ALL THE PLAYERS WHO WON THESE CUPS WORE C.C.M.'s

THE acid test of hockey skating equipment is "Big Time Hockey" and so we find all the players who won the cups illustrated, winning their victories on C.C.M.'s.

They prefer C.C.M.'s because they know that, in that split second while the crowd holds its breath and its nip and tuck around the goal, C.C.M.'s provide that extra "oomph" to score a goal.

If you are going to buy skating equipment this season, either for yourself or as a gift to others, follow the choice of the top flight hockey players of the world and buy a C.C.M. Matched Skating Set.

These carefully made, balanced and matched sets are available in various models for the different types of Canada's national sport on skates.

When you buy a C.C.M. Matched Skating Set be sure to find the winged tag of identification which is attached to every genuine set. At most good dealers everywhere.
