OLIVE OIL 35% C.O. (with mineral) and all high protein feeds sold right at Braces'.
L-1310-3-23-21.

AGED RESIDENT DIES—There passed away at her home in Braces on Thursday Mrs. Elizabeth MacKay, 83 years of age and had been an invalid for the past 15 years. She was formerly of Braces and resided in Braces for many years. Her husband died in Braces in 1910. She was a devoted wife and mother and her sympathy is extended to her sorrowing husband in his bereavement. The remains were taken to the Braces Church at Braces, Braces, Braces where they will remain until the funeral. The announcement of the funeral is awaiting word from members of the family in the U. S. A.

CRAPAUD NATIVE PASSES—Word has been received by Mrs. H. F. Lee of Summerside of the death of Mrs. Cecelia J. Duff on Friday, March 17th in New Brunswick N. J. Mrs. Duff was the daughter of the late George Simpson of Summerside, field, Ill. and formerly of Crapaud, P. E. I. Summerside friends will deeply regret the passing of Mrs. Duff who has been a frequent visitor each year to the Island were always such a pleasure to her friends and many acquaintances. Her husband, Walter of Springfield, Ill., one son, Walter of New York and a daughter, Ms. N. Walters, who was with her mother at the time of her death. She was laid to rest on Monday last in Springfield Cemetery beside her husband who predeceased her 26 years ago.

ST. PATRICK'S PLAY AT KENSINGTON—The night triumph of St. Patrick's night when they presented "An Arizona Cowboy" to a capacity house in the King George Hall, Kensington. Extra chairs were carried until standing room was a premium. The play was replete with action. The cast brought together most of the favorites of the Indian River stage and a few new actors who acquitted themselves admirably. The part of the Arizona cowboy sheriff, Mr. Parley Grant, was taken by Mr. Borden Fraser in a most realistic manner. During the sheriff's part the play was acted in a most convincing way. The part of the Arizona cowboy sheriff, Mr. Parley Grant, was taken by Mr. Borden Fraser in a most realistic manner. During the sheriff's part the play was acted in a most convincing way. PERSONALS
—Mrs. D. Edgar Shaw is spending a few days in Charlottetown, her former home.
—Mrs. Russell Farquharson, Bumbury, is the welcome guest of Mrs. George A. Calbeck.
—Miss Verna Schurman spent the weekend at her home in Braces.
—Miss Kathleen Reedy of Kensington was a visitor to Summerside this week.
—It is pleasing to report that Mrs. Walter Hog of Sherbrooke is making a good recovery from her recent serious illness.
—Mrs. Austin Tombs has returned to her home in Tryon from the Prince County Hospital very much improved.
—Mrs. Allan A. Campbell, who has been convalescing at the home of Mr. and Mrs. Neil Durant, after her recent illness at the Prince County Hospital, has returned to her home in Long River.
—Mr. T. J. Inman of Braces left this week for Toronto to represent the Island Wool Growers' Association at a meeting of the Canadian Wool Growers' Association.
—Mr. and Mrs. Walter Calbeck of Summerside have received word of the safe arrival in Braces of their daughter, Miss Norma, who is visiting friends. Miss Calbeck had a good crossing and was delighted to find the flowers out in bloom and the grass looking very green in the Old County.

Would Extend Alberta's Boundary

MEMORONTON, March 23—(CP)—Voting 80 to 1 with 11 members absent, the Alberta Legislature directed the government to open negotiations with the Federal government to extend Alberta's northern boundary to the shores of the Arctic Ocean.

Alberta asks that section of the North West Territories lying between the Yukon and the Mackenzie River be transferred to Alberta. It would double the size of the province to approximately 500,000 square miles. The resolution was sponsored by Hon. E. C. Manning, Minister of Public Works, and seconded by Hon. E. C. Manning, Minister of Trade and Industry and Provincial Secretary. Several members of the opposition voted with the Government in support of the resolution and the only one opposed was John W. Huggill, K. O. (Ind. Calgary).

The resolution declared the area shaded in mineral resources which should be developed for the welfare of the Canadian people and that the topographical features were such as to lend themselves readily and practically to development only by and through Alberta. It contended Ottawa was too disposed to stage development.

RUGBY ACROSS CHANNEL
MANCHESTER—An English public school rugby team may go to Paris to play a similar French fixture if a plan put forward by the Rugby Football Club is approved by the Rugby Union.

INCREASE IN ISLAND FISH CATCH NOTED

Total Production And Landed Value In Maritimes, However, Shows Decrease.

(By The Canadian Press)
HALIFAX, March 23—Total production of fish in the Maritime Provinces in February was 3,399,700 pounds, a decrease of 2,832,200 pounds from the figures for the same month last year. The landed value was \$174,550, or \$73,536 less than in February, 1938, according to the monthly report of the eastern division of the Department of Fisheries.

Both Prince Edward Island and New Brunswick showed increases but Nova Scotia landed 5,451,500 pounds, a decrease of 3,295,900 pounds. New Brunswick's production was up 434,800 pounds at 2,750,600.

Prince Edward Island produced 197,600 pounds compared with 188,700 pounds for the same period a year ago.

Prince Edward Island and Magdalen Islands section of the report:—
Prince Edward Island: The month of February shows an increase of 8,000 lbs. in catch and an increase of \$322 in landed value. Smelts show an increase of 38,100 lbs. in catch and an increase of \$572 in landed value. The catch of capelin decreased by 26,600 lbs. with a decrease of \$274 in value to the fishermen.

The table below gives a comparison of the total catch and landed value of all fish caught during the year as well as similar information concerning the principal varieties taken.

February, 1939:
Total quantity of all fish landed—197,600 lbs.; landed value, \$4,467.
Smelts ————— 141,500 4,428
Capelin ————— 23,600 264
Tomcod ————— 15,600 166

February, 1938:
Total quantity of all fish landed—188,700 lbs.; landed value, \$4,645.
Smelts ————— 108,400 3,898
Capelin ————— 55,200 538
Tomcod ————— 14,200 142

Magdalen Islands:
Owing to climatic conditions, there were no fish taken in the Magdalen Islands during February 1939 or in February 1938.

CORNWALL ICE SPORTS
A large crowd was on hand to witness the ice sports which were successfully held Saturday night at St. Patrick's rink. Prizes were awarded to all those who stood as high as fourth place in their respective classes.

The races were conducted by the C. C. team Captain Louis McDonald and the rink tender, Herbert Scott.

Class I, Boys 16 and under, 1. Regis, 2. Brice, 3. McLean, 4. Ross, 5. Good, 6. Stanley Crosby.

Class II, Boys free for all, 1. Herbert Scott, 2. Keith Johnson, 3. Regis, 4. Brice, 5. McLean, 6. Ross, 7. Good, 8. Stanley Crosby.

Class III, Girls 18 and over, 1. Erma A. Bain, 2. Muriel McDonald, 3. Thankful E. Bain.

Class IV, Couple race (boys and girls), 1. Erma A. Bain and Arthur Wilson, 2. Jean Frizzell and Don Jewell, 3. Joyce Darrach and Herbert Scott.

The remainder of the evening was spent in skating.

Quebec Decorations Are In Demand

(By The Canadian Press)
QUEBEC, March 23—This old walled city which will be the first in America to welcome the King and Queen on their visit next May, is entering a demand for the decorations to be used to brighten the grain embattlements of days gone by.

And, strange to say, members of Quebec City Council have not even decided what form of adornments will be hung around the old citadel. But nevertheless, they are in demand—both by Halifax and New Glasgow, N. S.

A copy of a circular made public today at City Hall, revealed that the city of New Glasgow was "wondering if it would be possible to have the loan of or purchase second-hand, some of your decorations after this affair was over in your city."

(First word that Halifax was seeking Quebec decorative materials brought denial of any offer of purchase from Alexander W. E. Gordon, chairman of the Halifax committee in charge of arrangements for the visit.)

Big Gain In B. C. Fisheries

VANCOUVER, March 23—(CP)—British Columbia's fisheries reached an estimated market value of \$19,000,000 during 1938, higher than any other year since 1930.

Major J. A. Motherwell, chief supervisor of fisheries, said today in a review of last year's fishing activities.

Salmon alone contributed more than \$14,500,000 of the total, Major Motherwell said. The 1938 canned salmon pack totalled 1,707,830 cases, largest since 1930. It exceeded the average for the last five years by more than 65,000 cases.

The harvest of 169,430 cases of the salmon came from the Fraser River, largest catch since 1914.

Canadian and United States vessels landed 19,246,000 pounds of fish at British Columbia ports during the year. The Canadian vessels share totalled \$2,024,700 pounds and the marketed value of their catch was estimated at approximately \$1,500,000.

The herring fishery contributed \$886,000 and pilchard runs produced \$670,000.

The chief supervisor said "with present regulations and the resources being given to the tidal fisheries of the province, there should be no apprehension regarding future supplies of fish in the provincial waters."

ROY POWERS, KING'S SCOUT

Whatever those things are, I'll bet anything that they're not bird tracks.

What else could they be, Roy?

I don't know, not yet, but believe me I'm going to find out.

I think we should leave the whole thing alone.

Hey! Look at this, chunky, an old wall or foundation!

We'd better get back, it might be the alchemists' house!

Factories May Close As Result Of New Treaty

(By The Canadian Press)
OTTAWA, March 23—Finance Minister Dunning told the House of Commons today he has "no information whatever" that would lead him to believe any United States automobile manufacturers are proposing to cease production in their Canadian branches.

A sharp debate on non-political lines sprung up when Conservative Leader Manion produced an article published in the Detroit-Free Press stating two of the three largest branch factories in Canada would be closed.

Representatives from automobile manufacturing centres in Ontario reported on the apprehension of their constituents over similar rumors while some western members protested that high duties on motor cars and the method of their collection penalized Canadian users and that the protection was not deserved.

Revenue Minister Isley said he had heard the fear expressed that production of a limited range of cars of low Canadian content might be transferred to the United States. His department had also heard complaints on the method of valuation of imported cars for duty purposes and these complaints were receiving consideration.

The debate arose while the House in committee was considering the Canada-United States agreement. No change is made in the duty of automobiles but the agreement carried with it an undertaking by Canada to remove the three per cent excise tax.

Factories May Close
Dr. Manion said the article he referred to indicated that with the excise tax removed it would be more profitable to import the finished cars from United States than to make them in Canadian branch factories. It stated also that representations were being made to Washington by the Dominion Government.

Dr. Manion also read a resolution from Windsor, Ont., stating that the Willys-Overland Company had cancelled plans for a branch in Canada and that the Packard and Hudson-Exess factories were to be closed.

The Conservative leader was surprised at the protests of western members against the protection of this industry "when they get the finest kind of protection on wheat."

Declaring he had received hundreds of communications from his constituents in Oshawa expressing apprehension over the possibility of factories being closed, W. H. Moore (Lib. Oshawa) urged that the government do something to manufacturing of automobiles, that more engines should be made in Canada and tractors made here instead of importing them as at present.

For M. J. Coldwell (COP Rose-town-Biggar) came expressions of sympathy for men whose work might be in jeopardy but he believed Canadians had to pay too high a price for doing nothing.

He declared that the industry protected had not taken proper care of its workers.

GERMAN TRADE
(Continued from page 1)

Germany will cooperate with Rumanians in construction of electric plants and introduction of new agricultural products.

Rumanians did not say so but there was a general impression Germany was expected to respect Rumanian sovereignty and territorial integrity.

The agreement may be terminated after five years on one year's notice. The text provided it would go into effect in one month, but Canada is waiting that condition and the accord went into immediate operation.

SCOREBOARD JITTERS
(By The Canadian Press)
DONGASTER—A scoreboard at the end of the Doncaster Rovers' football field caused such anxiety to alpine pilots landing at a neighboring airport that club officials moved the board.

COMEBACK RACQUETS
(By The Canadian Press)
LONDON—Although he had not played racquets for four years, P. M. Nelson, of the Royal Berkshire, gained an easy win over Major A. C. Gore in the final of the Serjeants' singles racquets championship.

Selection being given to the tidal fisheries of the province, there should be no apprehension regarding future supplies of fish in the provincial waters.

HOLMAN'S STORE NEWS

PHYSICIANS PRESCRIBE FISHERMADE HEALTH SUPPORTS—Because they know their patients will be carefully fitted by competent conscientious who will select the correct garments. We have that service for you in our Corset Department, and in addition, on Monday, March 27th, Miss E. M. Graham, E. N. Fishermade's special representative will be with us to give free consultation or fitting of any of these highly recommended supports. Make an appointment now to meet Miss Graham.

ROOMS THAT CHARM!—Come in or phone our Hardware Department for a copy of "Rooms That Charm", a clever booklet showing individual color schemes and Betty Moore, A practical and useful booklet that will give you dozens of clever ideas for your spring painting.

FREE TUBE CHECKING—Bring in your Radio Tubes for a free check up. Replace those worn out, no longer now and notice the difference in your radio reception. We can supply any type radio tube from our large stock. Call in today.

HOLMAN'S Summerside

C. N. R. Promotions

MONTREAL, March 23—Changes and promotions in the freight traffic department of the Canadian National Railways are today announced by Mr. R. J. Foreman, general freight traffic manager, Montreal, as follows:

G. R. Fairhead, now general freight agent, Montreal, is appointed to the position of assistant freight traffic manager, Toronto, and will be attached to the staff of the general freight traffic manager.

John Pullen, heretofore regional general freight agent, Montreal, is appointed to the position of freight traffic manager, central region, with headquarters at Montreal and the position of regional general freight agent is abolished as freight traffic manager, Montreal, is appointed to have jurisdiction over freight department matters on the central region.

R. E. Perry, presently general freight agent, Toronto, is appointed to the position of assistant freight traffic manager, Toronto, with same jurisdiction as heretofore.

C. W. Wells, now assistant general freight agent, Montreal, succeeds Mr. Fairhead as general freight agent, Montreal.

J. A. Argo, chief of tariff bureau, Montreal, has been named to succeed Mr. Wells as assistant general freight agent, Montreal, in addition to having supervision over rates and tariffs Atlantic and central regions. Mr. Argo will also deal with questions of divisions.

Will Make Survey Of Air Defences

(By The Associated Press)
WASHINGTON, March 23—Senior officials of the United States Army will survey the eastern Panama air defences within a few days in a flight over the Caribbean Sea to the canal.

In making the announcement today the War Department said two "Flying Fortress" bombers will take Brigadier-General George C. Marshall, deputy chief of staff; Major-General Henry H. Arnold, air corps chief; Brigadier-General George V. Strong, assistant chief of staff in charge of war plans division, and Major-Delos C. Emmons, commander of the army's mobile general headquarters air force, on the flight.

On the trip, expected to require about a week, short stops will be made in Puerto Rico, where the army and navy each plans a major air base, and in Panama.

TOMS LIKE BLONDS
SOUTHWOOD, Eng.—Jean, a green-eyed black cat owned by Arthur Cook, Southwood, is turning black. Her glossy coat is turning a delicate straw color.

BUSH FIRE RELIEF
MELBOURNE—Within a few days \$100,000 (\$80,000) was raised here for the Lord Mayor's Relief Fund in connection with the bush fires with 70 dead, 1500 homeless at least, \$1,000,000 (\$3,800,000) damage.

EFFORT

(Continued from page 1)

"His Majesty's Government feel bound to see that, as similar attempts have been made in the past this would arouse the successful resistance of this and other countries who prize their freedom."

Anthony Eden, former Foreign Secretary, in a speech to the American correspondents' Association called for full utilization of Britain's wealth, industry and manpower to meet "the menace confronting Europe."

Australia To Aid Great Britain In Air Rearmament

LONDON, March 23—Agreement has been reached between Great Britain and Australia under which airplanes will be built in the Dominion, Sir Kingsley Wood, Air Secretary, announced in the House of Commons today.

An air mission similar to the one which investigated Canadian aircraft possibilities has completed its survey in Australia.

In general, it has been agreed to manufacture in Australia airplane frames of British design, suitable for use by the Royal Air Force or the Australian air service.

The engine and certain parts and materials will be shipped from Britain. The minister gave no estimates of the number of planes.

The air mission to Canada resulted in development of a plan under which the Canadian aircraft industry is building planes for the Royal.

HITLER PAYS
(Continued from page 1)

he received in Austria and the Sudetenland when they were brought "Home into the Reich" last year.

Memel, a territory of 1,069 square miles, was detached from Germany by the Treaty of Versailles and was returned yesterday by Lithuania in return for German guarantees of non-aggression.

Whistles on craft in Memel harbor were tied down when the 10,000-ton German pocket battleship Deutschland brought the Fuehrer into Memel harbor. Their shrill din lasted until after he transferred to the little Leopard and stepped ashore at Memel pier.

It is his newest subjects an impressive demonstration of Nazi power abroad, in the air and on land. A large part of the German fleet conveyed him to Memel, the northernmost German port, where the Luftwaffe of the First Army Corps proceeded him by land and warplanes roared overhead.

Young Child Dies From Severe Burns

BRIDGEWATER, N. S., March 23—(CP)—Florence Sarty, 20-months-old daughter of Mr. and Mrs. Harry Sarty of Middlewood, near here, died in hospital today from severe burns about the face and body two hours after being admitted.

The parents were unable to say how the accident occurred. The father was absent from home where the mother was engaged in doing farm chores. The little girl and her three-year-old sister were left in the kitchen.

Mrs. Sarty was returning from the barn looked through a window and saw the child's clothing in flames. It was believed a spark from the stove ignited the girl's clothing.

Opinion Of Students Will Be Sought

SASKATOON, March 22—(CP)—A poll of student opinion on war service will be taken at the University of Saskatchewan Friday and simultaneously at other universities throughout Canada if plans materialize, Jack Lunnery, editor of the Student Weekly at the Saskatchewan University.

Students will be asked to answer the following questions:
1. Are you in favor of military action to check expansion of the totalitarian states?
2. If England becomes involved in war, should Canada enter the war?
3. Would you go to war if Canada is faced with invasion?
4. Would you favor conscription of (a) man-power (b) women?

Telegrams have been sent to editors of campus newspapers at other universities, inviting them to make up the poll.

Retrieved and approved by Dominion Headquarters
The Boy Scouts Association.

Hines Dynasty

Topples With Prison Term

NEW YORK, March 23—A political dynasty modestly begun in the 1870's by a blacksmith whose party faithfulness got him called for full utilization of Britain's wealth, industry and manpower to meet "the menace confronting Europe."

Anthony Eden, former Foreign Secretary, in a speech to the American correspondents' Association called for full utilization of Britain's wealth, industry and manpower to meet "the menace confronting Europe."

Judge Charles O. Nott ordered Hines to prison for acting as the hired political protector of the old Dutch Schultz policy racket. As the Tammany leader pulled himself erect to hear the judgment he pushed out his chin, and gulped.

He meant the breakup of a career which made Hines one of the most powerful bosses New York City ever knew—a supposed dispenser in recent years, a probation report submitted to Judge Nott, of federal government patronage in this area.

Appeal was planned by his counsel, from this, the most spectacular conviction yet obtained by District Attorney Thomas E. Dewey in his announced campaign to smash what he has termed the "criminal alliances" of some politicians.

Sea View and Vicinity

The recent storms of the past week reminds all that King Winter is still lurking round the corner, as the blizzard which piled the highways with snowdrifts has again put an end to motor traffic for a time at least, but all are looking forward to milder days as spring is supposed to begin on the 21st of March.

The schools here in Sea View were held on Tuesday the day of the bad storm but in several of the adjoining communities the teachers and pupils were unable to get to the schools.

Mrs. Wilson Adams returned home on Friday after spending a pleasant visit with friends in Kensington.

Although Tuesday was such a stormy day our mail driver, Harry B. Sarty, who is always faithful to his duties whether the travelling is good or bad made the trip that day according to schedule.

Mr. Heber Pickering spent the week end in Spring Brook the guest of Mr. and Mrs. Donald McKay.

The horse race which had been planned to take place at Graham's Pond Sea View, on Wednesday afternoon, was postponed owing to the heavy fall of snow.

Mr. James E. Murphy was a recent visitor to Charlottetown.

Kind sympathy from many friends is extended to Mr. Bert McKay and family in the sudden passing of the wife and mother from their home in Clinton.

Many were indeed shocked to learn of the passing of Mr. William Brennan at his home in Spring Valley at the age of fifty years. Mr. Brennan has been ill for only a few days with complications following flu. Therefore his death was a great shock to his family and friends. He was a man of quiet unassuming character and was greatly respected. He leaves to mourn his passing several sisters and brothers besides a wife circle of friends to whom kind sympathy is extended. His funeral was held on Monday morning at the Indian River Church, of which the deceased was a faithful member. Interment was in the adjoining cemetery.

Mr. and Mrs. Leslie Mountain Darnley, are receiving congratulations on the arrival of a little daughter to their home on March 18th.

Mr. and Mrs. John W. Murphy were among the visitors to Summerside on Saturday.

Many in this community deeply regret to learn of the serious illness of Mr. Stanford Gay at his home in Summerside.

Mr. Roy Adams and Mr. Caisley Adams were both visitors to Summerside on business.

A large number attended the parlor social which was held at the home of Mr. and Mrs. James Donald, Malpeque on Wednesday evening. All the guests who were present enjoyed the programme of readings, choruses and music. A delicious lunch was served by the ladies and a most pleasant evening was enjoyed by all. This gathering was under the auspices of the W. M. S. of Malpeque.

The many friends of Mrs. John Crater, Belle, are pleased to learn she is recovering from her recent illness.

Mrs. Benjamin Burns spent a few days recently with friends in Sea View.

Mrs. Byron Thompson, Kensington, was a recent visitor to Sea View the guest of Mr. and Mrs. Keir McKay.

Mr. Earle McKay was a visitor to Summerside on Friday.

Mrs. John T. McKay is spending a pleasant visit with friends at Malpeque.

Mr. Leslie Coulson who has been employed in Ontario during the winter is spending a few weeks with his parents Mr. and Mrs. Joseph Coulson.

Miss Margaret Adams is spending some time in Graham's Road the guest of Mr. and Mrs. Hugh Campbell.

A number from this community attended the funeral of the late Mr. William Brennan at St. Mary's Church, Indian River.

Many friends are sorry to learn that Mr. Gerald MacNitt is suffering from complications following the accident to his hand recently. All sincerely trust he may soon be well again.

Mr. Fred M. Donald was a visitor to Linkletter on Friday.

SEE AUTUMN ELECTION FOR GREAT BRITAIN

Belief Strengthened By Prime Minister's Appeal For Funds.

(By Guy E. Rhoades, Canadian Press Staff Writer)

LONDON, March 23—Belief that a general election will be held in the autumn was strengthened today by a disclosure that Prime Minister Chamberlain has written the Conservative Party Central Council making an urgent appeal for funds.

The Prime Minister's letter, contained in the council's annual report to be delivered at a meeting March 30, said:—

"I can assure you that more subscribers and larger sums are urgently required both in the country and at the central office if we are to carry out the desires of the party as expressed in the (Conservative) conference resolution and if we are to emerge successfully from what probably will be one of the most vital elections which has ever been held in the history of this country."

Mr. Chamberlain made no suggestion as to what the election would be, but it is considered most observers expected it would come in the autumn, probably September or October.

These observers regarded the spring as a bad time to launch a campaign because the season is already advanced and the time for putting its case before the public is short. Besides, they said, the foreign situation is in such a tenuous state that cabinet members and prominent party men are unlikely to feel that they could devote sufficient time to the campaign.

Should the European situation be straightened out by summer it might be possible to hold an election then, but that also is considered improbable owing to the British habit of passing vacations on the continent. Persons who can afford holidays abroad form a considerable bloc of those whom the government are particularly anxious to have here during the election.

Mr. Chamberlain's letter called attention to the fact that Conservative party funds can be raised more readily than in the past, while the Labor Party has available funds raised through unions and cooperative societies which may be used for political purposes.

Most likely will be delayed until the fall to enable the funds appeal to take effect as well as to increase the chance that European affairs may be clarified, possibly with credit to the government.

Suggests Way Of Aiding Fishermen

HALIFAX, March 23—Appointments of a resident deputy minister of fisheries in the Maritime Provinces to study and make recommendations on their fishing problems was suggested today by Premier Angus L. Macdonald.

Speaking in the debate on Conservative Leader Percy Black's resolution urging "upon the Dominion Government and Parliament the need for early action to terminate steam trawler operations," the Premier said he believed such an official could, if given the necessary authority, bring about within a few years a striking improvement in the fishing industry.

ton, was a recent visitor to Sea View the guest of Mr. and Mrs. Keir McKay.

Mr. Earle McKay was a visitor to Summerside on Friday.

<
