**Record-breaking Fur Sales on Saturday**

Saturday we broke all records for Fur Coat sales, and in connection there with there were many significant and amusing incidents. Fur Coats were actually brought in to our store for comparison, but in every case we made a sale easily, which speaks volumes for the quality of our furs and the prices asked. Fur Coats were never more fashionable or desirable than in the present year. Everyone who keeps abreast of the fashions must know this. From time to time fads will come in—which are all right for those who can afford them—only to go out again in a short time, but the Fur Coat is a "thing of beauty and a joy forever." Nor is this to be wondered at? They are comfortable, becoming, durable, trim and smart looking, and withal moderate in price. We have them in all the fashionable furs from the rich Persian Lamb with Mink trimmings down through Ukrainian, Astrachan, Seal, &c, some plain others with sable and other trimmings. In no other coat will the same amount of money invested, bring so much solid satisfaction, in wear, comfort or appearance. For those who will have the fur-lined we have provided a nice range, at closest prices. We invite all to see our lines before making a purchase, as we feel confident that quality considered, we tower ahead of all competition. Our sales in small furs this season, have been most satisfactory indeed, and we are looking forward to an increased demand as the weather gets colder. We have magnificent sets and separate pieces in Mink, Stone Martin, Sable, Marmot, and a number of cheaper furs, all honestly priced, something to suit every person and every purse. Our Men's Coon Coats will rank as the best imported to this Province being most carefully selected, and everything in the least doubtful rejected as unworthy a place in our stock. During the past week we sold some beauties, and would advise every man who intends to secure a fur coat this season, not to delay too long as the choicest are sure to go first. Come in and become convinced that here you can put the most thorough confidence in both furs and prices.
