FINANCE

By Frederick Gardner
 Associated Press Financial Writer

NEW YORK, Sept. 29.—(AP)—After four successive losing sessions, the stock market Saturday finished the week reaching for recovery.
 The Associated Press average of 60 issues was up 2 of a point at 44.3, but on the week showed a net decline of 1. Transfers totalled 204,080 shares compared with 256,880 last Saturday.

Prominent gamblers in the junior division were U.S. Steel, Bethlehem, Chrysler, General Motors, American Smelting, United Aircraft, N.Y. Central, Great Northern, American Shipbuilding, McKesson & Robbins, N.Y. Shipbuilding, and White Motors.
 Among Canadian issues, International Nickel and Dome Mines improved fractions. Canada 4s, in the bond market, dipped 1-8 point. German bonds again rose slightly, partially while Japanese and Australian loans suffered further setbacks. Domestic Corporate issues were mixed.

Commodities steadied. Wheat at Chicago was up 1-8 to 2 3-8 cents a bushel and corn was unchanged to ahead 1-8. Cotton advanced 2 1/2 to 50 cents a bale.
 NEW YORK, Sept. 29.—(CP)—The Canadian dollar held unchanged at a discount of 13 cents on the foreign exchange market Saturday. (Ottawa foreign exchange control board rate, 60.2 per cent discount.) The pound sterling at \$1.03 1-2 also was unchanged from Friday's close.
 The Hong Kong and Shanghai dollar improved moderately.
 The free Argentine peso rounded out a week of erratic fluctuations with a dip of 1-20 cent to 23.20 cents.
 The South American unit was disturbed previously by a temporary ban, later relaxed on the supply of dollar exchange to Argentine importers.

Tell Story Behind Sale of Coal Cargoes

OTTAWA, Sept. 28.—(CP)—How the wartime prices and trade board successfully disposed of nearly \$1,000,000 worth of British soft coal and coke suddenly dumped upon the Canadian market when France capitulated was described in a "now it can be told story" released today by the board.
 A great fleet of grimy coal carriers scurried across the Atlantic, unconvoyed and most of them unprovisioned for an ocean voyage, to prevent their cargoes falling into enemy hands.
 Carried across the Atlantic in a fleet of about 30 vessels ranging from small coastal colliers to huge freighters, the coal was originally diverted when that country asked the Germans for an armistice.
 When Germany first struck down into France and took over the principal large mining areas, British coal had to be shipped over in large quantities to help French industries.
 At the moment France asked for an armistice there were 35 boat loads of British coal and coke either en route to France or actually unloading at French ports. They were ordered to proceed full steam to Canada.
 Coal administrator J. Meg Stewart and his technical adviser, F. G. Neate, were both in Halifax at the time and they took charge.
 There were some 40 different varieties of bituminous coal, some of a type not used heretofore in Canada, and it was impossible to know what variety would be in each cargo.
 "However, we received most hearty cooperation from the trade," Mr. Stewart was quoted in the board's statement. This cooperation had to do with use of dock and unloading facilities and with regard to "willingness to pay reasonable and even generous prices for these grades

TORONTO, Sept. 29.—(CP)—In a dull market on the Toronto stock exchange Saturday, price ranges were mostly irregular.
 Volume was slow at 82,000 shares compared with 82,000 the previous day.
 Kerr Addison and Sylvanite were among the later gainers and at the close Kerr was ahead 4 and Sylvanite was up 2 cents. Wright Hargreaves and San Antonio both finished the session 5 cents up and Preston gained 3. Pamour, O'Brien and Nipissing eased 5 cents each as did Trek Hughes among the losers.
 Among cheaper issues Abitibi common gained 5 cents and Canadian Marconi eased the same amount. McColl preferred slipped 1-2 points and Dominion Bank fractions. Other changes were fractions with Fanny Farmer and Laura Secord advancing.
 Texas Canadian was about the only western oil issue to show better. Basic Metals was quiet. Chromium and Steep Rock lost 1-2 and 1-4 cents, respectively, and Noranda advanced a fraction.

New Cost of Living Index Is Inaugurated

OTTAWA, Sept. 28.—(CP)—A new cost of living index for Canada was inaugurated today by the Dominion Bureau of Statistics.
 Long urged by labor organizations and social workers, the new index has been worked out by the Bureau after consultation with the Federal Department of Labor and the wartime prices and trade board. Complaints against the former index were that it was based on two factors and did not indicate fully the fluctuations in living costs.
 The new index is based on living costs in the five years, 1935-39, replacing Labor Department index which took 1913 levels as 100 and the Bureau's own former index with 1925 as 100.
 It will reflect changes in the cost of a fixed budget covering retail prices of commodities, services and shelter costs based on the experience of 1,439 urban wage-earner families in the year ended Sept. 30, 1938. These families, all self-supporting, had family earnings of \$450 to \$2,500, each family averaging 4.6 persons.
 Since the outbreak of war, the cost of living has increased roughly five per cent due to general increases affecting all the principal family budget groups. The fuel index has increased 9.5 per cent; clothing, nine per cent; food, 6.1; home furnishings, 5.9 per cent; rent, three; and sundries 1.7.
 According to the new index, the cost of living has increased between August, 1939, and August, 1940, while the old index shows an increase in the same period of 4.5 from January, 1935, to August, 1940. The new index advanced 10.8 per cent, the old index 10.3.

In the Canadian market, By July 20, of these vessels had discharged their cargoes at eastern Canada ports and in Newfoundland, six others were unloading and five others were on their way to unloading points from control stations.
 One ship went through the Panama Canal and unloaded at San Francisco and Seattle, and all but one of the original fleet has been accounted for, the statement said.

MONTREAL, Sept. 29.—(CP)—A few upward adjustments gave the stock market a slightly better appearance at the close of a quiet two-hour session Saturday.
 Price Brothers showed an advance of 1-4 while Dryden remained stationary.
 Noranda and Nickel dropped 1-2 point although Hollinger held steady.
 Canadian Car gained the minimum amount but the preferred issue retreated 1-2. C.P.R. and Desco piloted even courses.
 Brazilian, Montreal Power and Shawinigan showed no change although an odd lot of Bell Telephone sold off 1-2.
 Steel of Canada showed an advance of 1-2 points while upward adjustments of two points each were sported by International Bronze preferred and National Breweries preferred. Saguenay Power preferred tacked on eight points.
 Total sales: 7,500 shares; Industrials, 2,600; Mines 4,900; Bonds, \$650.

Canadian Tars Break Out White Ensign on Destroyers From U.S.

max of a great popular movement begun months ago in the United States is this scene at a Canadian east coast port. For the inspiration behind the plan to turn over 50 of Uncle Sam's destroyers to Britain in the present emergency came not so much from the government as from the people themselves—in the democratic way. Six of the ships from across the border were assigned to the Royal Canadian Navy, and here sailors of the R.C.N. break out white ensigns over the former U.S. ships.

GRAIN

WINNIPEG, Sept. 29.—(CP)—Strong prices at Chicago brought buyers into the wheat pit on Winnipeg grain exchange today and wheat futures prices continued their climb to new peaks. Closing quotations were 1 1/4-3/8 higher, with October at 71 1-2, December 73 1-4 and May 77 1-2 cents a bushel.
 Bushel wheat closed 1-8 to 3-8 cent lower.
 A fair amount of trade in no. 1 northern was done in the cash wheat market today and there was a good demand for no. 2 northern and lower grades.
 Trade in the coarse grain pit reflected the strong tone of the wheat pit.

Officers Named To Atlantic Command

OTTAWA, Sept. 28.—(CP)—Appointment of five officers to headquarters of the Atlantic Command, Canadian Active Service Force, Canadian Army, was announced tonight by the National Defence Department.
 Capt. I. E. Berner of Headquarters Staff, Military District No. 3, Kingston, is named as General Staff officer, 2nd grade, with promotion to rank of Major, and will be connected with operations in the new command.
 Capt. W. C. Merston, M.C., D.C., M. General Staff officer, 3rd grade, from Military District No. 11, Victoria, is appointed General Staff officer, 2nd grade (intelligence) with rank of Major.
 Lieut. A. B. L. Pines from No. 7 District Depot, (New Brunswick), will be General Staff officer grade 3 (anti-gas). Major W. B. Durdward, C., of the 41st Field Battery, 25th (Norfolk) Field Brigade, will be Staff Officer (Artillery) and Lieut. W. P. Hadley from No. 3 Depot, Ottawa, will be Cypher Officer (2nd class).

Hitler's Latest Action Recalls 1917 Moves

NEW YORK, Sept. 28.—(CP)—Hitler's action in bringing Japan into an alliance with the Rome-Berlin Axis, with its implied threat to the United States to stay out of the war, recalls the notorious Zimmerman note of 22 years ago, one of the factors in a sequence that brought the United States into the first conflict against Germany.
 Newspaper readers on the morning of March 1, 1917, were amazed to read:
 "Washington, D. C., Feb. 28.—The Associated Press is enabled to reveal that Germany is planning unrestricted submarine warfare and counting its consequences, proposed an alliance with Mexico and Japan to make war on the United States, if this country should not remain neutral."
 Mexico, for her reward, was to get general financial support from Germany, and to be given Texas, New Mexico and Arizona. Japan, through Mexican mediation, was to be urged to join in the attack on the United States.
 The plan was embodied in a secret coded note sent by Dr. Arthur Zimmerman, the Kaiser's Foreign Secretary, to Count Von Bernstorff, Ambassador to Washington, for relay to Von Eckardt, German minister to Mexico. The message was dated Jan. 19, and confidentially stated Germany's intention to resume unrestricted submarine warfare 12 days later, regardless of President Wilson's peace moves.
 The story was released through the Associated Press by Robert Lansing, Secretary of State, but at that time the State Department could not be named as the source. On the demand of the Senate, however, President Wilson vouch-

Jellicoe Loses Hotels and Homes

Fire which broke out in the Allen hotel at Jellicoe, Ont., quickly spread to the nearby Koski hotel. Flames leaped to smaller buildings set fire to several homes, before a railway tank car was used in action to fight the flames. A strong northwest wind sent flames leaping 60 feet in the air. Priests comforted children crying when they saw their homes destroyed.

A new sub-machine-gun which, its inventor says, may revolutionize army warfare has been offered "for what it is worth" to the Canadian army by a New York designer who, for the present, wishes to remain anonymous. This gun, with slow and fast burst adjustments, "is the only one in the world of its kind," according to the designer, can fire single shots as a single automatic type, or as a full automatic fire 200 to 700 rounds per minute. "The recoil from this gun," said the designer, "is so slight that even a woman could fire it." It is approximately 37 inches in length and is so compact that it would be ideal for raiding parties, patrol parties, motorcycle and bicycle squads, and its weight is but 8 1-2 pounds, he said.

Stand To Your Jobs, Workers Told

LONDON, Sept. 28.—(Saturday)—(CP) Cable—Herbert Morrison, Minister of Supply and leader of the great civilian army of factory workers who keep Britain's war machine supplied, issued an order of the day today to his men urging them to "stand to your jobs" during the air raids.
 "Victory will crown your efforts," he said.
 "Alone among the troops of our civilian army you can do more than suffer and endure in grim patience. You can hit back," he told the workers, "and you must keep working now during the raids until the danger is imminent."
 "You're the men and women of whom history stands for great hands are forging the weapons of victory. If his armies could slow down and paralyze your work, they would have won this great battle."
