The window of W. W. Wellner's store on Sunnyside presents a fine array of exceptionally pretty novelties for the Christmas season. Many valuable suggestions are to be found in the numerous articles so gracefully arranged, and the gift, be it a valuable piece of cut glass or a pretty silver trinket, is rich in its carving and superior workmanship.

G. F. Hutcheson, Sunnyside, has in his show windows so many attractive pieces of jewelry, china, etc., that the Christmas shopper cannot resist the temptation to explore and then decide that the intended gift may be in his line of goods. The Abegweit club met last night in the Y. M. C. A. parlour and had a very successful and enthusiastic meeting. There were about seventy five present. The hockey question was thoroughly discussed and the outlook was never brighter. The club decided to return to their old colors of red and black as the blue and black were thought to be too dead. The referees also complained that it was hard to distinguish those colors in the game. **THE CHRISTMAS DINNER.**

In spite of the fact that the word dyspepsia means literally bad cook, it will not be fair for many to lay the blame on the cook if they begin the Christmas Dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope so for the sake of the cook! The disease dyspepsia indicates a bad stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.
