adorn a well-known course: "Members are requested to refrain from picking up lost balls until they have stopped rolling."

Following the program came the reading of an address to the teachers, Mr. C. A. Horton, and the presentation of a pair of solid gold cuff links with Mr. Horton's initials engraved thereon, and a small purse. The address was read by Miss Anna Stevenson, and the presentation was made by Miss Lyoretta Brown. The following is the address: Dear Teacher—It is with feelings of deepest regret that we, your pupils of New Glasgow school hear of your intention of leaving us at the end of the school year, and we feel that we cannot permit this opportunity to pass without expressing to you our heartfelt sorrow at parting with you, and how grateful we are to you for all you have done for us. In the twelve months you have spent with us as our instructor you have striven earnestly and faithfully to do your duty to us. Nothing has been left undone which could be done for our advancement. You have been patient, fellow, teacher and friend in every true sense of the word. The year has been one of the happiest and most profitable in our school-life and we feel very keenly the loss we are sustaining in your departure. Never was farewell said to teacher with deeper feelings of regret and sorrow and the assurance may be yours that none will be more sincerely glad to hear of your continued welfare and success than we your pupils of the New Glasgow school. In your next sphere of action, may your work be crowned with as assured and as deserved success as it has been here. And now, dear teacher, we would ask you to accept the accompanying gifts in token of our affection and appreciation of your efforts in our behalf, and may these links ever remind you of that deeper link which binds you to us. Signed on behalf of the pupils.

To the address and presentation Mr. Horton made a very fitting reply. He thanked the people for this and the many other expressions of their kindness to him. He had enjoyed the year in New Glasgow and regretted that it would not be possible to remain another year. Short addresses were then made by Messrs. Geo. Brown, Cyrus Smith, J. Brenton Dickenson, Mrs. P. L. Campbell and Mr. H. A. R. McCoubrey. All spoke in the highest terms of the splendid work done by Mr. Horton, and all regretted that he was not able to remain with them another year. Both pupils and visitors were then treated to ice-cream supplied by the teacher.

The singing of "For He's a Jolly Good Fellow," followed by the National Anthem, brought the afternoon's exercises to a close. (Patriot please copy.)

Bon Ami

Made in Canada

— makes white shoes like new!

"At last, we've found the way to make Daddy's white shoes really clean!"

Here again—as for so many other things around the house—Bon Ami is just the thing! There's nothing else like it for cleaning white shoes—all kinds except kid. Bon Ami removes all dirt and stains—doesn't hide the blemishes under a chalky paste.

Apply the Bon Ami with a well moistened brush. Let it dry—then dust off with a dry cloth and the task is done—quickly and easily. The shoes are as spotless as new!

When the original whiteness has worn off, always clean your shoes first with Bon Ami before applying a whitener.

And remember—Bon Ami comes in both Powder and Cake forms, with dozens of uses about the house. Don't ever be without these helpful "partners in cleanliness."
