## ENJOYABLE RECITAL

Miss Flanche Smallwood gave a musical treat in the form of a recital in the Hearst Memorial Hall on Saturday afternoon at 2 o'clock. The recital was well attended by the friends and relatives of the pupils notwithstanding the fact that the day and the hour was unfavorable for a large attendance. The many pupils who took part in the recital showed great proficiency, their work reflecting much credit upon the ability of their painstaking teacher.

DUNHOLM 2.16 1-4 will make the season at the owners stable 114 Kent St., Charlottetown and the following route leaving Charlottetown for Eldon via Pownal and Cherry Valley, stopping at Dingwell Jenks, May 27, thence to Eldon, Monday night, Tuesday Point Prim, stopping at D. ## Commodore Ledyard No. 34709

ENROLLMENT No. 11  
Will make the season 1918 at the owner's stable Montague, Terms:—Five dollars a time of first service and ten dollars additional when mare proves in foal. Commodore Ledyard foaled in 1901 was sired by Admiral Dewey the son of Bingen and Nancy Hanks. Commodore's dam was Lady Etheye by Jackdaw. Hence, it will be seen that no horse stands higher in point of breeding. As a sire, he stands without peer in the Maritime Provinces. In fact he has produced more race horses than all the other stallions confined standing for service today on P. E. Island. He is the sire of Bob Mack, 2:13 1/4, Hilda S., 2:16, Orwell Belle, 2:19, Iona Girl 2:17 1/2, Roxlight 2:17 1/4, and 19 others in the 2:30 list, besides a host of others that have trotted in better time than standard time but were unsuccessful in having their time suppressed. Commodore is now 17 years old and was never in such good condition as at the present time. He is at the age at which all great sires have transmitted their greatest number of trotters, as it is an unquestionable fact that our greatest sires beget more speed between 15 years and 22 years than they do before that age. Anyone owning a likely mare that wishes to get a colt with speed or a superb driver will run less risk of failure by breeding to Commodore than in using those unproved sires that owe their reputation to their owner's ability as boosters.

## Islander Preaches Farewell Sermon

The following reference from an Ithaca, Mich., exchange will be of interest here as Rev. Mr. Vatcher received his early training in Charlottetown schools and still has many friends here. He later graduated from the Rochester Seminary, New York, and is making a successful career for himself.

Rev. J. H. Vatcher delivered his farewell sermon at the Baptist church last Sunday evening to a crowded house; the Presbyterian and M. E. Churches uniting in the service to do him honor. The Scripture lesson was read by Rev. Beebe and the invocation offered by Rev. Wm. Roberts. Rev. and Mrs. Vatcher, followed with a beautiful duet: "Shadows in the Valley but Sunshine on the Hill."

Mr. Vatcher's discourse, which was "Retrospect and Prospect" was masterful, and delivered in his customary unassuming but forceful manner. After reciting some of his ambitious hopes and disappointments experienced since coming here and unfolding his perspective for future work he paid high tribute to the churches and community of Ithaca as a whole and especially the high standards of our business men with regrets at leaving the many warm friends he had made here.

A very pleasant reception was held at the church for Mr. and Mrs. Vatcher Monday evening, a short program being conducted by J. W. Myers.

The Misses Nola Morse and Elsie Barden played a pretty piano duet and Miss Jewel and Miss Salisbury sang a beautiful vocal selection both of which received hearty encores. Short addresses followed by Rev. Roberts in a happy vein and by Mrs. Sara L. Brown and Deacon Myers who told of the high esteem, love and pride of the church for its pastor and his estimable wife and the assurance that his prayers would follow him. Little Christina Kerne gave a recitation in closing which brought a round of applause after which Pastor Vatcher was called to the front by J. W. Myers and presented with a purse containing a parting token of esteem to which he responded in a fitting manner.

Light refreshments were served and a social season followed. The tender and touching goodbyes of the many friends present was full proof of how dear Mr. and Mrs. Vatcher have become to us during their stay of nearly two years. They are especially capable in many ways, not omitting their musical talent; are delightful Christian people, with an earnest purpose whose influence will not end with their going, and while feeling a great sense of loss we congratulate the Baptist church at the Soo in securing a preacher with a future, possessing a wife capable and efficient in any department of church work and as willing as capable.

We bid them Godspeed.

## FOOD TRAINS BEING LOOTED IN AUSTRIA

MILAN, June 5.—News is received here from Zurich that trainloads of food are continually looted in Austria. One train of a hundred trucks—destined to relieve Vienna, reached the capital with only four trucks. The Arbeiter Zeitung says: "The number of prisoners who don't live until their trial, is continually growing. Of the great motley among prisoners the reasons are known. They die hungry."

## War Garden Bulletin

Practical Daily Guide for Vacant Lot and Backyard Gardeners Enlisted in Greater Production Campaign

Issued by the Canada Food Board in collaboration with experts on the staff of the Dominion Experimental Farm  
**CELERY TRENCHES**

Now that the potatoes are safely in the ground the next move to be considered is the preparation of the celery trenches. A good many amateur gardeners shy at this vegetable, thinking it too troublesome to handle but those who go in for it usually find that their labor has been well repaid before the season is out. To prepare the trenches, set a line the length desired. Mark along this line with a spade and move the line 15 inches. Mark this also. Dig out the space between the lines to a depth of nine inches, piling the soil on either side of the trench. If more than one row is required, the space between should be utilized for the growing of lettuce, cauliflower, radishes or other early crops that it will be possible to clear off before the celery is ready for earthing. Put some manure in the trenches and dig in. The celery trenches should be left for some days before the plants are put in. The day before planting they should be flooded with water. A very important factor in the successful culture of this popular vegetable is a plentiful supply of water. In its wild state the celery is a bog plant and it is, therefore, naturally a water lover.

## IN MEMORIAM

MR. NEIL McLEAN

The death of Mr. Neil McLean, Caledonia West, took place on May 8th, aged 78 years. Mr. McLean had only been sick ten days. Though he was quite sick from the first, his friends did not feel alarmed until the day before he died. Medical aid was sought as soon as he got sick, but could not prevent death. Mr. McLean possessed a quiet, kind disposition, a friend of all who loved the good. He spoke ill of none, neither did he try to injure any by word or deed. In his death the community lost a respectable citizen.

The deceased was a faithful and devoted member of Caledonia Presbyterian church. It was while preparing to go to church on Sabbath morning that he took sick. He died with the full assurance that death was to bring him to his eternal rest. He left to mourn the following children, Murdoch in New Westminster, B. C., Mrs. Malcolm McRae, and Flora, a trained nurse, in Vancouver, B.C., Mrs. Geo. L. Sharpe, in Hathorne, Mass., Mrs. Alex. McLeod, Culloden, P.E.I., Mrs. Charles Mear, Lewis, and Neil on the homestead. His wife predeceased him four years ago. He also left one brother, Murdoch, of Wood Lake and two sisters, Miss McLean and Mrs. Munro, Lewis, and Mrs. Bradburn and Mrs. McLean, Boston, Mass. The funeral services were conducted by his pastor, Rev. M. D. McLeod. Interment in Caledonia cemetery. (Patriot please copy.)

## GUNNER ARTHUR CRASWELL

The many friends of the late Gunner Arthur Craswell, son of Mr. and Mrs. Ethan Craswell, Hunter River, were saddened to hear of his sudden death of heart failure, which occurred at Halifax, on May 25th. He was only 20 years of age. A young man of bright and cheerful disposition, he endeared himself to all.

Some time ago he joined the P. E. I. Heavy Battery in Halifax, but not being satisfied he offered himself for overseas, to fight for his King and country. And not being fit for overseas he was then content to do his duty at Halifax. His body arrived at Hunter River on Monday, accompanied by Sgt. G. W. Williams, and the funeral took place on Wednesday, 29th, and was very largely attended. A short service was held at the home, and the remains were then taken to the church at Hunter River. Both services were conducted by his pastor, the Rev. Mr. Leard, of whose church he was a member, and the Rev. Mr. Sellars, a former pastor of Hunter River. The pall bearers were Sgt. G. W. Williams, G. Arnold McKay, Pr. Christopher Orr, Gordon Bagnall, Wilfred Andrews and James Andrews.

There are left to mourn a sorrowful father and mother, one brother, Lemuel, and one sister, Beatrice, both at home, besides a large circle of relatives and friends. The following floral tributes were sent to show a last feeling of respect to the deceased, viz., wreath, officers and N. C. O.'s, wreath, Mr. and Mrs. T. Craswell, Carigan; bouquet, Mrs. McCormack, St. Eleanor's, an aunt of the deceased. The remains were laid to rest in Hunter River cemetery.

He gave his life for his country, and he now lies beneath the sod. Away from this world of sorrow, To dwell forever with God.  
June 6, 1918. (Patriot please copy.)

**YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS**

You simply say to the drug store man, "Give me a quarter of an ounce of freezeone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.  
A few drops of this new ether compound applied directly upon a tender aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.  
This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezeone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.  
Don't let father die of infection or lockjaw from whitening at his corns, but clip this out and make him try it.

# Woman's Outlook on Canada's Future

THE splendid spirit and patriotic endeavour of Canadian women has been one of the outstanding features in Canada's war effort. They have unsparingly given of their time and energy in the interest of the Red Cross and innumerable other activities which have come as a result of the war. Thousands of Canadian women have been anxious to devote part, if not all of their time, in directions where their work would prove of advantage. Registration will be the means of bringing to these women the opportunity they have desired.

The purpose of registration is to learn the exact capabilities of Canadian men and women, and the information gained through registration will make it possible for Canada to direct effort from less essential to more essential occupations and to widen the scope of woman's usefulness.

## Every Woman

On June 22nd, every woman of sixteen years and over must attend at one of the places provided for registration between the hours of 7 a.m. and 10 p.m. and there truthfully answer all questions set forth upon the registration card. Failure to register means heavy penalties—as Registration is law.

## Volunteer Workers Needed

The registering of 5,000,000 people in one day is a stupendous task, and voluntary helpers are urgently needed. Individuals, women's societies, clubs, fraternal societies, church organizations and municipal organizations are asked to help. The Board appeals with confidence to the patriotism of every Canadian woman and to the pride which every locality must take in doing its own work well, to furnish the necessary number of volunteer deputies and assistants. Those willing to offer their services should apply to the Registrar in their district.
