**CONVENTION OF CHURCHES OF CHRIST, S'SIDE**

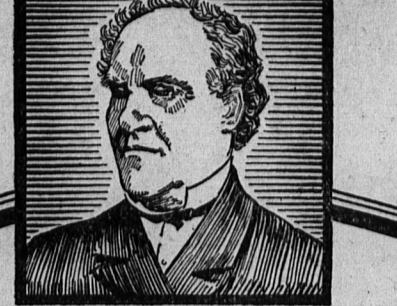

Opening Session **SUMMERSIDE, Aug. 5**—The annual convention of the Churches of Christ in P.E.I. opened Friday afternoon in the Christian Church, Summerside.

Many distinguished members of the church were present including, Rev. Dr. A. E. Cory, Director of the Pensions fund with Mrs. Cory and Miss Cory; Mrs. Ora Leigh Shepherd, head of the Department of Missionary organizations and Rex John H. Booth, Director of the Department of church erection, all of Indianapolis, Indiana, Rev. Hugh B. Kilgour, Toronto, all Canada, Secretary, Rev. Richard Westaway, formerly of Lower Montague and now pastor of the Christian Church at Calgary. Over forty delegates attended the opening session, which was presided over by Major C. L. MacKay, of Charlottetown, President of the Convention.

The convention opened with a devotional period led by Bro. A. P. Wells, of Summerside, subject, loyalty in Christian Service. Subject, L. Stewart, of Charlottetown, gave the treasurer's and secretary's reports. Other business was the budget for the year, and recommendations, Dr. Cory spoke on these matters and suggested certain changes which should prove beneficial and helpful. New business and the appointing of committees closed the afternoon session.

Evening Session

The evening session opened with a devotional period by Rev. E. H. Chisholm, of Cross Roads, whose subject was "Renewing our Loyalties to Christ." Rev. Carlyle Watkinson, pastor of the Summerside church, in a brief address, extended a cordial welcome to the visitors which was responded to by E. S. Norton, of Montague. Bro. James McCallum, of Cross Roads led in prayer. A well rendered solo was sung by Mr. Rupert MacKay, son of Major C. L. MacKay. The speaker of the evening was Rev. R. L. Morton, of Greenmount, who in a remarkable address outlined the history of Christ's Church. He chose a few favorite texts the most important one being Christ's words, "I will build my church and the gates of hell shall not prevail against it."

**fight for your own!**

Great figures of the past, men such as Joseph Howe, were quick to fight for Maritime rights. So should we be today . . . to defend and conserve Maritime interests.

Each year, twelve million dollars in cash are drained from the Maritime Provinces, in the form of life insurance premiums . . . a grave and unnecessary loss. Insure with the Maritime Life and cut down this heavy drain.

Write for "The Maritime Life Saver" . . . a handy guide in case of accident. It's free.

**SOUTH MELVILLE SCHOOL CLOSING**

A very pleasant and interesting afternoon was spent on June 29 when the pupils of South Melville School assembled in the school-room to show to their parents and visitors the knowledge which they had attained during the term.

The pupils were carefully examined in the various subjects by their teacher Miss Katie MacKay, assisted by Mr. Maurice Bradley and Miss Ruth Dunsford and showed by their prompt answers the diligence and extreme care with which Miss MacKay had done her work.

After the pupils had completed their classes they all took part in a spelling match, in which after keen competition the prize was won by Mae Dixon.

An address was then read to the teacher by Miss Marion Flood and Miss Betty Trainor presented her with a useful and appropriate gift, to which she feelingly replied and thanked the parents and trustees for their kindness and co-operation during her two years service with them.

The following is the address:

Dear Teacher:—

It is with feelings of deep regret and sorrow that we, the pupils of South Melville School, have learned of your intended departure and that the pleasant relations existing between us for the past two years are about to be severed. During that time you have labored faithfully and sacrificed many an extra hour for our advancement, and we well know that many times we have but ill repaid your untiring efforts by our inattention and perversity. However we wish you to know that in our hearts we truly appreciate what you have done for

us and ask you to please accept the accompanying little gift as a token of our gratitude. In this case of your leaving us it is surely true that our loss will be another's gain, so once more regretting that our connections must be severed we shall gratefully remember our associations in the past and hope to be held in kind remembrance by you in the future.

Signed on behalf of your pupils,  
**MARJORIE L. DIXON,  
MARION J. FLOOD**

The following pupils were awarded prizes by their teacher for proficiency in each of the following grades:

Grade X.—Eleanor Trainor.  
Grade IX.—John Ferguson.  
Grade VIII.—Marjorie Dixon.  
Grade VII.—Mercedes Flood.  
Grade V.—Ronald Greenan.  
Grade IV.—Ivan Higgins.  
Grade III.—Arnold Samson.  
Grade II.—Sylvia Flood.  
Grade I.—Mac Dixon.

Prize for Attendance—Sylvia Flood.  
Prize for Spelling Match—Mac Dixon.

Complimentary remarks were then made by the chairman, Mr. Peter Toole, also by Lorne Higgins and Mrs. John Dixon.

The pupils and visitors were then treated by the teacher to candy. A unanimous vote of thanks was tendered the teacher for her treat and a very pleasant afternoon was brought to a close by singing the National Anthem.

**QUAKER STYLE APPEARS**

PARIS, Aug. 2—A "Quaker Girl" style made its debut today in the 1933-1934 winter fashion shows. Peggy Morris, an English designer, showed a black angora wool coat fashioned with a high round collar buttoning under the chin and dropping to a corded shoulder line. It was accompanied by a little black velvet bonnet worn well back from the forehead and fastened on by a chin strap.

Other coats were of dark woods, without fur trimmings, and followed the same demure line, buttoning close around the throat.

The display also featured wool ensembles combining two colors, such as bottle green in a wool jacket and skirt with a mustard yellow wool blouse.

The models followed a most slender line. Skirts were nine inches from the floor.

**IN MEMORIAM**

**DAVID FERGUSON**

There passed peacefully away on June 3, 1933, David Ferguson, Marshallfield, aged sixty-four years. Funeral took place on June 6th. He was a man of kind disposition, a loving father and brother. His wife predeceased him 20 years ago. He leaves to mourn his daughter, Mrs. Harry Muirart and two grandchildren, four brothers, John T. Marshallfield; Alexander, British Columbia, Alberta, California, A. Ferguson in Suffolk Sisters, Mrs. John Stetson, Mrs. E. Lindsay, California, Mrs. Albert Newman, Kingston. The pall bearers were W. G. Gibson, A. A. McBeth, Alex. Stewart, Eddie Vessey, W. E. Warren, Herbert Thompson. Rev. Mr. Webster, Charlottetown and Rev. Mr. Pritchard, Marshallfield conducted the services. The hymns were "The Lord is My Shepherd," and "Lead Kindly Light."

**PETER CURRAN**

"Dear, beautiful Death! the Jewel of the Just."

On Friday, July 14, Peter Curran, who had attained the age of thirty-one years on the preceding day, passed peacefully to his eternal reward at the home of his parents, Mr. and Mrs. John F. Curran, St. Teresa's.

The deceased was of a genial, buoyant disposition, which endeared him to all who made his acquaintance. Although confined to his bed for a long time, he retained that cheerful disposition; and bore the cross of his sufferings with patience and resignation, as a true follower of Christ. To his life can be applied the words of the poet: "Serene will be our days and bright."

And happy will our nature be  
When love is an unerring light,  
And joy its own security."

He was tenderly cared for by his mother and sisters, who together with his father, brothers and his cousins Sister Gudilla and Sister Refina, were with him when his spirit went forth to meet its Maker.

During his illness he was visited by his uncle, Rev. Thomas Curran; his cousin, John A. Sullivan; and his beloved Pastor, Rev. I. R. A. MacDonald, who administered "Holy Viaticum" to strengthen him on his journey to the Eternal Home.

The immense concourse of people that followed the remains to pay their last sad tribute to his memory is sufficient proof of the extent and depth of love for him. Funeral service was conducted by Rev. I. R. A. MacDonald, who also officiated at the grave. As his remains were laid to rest in the quietude of Saint Cuthbert's Cemetery, an impressive stillness fell upon the large congregation, who knelt a few moments in silent prayer.

He leaves to mourn a sorrowing mother and father, five sisters: Mrs. Joseph P. Driscoll, Johnston's River; Mrs. Thomas E. Dunphy, Peake's; Sister St. John of Milan, Ottawa; Anna and Agnes at home; and four brothers: Patrick J., and Francis, Roxbury, Mass.; Thomas and Brendan at home.

The pall-bearers were: Gerald Curran, Chester McQuade, Cyril Curran, Edward Cairns, Joseph Mooney and Leo O'Halloran, Hearshe-driver, Joseph Kenny.

The number of mass cards, spiritual bouquets, and letters of condolence were numerous. Needless to say the sympathy of the whole community goes out to his parents, brothers, and sisters in their bereavement, and they are con-

**DEATH REPORT IS GREATLY EXAGGERATED**

Prime Minister R. B. Bennett Disposes of Rumor that he had "Dropped Dead."

By Thomas T. Champion, Canadian Press Staff Writer.

HARROGATE, Eng., Aug. 5.—(C.P. Cable) — Returning from an afternoon spent in the fresh breezes of the Yorkshire moorlands, Prime Minister R. B. Bennett tonight laughed when told of a rumor that he had "dropped dead."

Looking very fit and much younger than his 63 years the Canadian Prime Minister and Hon. G. Howard Ferguson, Canadian High Commissioner in London, each reminded the Canadian Press of Mark Twain's famous saying—"the report is greatly exaggerated."

They were informed the rumor, apparently originating in Montreal, had circulated widely in Canada today. Mr. Ferguson was first to dispose of it and when Mr. Bennett was seen he was told the rumor was that he was ill.

Strange Life

"Oh, good heavens, it's worse than that," said Mr. Bennett. "The story as I have it is that I'm dead." When he was told Montreal was believed to have been the source the Prime Minister added, "Well, it is a strange life. Perhaps the wish may have been fulfilled to the thought."

Will Return August 21

Mr. Bennett expects to return about Aug. 21, arriving back in Canada at the end of August, after three months' absence. He has been enjoying a great rest at this mineral springs resort following the World Conference and the Empire discussions in London. Mr. Ferguson is also preparing to go to Canada, for a holiday in Ontario.

She (teashop proprietress) — I'm sorry you don't like my cakes, but I can assure you that this business has been built up almost entirely on my cookery.

He (candid customer) — I don't doubt it, madam. With a few more bumps like these you could built an hotel."

soled by his beautiful death and by the thought:

"God has made us not for sorrow  
Nor for timid anxious fears;  
But for hope and everlasting gladness,  
Joy that lives beyond the years."  
Eternal rest give unto him, O Lord, and let perpetual light shine upon him.  
(Patriot please copy).

**DANIEL M. NICHOLSON**

In the death of Daniel M. Nicholson, of Dundas, on July 4, 1933, the Province lost one of its leading business men and the people of Dundas a kind friend and a good neighbor. He was 57 years of age.

During the greater part of his life engaged in farming for a great number of years, he was also engaged in running a general store at Dundas. Being of a friendly nature, he was liked by all who knew him, and gained many friends whose friendship always continued. The writer knew him for many years, and during all that time he never heard him say a bitter word against anyone. He was a member of the Presbyterian Church. He was Justice of the Peace and for years Clerk of the County Court at Dundas. He leaves to mourn his death, an aged father, John M. Nicholson, of Dundas, also his wife, formerly Laura Martin, two daughters, Marlon, Mrs. Norman McKenzie, Cardigan, and Kathryn, at home, also two sisters, Janie, Mrs. Dr. D. E. Pickins, New Bedford; Kathryn, Mrs. Eugene Jasues, of Mattapan, Mass., also other relatives and friends.

His funeral was one of the largest in Dundas and was in charge of Rev. Mr. Gibson, assisted by Rev. Mr. Firth and Rev. Mr. Gray. The pall bearers were: Nell Nicholson, San Nicholson, William Nicholson, Roddy MacKay, Claude Phair, Joseph Campbell.

**ENTRIES ARE NOW** being received for the Provincial Exhibition. Make yours early and avoid the rush later on. Entries in all classes close August 11th. J. W. Boulter, Secy.—Treas. 1943-7-21-1f

**POLICE COURT**—On Saturday morning at the Police Court, the defendant in a Customs case was fined \$50 and costs. A second Customs case was adjourned for one week. A man charged with non-payment of dog tax was fined two dollars and costs.

**OUR BIG HOSIERY SALE** ends positively on Saturday night, August 5th. Secure some of the many bargains now. Prowse Bros., Ltd. 135

**REV. A. M. KANNAWIN ADDRESSES S. SCHOOL**—The Rev. A. M. Kannawin, D.D., Toronto, on Wednesday evening, had a large audience at the Presbyterian Church listening to his address upon the church in its relation to "the Sunday School and Y. P. S." It is evident Dr. Kannawin is an authority on this branch of Christian work, and his visit will certainly be productive of much good. The Rev. D. L. Griffiths, pastor, presided, and the Rev. R. H. Staver took part in the devotional services.

**SOCIAL HOUR SPENT**—At the special choir practice of the Bradalbane United Church, held at the Manse on Tuesday evening, a social hour was spent in honor of Mr. and Mrs. G. Weston Harrison, of Westville, N. S., who are spending a vacation as guests of Rev. and Mrs. A. R. Walls. They have made many friends and Mr. Harrison has kindly officiated at the organ in the church services. In appreciation of their friendship and help, a surprise presentation was arranged by the Bradalbane Choir. The Pastor called the meeting to order and Mr. Arthur Jardine read a carefully prepared address which was accompanied with a very nice gift. Though completely taken unaware, Mr. Harrison made a witty and pleasant reply. The ladies served nice refreshments which were much enjoyed.

**Wheat Prices Ease Off In Winnipeg Market**

(Canadian Press)

WINNIPEG, Aug. 4—With operations on the smallest scale in weeks, wheat prices took the easier road on the Winnipeg Grain Exchange today and under only slight selling pressure slipped off to close at levels 3 1/2 to 3 3/4 under yesterday's finish.

Final quotations were at the day's low levels. Lacking in support of any kind, prices eased off from the opening bid and trading was dull and featureless all morning. October closed at 82 1/2, December at 84, and May at 88 1/2 cents.

Slow Trading

Trade was at a small pace and the market was unable to show any signs of recovery from bottom levels of about three cents in the late dealings. Offerings crept into the pit in small volume and prices sagged, unable to offer any resistance.

Farmers deliveries still continue quite heavy and it was believed the slight pressure was due to hedging sales. Operations were the smallest in weeks and traders had little to keep them occupied. All outside news was apparently disregarded though European crop news was quite bullish.

Liverpool Unchanged

Liverpool closed unchanged to 1/2 lower but was never a market factor. Export business estimated at less than 500,000 bushels did not register on the price trend at all.

Cash grains trading was dormant and coarse grains operations were in the doldrums. Prices slipped off a little as in wheat futures and they hovered around the low points for the balance of the session.

The Wrong Word

A somewhat stout actor was late for rehearsal one morning, and the producer was annoyed. He said, "Does anyone know where Blank is?"

"Yes," said one of Blank's friends. "He's gone to the tailor to be measured for a suit."

"Measured," shouted the producer. "You mean 'surveyed' don't you?"

**Wheat Prices Ease Off In Winnipeg Market**

(Special to The Guardian)

WINNIPEG, Man., Aug. 6.—The early part of last week saw a continuation of extreme heat with wind and considerable damage has resulted as crops ripened too fast for normal filling. In many districts, rain would now be too late to materially effect the wheat output, but would improve some of the later sown coarse grains and the feed situation. Grasshopper damage has in some districts reduced the prospective coarse grain yield considerably. In southern districts, harvesting has commenced and yields will be variable. A frost in northerly districts did damage but the extent of this will be unknown until threshing, according to the weekly crop report of the Department of Agriculture, Canadian National Railways. Manitoba harvest has commenced. The outturn is uncertain as hot weather and insufficient moisture in many localities caused too rapid maturity. Along some sub-divisions, a few threshing machines are working in barley and rye fields, but active threshing will not get under way for another week or so.

In the Dauphin and Swan River Valley districts, weather has been warm and dry with cold nights and unless rain occurs within the next day or two considerable depreciation in yield would be experienced as coarse grain filling will be retarded. Along the Weyburn, Lampman, Avonlea, Gravelbourg, Central Butte, Riverhurst sub-divisions, in Saskatchewan, weather was somewhat cooler than a week ago but rain is badly needed. Many fields are burnt up and farmers are cutting to save their crop for feed. In these localities, yields will vary from twelve to twenty bushels to the acre with many of them nearer twelve than twenty. In the Rosetown, Kindersley, Elrose districts, crops have suffered heavy damage from drought and grasshoppers and the yield from these heavy lands is not expected to average ten bushels to the acre. Along the Prince Albert division, which looked so promising in the early part of the season, some districts are now only fair while others are still favorable. Rains, if received,

**Wheat Tumbles In Chicago Exchange**

(Associated Press)

CHICAGO, Aug. 5—Something like a dead centre developed in grain dealings today, and with speculative purchase operations at minimum, prices tumbled, wheat falling four cents.

Uncertainties regarding administration financial measures were suggested in various quarters as a reason for grain market weakness. Crop reports from Canada were again unfavorable, but had little lasting influence either at Winnipeg or here.

Wheat closed weak, 3 cents to 4 cents under yesterday's finish, corn 2-2 1/2 down, oats 1 1/2-2 1/4 off, and provisions showing 20 to 32 cents decline.

Carnera, the boxer, is said to have written a poem which is to be published. No wonder. He probably took it in person to the editor.

**Painful Piles**

Go Quick—No Cutting—No Salves

Itching, bleeding or protruding piles go quickly and don't come back, if you really remove the cause. Bad blood circulation in the lower bowel and hemorrhoidal veins causes piles by making the affected parts weak, flabby, almost dead. Salves and suppositories fail because only an internal medicine that stimulates the circulation and drives out the impure blood can actually correct the cause of piles. Dr. J. S. Leonard discovered a real internal Pile remedy. After prescribing it for 1,000 patients with success in over 900 cases, he named it HEM-ROID. Hughes Drug Co., Ltd., and druggists everywhere sell HEM-ROID Tablets with guarantee they will end your Pile misery or money back.

**Wheat Prices Ease Off In Winnipeg Market**

(Special to The Guardian)

WINNIPEG, Man., Aug. 6.—The early part of last week saw a continuation of extreme heat with wind and considerable damage has resulted as crops ripened too fast for normal filling. In many districts, rain would now be too late to materially effect the wheat output, but would improve some of the later sown coarse grains and the feed situation. Grasshopper damage has in some districts reduced the prospective coarse grain yield considerably. In southern districts, harvesting has commenced and yields will be variable. A frost in northerly districts did damage but the extent of this will be unknown until threshing, according to the weekly crop report of the Department of Agriculture, Canadian National Railways. Manitoba harvest has commenced. The outturn is uncertain as hot weather and insufficient moisture in many localities caused too rapid maturity. Along some sub-divisions, a few threshing machines are working in barley and rye fields, but active threshing will not get under way for another week or so.

In the Dauphin and Swan River Valley districts, weather has been warm and dry with cold nights and unless rain occurs within the next day or two considerable depreciation in yield would be experienced as coarse grain filling will be retarded. Along the Weyburn, Lampman, Avonlea, Gravelbourg, Central Butte, Riverhurst sub-divisions, in Saskatchewan, weather was somewhat cooler than a week ago but rain is badly needed. Many fields are burnt up and farmers are cutting to save their crop for feed. In these localities, yields will vary from twelve to twenty bushels to the acre with many of them nearer twelve than twenty. In the Rosetown, Kindersley, Elrose districts, crops have suffered heavy damage from drought and grasshoppers and the yield from these heavy lands is not expected to average ten bushels to the acre. Along the Prince Albert division, which looked so promising in the early part of the season, some districts are now only fair while others are still favorable. Rains, if received,
