Dorothy Dix's Letter Box

When a Wife Has a Happy Home it is Better to Hold Onto it Than to Leave it and go Into Some Business Venture

Dear Dorothy Dix—At 32 I have a wonderful husband and an 11-year-old daughter. After years of financial struggle and misunderstanding...

For what means you and your husband have arrived at your happy adjustment and understanding it is not to know, but I do know that you will make the mistake of your life if you tamper with it...

But it can only be done by a woman who has given all there is in her to it and not by one who spends her days in an office while her children...

Try to see your husband's point of view about not wanting to exchange a full-time wife for a part-time wife...

Dear Miss Dix—My girl won't marry me because she says we are both too young. I am desperately in love with her...

Apparently your girl has a lot more sense than you have in addition to possessing all the good qualities which you enumerate...

Your girl is trying to give you a chance at making your marriage a success by making you wait until you are grown up and your emotions...

Dear Miss Dix—Is there such an animal left in the world as a LADY? I haven't seen one for years. Have they become extinct...

One present offered a short prayer, and Mrs. Johns never missed the opportunity to pray...

What, don't you know? I'm always happy now since mom's been serving NESTLE'S MILK
