WITH THE R.C.A.F. SOMEWHERE IN ENGLAND, July 28 - (CP) - Pilot Officer B. D. Murchie's popularity with his fellow officers won't last if his bombing trials continue to be so effective. The 21-year-old St. Stephen, N.B. school teacher attacked a warship with such success that it blew up and pieces flew into the engine cowling of the plane behind him.

Canucks Heroic In Hong Kong Battle, Relates

LOURENCO MARQUES, Portuguese East Africa, CP Cable - The former Tokyo correspondent of Reuters News Agency today told a story of the heroism of 200 Canadian defenders of Hong Kong who stood their ground and died a man when that British colony fell to the Japanese. The correspondent related the story from a Canton university instructor who said the Canadians put up a terrific fight considering that they were unfamiliar with the terrain. "I know of 200 who went on fighting and were killed to the last man," the correspondent quoted the instructor as saying. It was said here that the worst fighting of the Pacific was occurred at Hong Kong. American Roman Catholic priests reported that now, besides being highly decorated they are regarded by nutritious diet. Rich in minerals and vitamins, the mixed salad or lettuce alone is becoming a staple food.

Salads For Health

Salads lend themselves so readily to decorative effects that for many years they had no more important part in diet than just that. But now, besides being highly decorative they are regarded by nutritious diet. Rich in minerals and vitamins, the mixed salad or lettuce alone is becoming a staple food.

LETUCE ALONE IS SALAD

Epicures prefer lettuce salad mixed in a wooden bowl with wooden fork and spoon. Housewives prefer them because they are so easy to prepare. After following directions once or twice, anyone can make an excellent salad and make it of just a few odds and ends but always beginning with fresh, crisp lettuce, either leaf or head.

HERE'S HOW

Into the salad bowl put salt, pepper and paprika in quantities your judgment suggests and your taste confirms. (Use extra salt decided) in summer to help prevent ill effects by heat. Add three tablespoons of vinegar, preferably taragon, and 6 or 8 tablespoons of salad oil. Mix thoroughly, adding a bit of peeled garlic if you want to be seriously regarded as a salad maker, then chopped celery, especially the green leaves, chicory, water cress, grated carrot or raw cauliflower. Grated cheese, well seasoned or definitely aged adds zest. Then the lettuce, a whole head leafed out. Stir up thoroughly and serve in generous portions with crackers or thin well buttered real whole wheat bread.

RABBITS DON'T MIND

Rabbits may enjoy wilted lettuce, humans, especially youngsters don't. There'd be fewer salad refusers if the vegetables, fruit and lettuce were always appetizingly fresh and crisp.

EVERY DAY IS SALAD DAY

There is a salad for every day in the year and it is important to develop your taste for them because of threatened shortages of canned goods. A postal card to the Health League of Canada, 111 Avenue Road, Toronto, Ont., will bring you a free vitamin chart for ready reference and a booklet "Salads that are Different."

CHANGING YOUR HAIRD

Every now and then you should change your hairdo. So many women are guilty of never changing the arrangement of their hair. Their minds, yes, but their hairdos, never. I cannot imagine what makes them so stubborn! You can, yes you really CAN change your personality to suit the mood and the occasion just by trying a new way to do your hair. You will love it. NOT "set" in your way. The casual, loose fashions look well with sports clothes. The swept, rolled, pompadour looks smart in dress clothes. Almond, mantie clothes. I think you should try out new styles both with and without your hat. And do try a new makeup to suit. You will feel younger!
