MAGNIFICENT CAPITOL OF NEW YORK STATE A PREY TO FLAMES

ALBANY, N. Y., March 29—Fire swept, smoke strewed, and water drenched New York State's magnificent \$27,000,000 capitol stands this morning a partial wreck by flames that started in the assembly library, burned away the entire west wing and did damage estimated at between \$8,000,000 and \$10,000,000 before the flames were declared under control at seven o'clock, after raging more than four hours.

It is believed that the fire was started by a fused electric push button becoming electrified. The fire was discovered by a night watchman and the alarm was sounded at 2:40 o'clock. Before the firemen reported the massive structure, with priceless documents, books and records stored in the assembly library, had been destroyed and other departments were being threatened.

THE COMPANY VIOLATED LAW

GLACE BAY, March 29—The report of the board of conciliation into the dispute between the miners and the North Atlantic Collieries company was received here today from Ottawa. The report claims that the company has violated certain claims of the Industrial Disputes act in so far as they made a reduction in the rates of wages paid the miners without first notifying the board. A number of other matters are dealt with by the board, which recommends that the department that permission be granted for a further inquiry.

"ABIDE WITH ME"

(By Margaret H. Barnett.) The author of the hymn, "Abide With Me," was Rev. Henry Francis Lyte, minister of the Church of England. It was written but a short time before his death, which occurred in 1847, at Nice, to which place he had gone in the hope that the climate might benefit his health. Within two months of his death, knowing that he was suffering from a fatal malady, and realizing that the end was near, he wrote a poem, which is in reality a prayer, part of which is as follows: "I want not vulgar fame— I seek not to survive in brass or stone; Hearts may not kindly when they hear my name, Nor tears my value own."

LARGE INCREASE IN THE CUSTOMS

Thirteen Millions of an Increase Over the Previous Year.

Special to The Guardian. OTTAWA, March 31—The customs revenue of the Dominion for the fiscal year ending today will, when all the returns are in, show an increase of over thirteen millions as compared with the preceding year. The returns up to noon show total receipts of \$72,343,866, an increase of \$12,280,939.

KILLED BY FALL

Special to The Guardian. GLACE BAY, March 31—The body of Miss Birdie Harrington, who was reported missing since March 3rd, was found lying on the shore at New Aberdeen.

It is thought she fell over while on her way to church which is quite near. There is a drop of about 25 or 30 feet to the shore from the edge of the cliff and the girl was probably killed instantly.

WILL DRAIN LAKE OF 50,000 ACRES

RALEIGH, N. C., March 28—There was a conference here yesterday between Boston capitalists who bought from the State the bed of Lake Mattamuskeet, covering 50,000 acres, and control as much more land around the lake, and the Roper Lumber Company, a subsidiary company of the Norfolk & Southern Railway. Within 90 days contracts will be let for the drainage of the lake and adjoining lands.

TWO MORE CASES OF SPINAL MENINGITIS ON NEW YORK LINERS

NEW YORK, March 29—Two cases of spinal meningitis were discovered among the 1,478 steerage passengers of the Fabre line steamer Wenzel, which arrived today from Marseilles, Naples and St. Michaels. The patients were removed to Swinburne Island for treatment, all the steerage passengers who were exposed had their temperatures taken, and after the steerage quarters were thoroughly disinfected, the vessel was allowed to dock. There were only 25 cabin passengers.

ANOTHER MARINE DISASTER REPORTED

MELBOURNE, March 29—The steamer Yonkala it is feared has gone down at sea with all on board. The vessel was last seen off Bowen Queensland, with a severe gale raging. Pieces of wreckage have since been washed to land in that neighborhood and the only conclusion is that they belong to the ill-fated ship. There were in all 160 souls aboard and it is generally believed that not one remains alive to tell of disaster.

Captain Scott, who has arrived at Half Moon Bay, New Zealand, complains that Captain Amundsen, contrary to etiquette and fairplay observed in such matters, has decided to make an attempt to reach the South Pole by the same route as that mapped out by the Scott Expedition. Capt. Scott declares that his rival should have laid his own plans and followed them out without borrowing those of other people. Nevertheless the explorer is quite confident that the British party will win the contest and plant the Union Jack on the Southernmost point of the world.

THE HOUSE DEBATE AND BUSINESS YESTERDAY

Many Bills Advanced. The Jail Site Again Discussed and a Newspaper Bill Held Over. Budget Debate Continued in the Evening. House Sits Again this Morning.

Friday, March 31. The House opened to the public at 4 o'clock. MR. COX presented the petition of Alex. Robertson and others asking a grant to open a road from East Black Pond to the sea shore.

MR. PROWSE directed attention to incomplete returns in regard to the expenditure on Government House. HON. MR. CUMMISKEY promised the information.

MR. KENNEDY, Kensington, Mr. Delaney, Mr. McDonald, Cardigan, and others proposed various questions, which were answered by Mr. Cummiskey, Hon. Mr. Richards and the Premier.

The bill to incorporate the Prince County Publishing Company was read a third time and passed, on motion of Mr. McNeill.

DR. WARBURTON moved the third reading of the Charlottetown Incorporation Amendment Bill, which was passed accordingly.

The bill to change the name of Burke to Berkeley was read a third time and passed, on motion of Mr. Mathieson.

MR. MATHIESON moved in amendment to strike out the third clause and inserting a clause asserting that this Province should be placed upon the same footing as other Provinces in regard to Experimental Farms where the Dominion purchased the lands. He contended that the grant of this land had never been asked for nor promised and ought not to be given. In other cities the jail is located convenient to the court house. It would cost a good deal more to move prisoners back and forth, would be inconvenient, and in the case of violent prisoners would be dangerous.

THE PREMIER said the question of the jail site had before been fully discussed. The land proposed to be given was on the same terms as the other lands for the farm. He deprecated raising this question after the contract for the jail had been let. He contended that a residential part of the city was an improper one for a jail. The citizens had objected to the building of a jail on the old site. He contended that the new site alongside the railway was in every way suitable, as prisoners could be brought there from any part of the Province.

MR. MATHIESON said the amendment did not mention the jail site. It referred to the lands proposed to be conveyed to the Experimental Farm. The House divided on the amendment which was lost and the original motion carried by the same vote reversed, 14 to 13. The bill was then read a third time and passed.

The bill to incorporate the Canada Dextrin Company was read a third time and passed on motion of Mr. McLean.

The city ballot bill was read a third time and passed on motion of Dr. Warburton.

The Fanning Brook Hall Company incorporation Bill was read a third time and passed.

The bill to incorporate the Arena Rink Company received its third reading and passed, also the bill to incorporate the Souris Citizens' Band.

MR. McLEAN moved the House into committee on the bill to amend the Act incorporating the Town of Souris, Mr. Kennedy, Kensington, in the chair. The bill was agreed to and reported with amendments.

MR. ARSENAULT moved the House into committee on the bill to amend the Act incorporating the Clover Publishing Company, Mr. Kennedy, Kensington, in the chair. The bill provides for increasing the capital stock from \$5,000 to \$10,000.

with other amendments. MR. WYATT on behalf of some present shareholders objected to clause 4 which would take away their right to sell or transfer their shares without the consent of the directors.

THE PREMIER thought there was nothing properly before the House to substantiate these objections, and the bill submitted comes from the company. He had a letter from one shareholder making some objections to the bill, but this could not weigh against the action of those in control of the company.

MR. MATHIESON thought any action to amend the act of incorporation should emanate from the shareholders and not from the directors. At least the shareholders should be consulted.

HON. MR. RICHARDS understood that the bill represented the wishes both of the directors and the shareholders.

There was a prolonged discussion in which the Premier, Hon. Mr. Gallant, Mr. Wyatt, Hon. Mr. McInnis, took part.

MR. MATHIESON thought the restriction might be made to apply to any new stock to be issued, but that it would be wrong to take away the right of existing shareholders.

MR. COX thought clause 4 was wrong. These shares had been purchased as transferable and the right of transfer ought not to be taken away.

MR. WYATT moved an addition to the clause, "that this clause shall only apply to stock to be hereafter issued by the company."

HON. L. McDONALD supported the clause and Mr. Arsenault consented to have the clause stand over till the shareholders could be consulted. The discussion was continued in regard to the relative position of the old and new shareholders, and a proposal that the new stock should be offered (Continued on page 16.)

MR. McLEAN moved the House into committee on the bill to amend the Act incorporating the Town of Souris, Mr. Kennedy, Kensington, in the chair. The bill provides for increasing the capital stock from \$5,000 to \$10,000.

MR. ARSENAULT moved the House into committee on the bill to amend the Act incorporating the Clover Publishing Company, Mr. Kennedy, Kensington, in the chair. The bill provides for increasing the capital stock from \$5,000 to \$10,000.

Special to The Guardian. BERNE, Switzerland, March 31—The final obstruction to the Loetschberg tunnel through the Bernese Alps was pierced by the laborers this morning after five and a half years work and an expenditure of \$20,000,000.

The tunnel which is a double one and the third longest in Europe, measures approximately nine miles in length.

A NOTABLE FLIGHT

Special to The Guardian. AUGUSTA, Ha., March 31—In a high wind that uprooted trees, aviator Frank Coffyn, accompanied by his young wife made a flight of more than 28 miles from Augusta to Aiken, S. C., in 41 minutes today, to keep breakfast appointment with friends.

GOOD WEEK OF MEETINGS IN BAPTIST CHURCH

A good week of evangelistic meetings in the Baptist Church of this city ended last night. There was a good attendance and one of the best meetings of the week was held. The Rev. E. P. Calder preached on "The Door of Mercy." It was a practical sermon, easily understood by the people and it made a very deep impression. The after meeting conducted by Pastor Pash was one of the most searching held in the series.

The meetings are taking a practical turn discussing the difficulties which come in the way of entering the Christian life. There will be no service tomorrow night but there will be special evangelistic services in the church on Sunday.

The services will continue each night next week except Saturday. Mr. Calder will preach. His subject for Monday night will be "Reasons Why I am a Christian." Excuses for not being a Christian.

SHELDON PLAYED A SHREWD GAME

PITTSBURGH, March 29—K. P. McCaskill, chief of the provincial detectives of Quebec, arrived here tonight to take Charles D. Sheldon, with many assumed names, to Montreal, Canada, where he is wanted for "get-rich-quick" operations involving several million dollars. McCaskill hopes to start back with the prisoner within forty-eight hours. The authorities of Brockton (Mass.), where Sheldon under the name of Robinson, got away twenty-one years ago with upwards of \$200,000, are content to allow Montreal to prosecute Sheldon, and it stated the local authorities will do likewise.

Chief McCaskill stated tonight that Sheldon is a much wanted man in Montreal. He said: "Sheldon's operations were smooth. Newspaper attacks did not annoy him, and one day, to my knowledge, he paid out over \$300,000 to clients who had become uneasy. This only renewed his clients' confidence and the greater part of the money he got back. There was no law by which the crown attorney could prevent him from operating his scheme."

The prisoner's real name is Robinson, and he is a native of Sandwich, Cape Cod, where his parents still reside. He was married at Dennis (Mass.) after leaving Brockton. Sheldon lived under the name of Charles R. Wilson, in Norwood, Rhode Island, and was principal of the Grammar school there. He also taught school at Tiverton (R. I.), in 1901, and organized the Tiverton Library Association, of which he was formerly president.

lunched at the Astor, 1,600 at the Waldorf, and 1,400 at the Plaza. Mrs. Helen Barrett Montgomery appeared at each gathering and delivered speeches. Tomorrow denominational rallies will be held in many churches in the city, and contributions to complete the million dollar fund which is desired for missionary work will be offered. It is understood that there is about \$600,000 on hand now that has been gathered in the other jubilees, and it is expected that the meeting in New York will more than complete the fund. Announcement of the collections will be made at the closing mass meeting in Carnegie Hall tomorrow night.

Rev. 3:20. His discourse was an earnest one and the entire service was one which greatly impressed those present.

PASTORS PREACHED COMPOSITE SERMON

LOS ANGELES, Cal., March 28—Nine clergymen of as many different denominations preached practically the same sermon from nine different pulpits in this city Sunday night and nine different congregations sang the same hymns and heard the same prayers.

The services were the outcome of an evangelic movement that has been under way in this city and the surrounding towns for some months. The idea was suggested by D. E. Luther, secretary of the local Young Men's Christian Association. The pastors met last Wednesday, chose a text, and after some discussion, composed a sermon, selected hymns and decided on the general tenor of the prayers.

The children assembled in King Square and headed by detachments of Boy Scouts, the boys' brigade and the Scout choir band, marched to the church. STATE IS TO BURN 3000 PLAGUE TREES

ALBANY, N. Y., March 28—There will be a bonfire in Westchester county, a few days when the State department of agriculture burns 3000 4-year-old pine trees just imported from Germany.

The trees are afflicted with blister rust, which is fatal to white pine forests. It destroyed the white pine of certain parts of Germany, and, according to Raymond A. Pearson, commissioner of Agriculture, would wipe out the magnificent pine groves of America if it got a start. The Westchester trees belong to a private nursery man.
