

# CHURCH MURDER GREAT MYSTERY

DETROIT, Jan. 8.—(Special)—The tior hurried across the Canadian church murder mystery wherein Rev. border yesterday. Mr. Carmichael was believed to have been killed and his body cremated, offers serious complications. John Browning, the minister's neighbor, has disappeared and many maintain Browning and not Carmichael was murdered because a gentleman answering Carmichael's description hurried across the Canadian border yesterday. Others believe that nobody was murdered, but that the whole affair is a gigantic hoax arranged for the purpose of defrauding the insurance companies. Whatever the solution may be the authorities possess absolutely no information of an authentic nature.

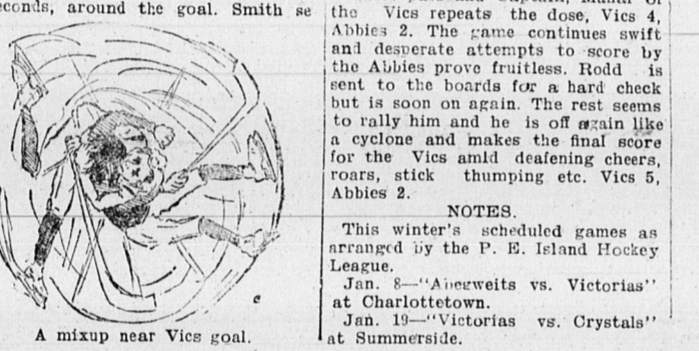

# VICTORIA HOCKEY TEAMS WIN EASY VICTORIES

Eight hundred hockey enthusiasts gathered at the Arena last night to witness the opening games of the season between the Victorias and Abegweits of this City. The ice was in perfect condition and nothing marred the play from being swift and the spectators were not disappointed. Both games were pronounced to be the fastest and clearest of any previous opening matches. The managers of the Arena and hockey league are to be congratulated for the steps they have taken for mainly sport. The games were headed by a referee and a play judge and the stick handlers were soon educated to quit rough play or watch the game from the promenade. During the first who acted as referee to penalize who acted as judge of play, penalize the four Vics and five Abbies for rough play, a record breaker in this western Capital acted as referee to the satisfaction of all. The Victorias won both games in an easy manner. The seniors by a score of 5 goals to 2 and the juniors by a score of 7 to 2. The Vics apparently have a much stronger team than last year when they claimed to have the fastest and strongest team ever produced in this Province. A much better showing was expected from the Abegweits as Sam Doyle, last year of the Antigonish team, played centre and Ivan Reddin, formerly of the Victorias's forward line, played rover. Both teams did excellent work and this year's hockey promises to be the most exciting and enthusiastic ever witnessed in this Province. The senior game started at 8.30 sharp and lined up as follows:—

**VICTORIAS.**  
 Arthur Campbell ..... Goal  
 Wm. Prowse ..... Point  
 Wm. Cornfoot ..... C. Point  
 Joseph Mahar ..... R. Wing  
 Percy Rodd ..... Rover  
 Reggie Ramsay ..... Centre  
 Jas. Blake ..... L. Wing

**ABEGWEITS.**  
 John Bell ..... Goal  
 Jas. Herrell ..... Point  
 Jas. McMillan ..... C. Point  
 Patk. Murnaghan ..... R. Wing  
 Ivan Reddin ..... Rover  
 Sam Doyle ..... Centre  
 Harry Smith ..... L. Wing

The game starts with a rush by the Vics to the Abbies territory and he puck is moving lively, for a few seconds, around the goal. Smith seizes the puck and made a bold dash to score, but the Vics cover point guard is in his place and checks heavily, for which he is given a rest. Swift playing follows and the Abbies try hard to score while the players stand 7 to 6. Reddin who is doing good work, gets in a mix up and is sent to the fence for foul play. The teams are now playing 6 to 6. McMillan secures the puck and makes a successful run passing to Smith, in front of the Vics goal, who makes the first score. Abbies 1 Vics 0. The play continues without delay and good work is being done by both forward lines, the puck is moving rapidly and Rodd, the Vics rover, who is doing excellent work, is penalized for hard checking. Again the Abbies work hard to score and many good shots are stopped by the Vics playing, a record breaker in this western Capital acted as referee to the satisfaction of all. The Vics resumes at a fast pace, Prowse, the Vics rover, is penalized for a foul play and Doyle's fastest and strongest team ever produced in this Province. # THE PRESIDENT AND CONGRESS

WASHINGTON, Jan. 8.—(Special)—The special committee on the presidential message presented its report this afternoon. A great deal of indignation had been aroused regarding President Roosevelt's references to the secret service. The committee reported this section to be an infringement of the privileges of Congress, casting reflections on the integrity of its members and not worthy of further consideration. Congress had previously referred to this and Roosevelt had sent a second message expressing the opinion that Congress had scarcely comprehended its exact meaning. To this second message the committee today replied that Congress is quite capable of interpreting the English language and condemning Roosevelt's insinuations regarding the intelligence of its members. The report recommended that no further consideration be given to these sections of the messages, and the committee's report was adopted enthusiastically.

# MESSINA WILL RECONSTRUCT

MESSINA, Jan. 8.—(Special)—A meeting of earthquake survivors declared unanimously for rebuilding the city and restoring the civic government as soon as possible. Peasants from outside points are crowding here faster than the refugees are leaving.

# AWFUL DEED OF TRAIN WRECKERS

BELLINGHAM, Jan. 8.—(Special)—Washington train wreckers opened a switch, locked it and extinguished the lantern near Commercial Point. The Great Northern express was derailed, a fireman killed and several other persons hurt as a result.

# STEEL COMPANY TO MAKE LIME

# WANDERERS BEAT OTTAWA AT HOCKEY

MONTREAL, Jan. 7.—The Wanderers won from Ottawa last night by 7 to 6, but it required fifteen minutes overtime to get the lead. At expiration of full time the score was a tie, 6 to 6, and interest rose every minute during the overtime play. The game was fast and full of brilliant work, though at times it lagged a bit. The Wanderers started off like champions and soon had a lead of three goals. With the score 3 to 0 against them, Ottawa began to play up, and soon became the aggressors. Headed by Taylor's fine play, the visitors pressed the Wanderers hard. Half time ended with a score of 2 to 2 in favor of the Wanderers. The score being 6 to 6 at full time, the teams agreed to play till one side scored, the Wanderers getting the lucky shot.

# TRAIN SERVICE NOW RESUMED

ST. JOHN, Jan. 8.—(Special)—The first trains from westward since Tuesday arrived this afternoon bringing hundreds of passengers and exceedingly heavy mails. About three o'clock the trains were dispatched eastward, making connection with the steamers from Pictou Saturday morning. Considerable criticism is heard regarding the inactivity of the Canadian Pacific and the Postal Department in not endeavoring to have the mails transferred. A serious stoppage occurred near Welsford where the concrete bridge, damaged beyond repair, was dynamited to permit of the construction of a temporary trestle.

# NATHAN STRAUSS GIFT TO ITALY

Alderman interviewed yesterday were practically unanimous in support of the reduction by-law.

# STARTLING INCIDENT IN KENORA HOSPITAL

ST. JOHN, Jan. 7.—The following is taken from the "Miner and News," of Kenora, Ont., under the date of December 5th:— The following is taken from the Winnipeg Free Press of a few days ago: Information received here indicates that the City Council of Kenora is investigating the facts in a startling incident at the Jubilee Hospital in that town, which is said to have resulted in the death of a young man named Fairclough, who was a patient in the hospital, and perhaps, of the nurse who attended him. The report upon which it is said the Council based its investigation was to the effect that while Fairclough was recuperating from a slight attack of fever at the hospital a patient whose illness had not been definitely diagnosed was admitted. This patient, it is alleged, proved to be suffering from a virulent form of diphtheria, and died from the effects. The statement is made that soon afterwards young Fairclough developed symptoms of the same disease, and he, too, died. It seems that the nurse who attended him has also contracted the disease and her condition at present is said to be so dangerous that her life is despaired of.

# MINISTERS MAY LOSE THE HALF FAIR RATE

MONTREAL, Jan. 7.—The courtesy of a half fare rate extended to western clergymen by the railroads is likely to be withdrawn or in any event greatly curtailed. It was first inaugurated by the C. P. R. with a view to assisting struggling missionaries and in the development of the country and was never intended to be a permanent. The C. P. R. does not wish to work hardship on poorly paid missionaries, and pastors of struggling rural congregations, but is disposed to insist on highly paid ministers paying their way the same as others. The report is that the half fare may still be extended to sections of Saskatchewan and Alberta but not to Manitoba.

# CARE OF POULTRY IN COLD WEATHER

The production of winter eggs and the keeping of the hens laying at a time when the thermometer is hovering around the zero mark is one of the many problems confronting Island farmers. As the summer is the natural time for the hen to produce eggs, then in order to secure them in winter it is required that summer conditions must be as far as possible imitated. The house therefore in which the fowl are confined should be dry and as warm as possible. To secure this, a straw loft is one very satisfactory way. Again the house should be built in a high, dry place sheltered if possible by a woods or other outbuildings on the north. The next question is one of how and what to feed. The hen in summer does not eat grain and water one day, grass or other green stuff the next and regale herself the following day on insects out of a certain amount of each every day. So that the hen must during the winter be fed a ration which is somewhat similar to that procured by her in her natural condition. For the morning the most satisfactory feed is grain, corn, oats or wheat fed in a good deep litter. This product exercise which is a great factor of health. Then in the afternoon a mash composed of equal parts of cracked corn, bran, shorts and cornmeal in which beef scrap are mixed will fill the bill until just before going to roost when a light feed of grain should be given. A constant supply of water, oyster shells and grit should be before them at all times. Procure some gravel and see the fowl spend a happy half hour picking it.

# CH. RLOTTETOWN WANTS

1. A public spirit that will enable the business men to work together with such determination, that every available facility for developing the business possibilities of the Town will be provided by the Government.  
 2. A disposition to help one another and to rejoice in a neighbor's prosperity.  
 3. A determination to patronize home industries, and to give anything made in Charlottetown some preference at all times.  
 4. A determination to say no to the plausible stranger, who has shares and bonds or sale, for foreign industries which are beyond our control. (If the money that P. E. Island has lost in foreign investments had been put into Charlottetown industries, this Town would be rich.)  
 5. Charlottetown wants industries that will employ a large number of men.  
 6. A proper transportation service that will give us that "close and continuous steam connection with the Intercolonial Railway," which was guaranteed by the Dominion Government when this Province went into Confederation, which contract has not been fulfilled.  
 7. A twice-a-day mail in the summer season, to and from Sydney, and Montreal.  
 8. In the winter season to reach Halifax in twelve hours, instead of twenty-four, and Montreal in twenty-four instead of forty-eight hours as at present.  
 9. The pork packing house opened for business with such transportation facilities, that an I. C. R. refrigerator car could be placed at their siding, and all kinds of dressed meats hung up therein and shipped through to Halifax, St. John and Sydney, in prime condition, which would give us a share in supplying those great markets now controlled by Ontario.  
 10. A large railway car factory to supply the I. C. R. and G. T. R. with cars as is now done in Amherst. Charlottetown has every facility for doing this except the transportation.

# NEW ORLEANS CITIZENS ARE AGAINST REFORM

NEW ORLEANS, Jan. 7.—A meeting of 1200 citizens, including a large number of business men, was held Tuesday night to start a movement for the restoration of winter racing and to protest against the enactment of Blue Laws in Louisiana. A preamble to resolutions adopted favoring racing and condemning prohibition declared. "The citizens of New Orleans have not been and never will be in favor of circumscribing either the liberty of its citizens or visitors within its borders beyond the limits of common sense and necessity, and they point to the evils and hyocrisies that have been brought upon some of Louisiana's sister states by tyrannical and oppressive prohibition laws."

# SERIOUS FIRE IN WINNIPEG

WINNIPEG, Jan. 8.—(Special)—With the temperature thirty five below the firemen experienced a difficult proposition in fighting a blaze in Ballantyne's brick warehouse. The damage amounts to fifty thousand dollars. The Manitoba Legislature will assemble Feb'y 11th, a fortnight later than was intended. An important amendment to the liquor act will be submitted, the intention being the elimination of the numerous smaller clubs existing principally for the purpose of selling liquor. License will be fixed at five hundred dollars and other restrictions imposed.

# GOVERNOR FRASER JOINS THE CURLERS

HALIFAX, Jan. 8.—Governor Fraser has decided to join the Canadian curlers who will go to Scotland this month. The long waited Xmas entertainment in St. Paul's school came off last night and was a great success. The first part consisted of songs and recitations in which the children were very well. Then followed a very pretty little scene in which was Santa Claus. Mrs. Hazel Taylor, in the temporary absence of her husband, presided over a number of character songs and recitations which were all very well done. Mother Goose, Gerda Taylor, and her friends gave great assistance in this. The only hitch was that Santa Claus finally failed to come himself but sent an excellent substitute, Master Ernie Worth. After the program, candy was distributed to the children and the audience broke up, highly delighted, after singing God save the King. The greatest praise is due to Miss Helen Palmer, who trained the children most capably, and to those who assisted her in various ways. The proceeds were nearly \$15.

# IMPRESSIVE CEREMONIES AT ENTHRONEMENT OF BISHOP

MONTREAL, January 7.—With the full ritual of the Anglican church Dr. J. C. Farthing was yesterday consecrated a bishop and enthroned as Bishop of Montreal in succession to the late Bishop Carmichael. The ceremonies lasted practically all day. In the morning the solemn consecration took place at Christ church cathedral while in the afternoon the new bishop was entertained at luncheon at the Windsor hotel by the laity of Montreal and this evening he was formally enthroned as successor to the see of Montreal. The services were throughout strictly in accord with the canons of the church, but devoid of any approach to elaborate ritual, which might give offence to the ultra evangelical party. THE GATHERING A DISTINGUISHED ONE. Seldom has there been so distinguished a gathering of Anglican prelates in the city. His Grace Archbishop Sweetman of Toronto, primate of all Canada, officiated at both consecration and enthronement and was assisted by the Bishops of Niagara, Quebec, Huron and Ontario, with Bishop Cadman, of Maine, and the representatives of the Greek Orthodox church, while two hundred of the lesser clergy from many parts of the Dominion attended the ceremonies, as well as delegations of leading laymen from various parts of Ontario and Quebec. BISHOP RECITED THE CUSTOMARY PROMISES. Bishop Farthing then handed the act of consecration and mandate for enthronement to the chancellor, who read them aloud. The bishop then recited the customary solemn promise being finely contrasted by the rich vestments of the six bishops, who assisted the primate as he proceeded to the act of consecration at the cathedral and was immediately conducted by Archbishop Norton to the act of consecration at the cathedral. The signing of the Doxology's laying their hands upon theology and a joy peal from the cathedral's head, while the primate's chimes ended the ceremony.

# IMPRESSIVE CEREMONIES AT ENTHRONEMENT OF BISHOP

ENTHRONEMENT DECIDEDLY PICTURESQUE CEREMONY. The enthronement this evening was a decidedly picturesque ceremony, in accordance with the ancient rites of the Anglican church. Bishop Farthing and his attendant bishops and clergy, vested in the chapter house and walked in procession to the cathedral, where the front doors were locked, while just inside the primate with the cathedral dignitaries were waiting. The bishop-chaplain then knocked, when the rector asked: "Who is there?" The chaplain replied: "The Lord Bishop of Montreal, who prays the archdeacon and rector of Montreal to enthrone him." The rector then opened the doors and the gorgeous procession walked to the chancel, where the primate, bishops and cathedral dignities were seated, the rest of the procession standing outside the rail. BISHOP RECITED THE CUSTOMARY PROMISES. Bishop Farthing then handed the act of consecration and mandate for enthronement to the chancellor, who read them aloud. The bishop then recited the customary solemn promise being finely contrasted by the rich vestments of the six bishops, who assisted the primate as he proceeded to the act of consecration at the cathedral and was immediately conducted by Archbishop Norton to the act of consecration at the cathedral. The signing of the Doxology's laying their hands upon theology and a joy peal from the cathedral's head, while the primate's chimes ended the ceremony.
