

NEW SCALE WILLIAMS PIANOS IN CARLOADS.

The winding up of the old year and the starting of the new year by the Williams Piano Co., Limited, argues well for 1904, as well as emphasizing the foremost position this piano holds in the esteem of the largest dealers of pianos in this country. On December 26th last they received by telegram an order for two carloads of pianos for immediate shipment to Dyke, Evans & Callaghan, of Vancouver, B.C., and on January 1st they received by telegram an additional order for a carload of pianos for immediate shipment to Fletcher Bros., of Victoria, B.C., which are two of the leading houses in the Canadian music trade.

The New Scale Williams which is becoming so justly celebrated all over Canada may be seen at the warehouses of the local agents, of this celebrated piano.

MILEER BROS.

MURDERED THREE.

TERRA HAUTE, Ind., February 23.—Jerry Dugan, a section hand, killed Mrs. Benjamin Ramsey, her daughter Myrtle, aged 4, and her son Albert, aged 2, by cutting their throats early today. Dugan then surrendered to a policeman. He admitted that he had committed the crime while in a jealous rage.

MESSRS. C. C. RICHARDS & CO.

Yarmouth, N.S.

Gentlemen.—In January last Francis Leclair, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINORS LINIMENT on him freely to deaden the pain, and with the use of three bottles he was completely cured and able to return to his work.

STANTON'S PAIN RELIEF

An INTERNAL and EXTERNAL Remedy for the Immediate Relief and Cure of

Rheumatism, Cramps, Colic, Sore Throat, Diarrhea, Faceache, Toothache, Sprains, Bruises, Neuralgia, Lumbago, etc., etc.

This is an internal and external Family Remedy, carefully calculated for general use, and should be kept in every household and in every traveller's grip-sack—do not overlook the fact that immediate attention to any ailment will save serious trouble, worry and expense. When a medical man is not at hand STANTON'S will do the work.

Soothe you and give you instant relief.

For sale everywhere. Price, 25 cts per bottle.

McGEE'S Balm for Burns, Scalds, Cuts, Bruises, Sprains, Stings, etc.

For sale everywhere, 50c per box or by mail on receipt of price.

Sole Proprietors, THE WINGATE CHEMICAL Co., Limited, Montreal, Canada.

O'LEARY DISTRICT S.S. ASSOCIATION

Met in the Springfield Methodist Church.

Profitable Sessions Held—Interesting Address by Rev. Adam D. Archibald, Halifax, N.S., on Sunday School Work.

The O'Leary district S. S. Association, held a very profitable convention in the Springfield Methodist church on Tuesday, Feb. 23rd. Afternoon session: devotional services were led by Rev. D. McLean, after which the President took the chair and called for minutes of last meeting which were read and adopted. The following schools were represented: Barton, Cape Wolfe and Springfield Methodists; Springfield Methodist school has a Normal Class, Home Department, Gradle Roll and a set of Goodrick's Maps, and bought a number of the temperance pledge cards from the F. S. to be used in their school. West Point and O'Leary Presbyterian schools also have Normal Classes.

Rev. D. McLean gave a very practical paper on "The S. S." He said the child begins to learn from its youth. It learns from the example of others. The child must be taught the word of God for there is no life eternal without a knowledge of God. They should first be taught in the home. Many a child has been converted in the S. S. This paper was discussed by Rev. G. P. Raymond and Pepper and discussion followed on the best way to raise funds for Association work. It was decided that this district raise \$80 and one way was with the collection slips for the scholars to collect as prepared by the Association.

A nominating committee was appointed to nominate officers for the coming year: Jas. Elder, Allen Strang, Mariel Lids one to report at the evening session.

A finance committee was appointed for to raise the amount allotted to the district: Henry Ritchie, Lot 10; A. J. Matheson, O'Leary; A. G. Campbell, O'Leary; Chas. McNeill, Campbellton; Jas. Elder, Cape Wolf; W. E. Brooks, Springfield; Michael McDonald, Glenwood. Meeting closed.

The evening devotional service was led by Rev. Mr. Archibald of Halifax. Minutes of last meeting were read and adopted. The report of the nominating committee followed:

President—Rev. D. McLearn, Maddock Lot 8.

Vice President—Rev. Joseph Webb, O'Leary.

Secy. Treas.—W. E. Brooks, re-elected. Additional Com.—Cephas Grigg, West Devon; A. J. Matheson, O'Leary; W. T. Costain, Cape Wolfe.

especially in the Sunday School for what is taught in youth would not be forgotten in old age.

The F. S. gave an address on Temperance and Normal Work. He showed the Convention the temperance pledge cards now used by the Association and urged all schools to have their scholars pledged. If we want to improve our schools we must have more Bible study for a teacher who does not study can't teach it.

Rev. Mr. Archibald gave an address on the S. S. teacher. The teacher must study his scholars, for no two scholars are alike. The teacher must know more than his scholars.

The F. S. gave a short farewell address, in closing thanking the workers for the interest that they took in his work also for the kindness shown him throughout the district and wishes them success and God's blessing in their work. The following resolution was then read:

Resolved that this Convention desires

GOOD NEWS FOR THE OLD PEOPLE.

A New Source of Strength and Vigor for Those Who Feel Their Vitality Waning and Suffer From the Ills Consequent on Old Age.

The story of Dr. Chase's Nerve Food is a story of great cheer for the old people. It is a source of strength and support at that time in life when vitality begins to decline, and the weaknesses of age begin to make themselves felt.

Young blood is warm blood—it is rich, pure and life-sustaining; and it is by actually forming new blood that Dr. Chase's Nerve Food proves of such wonderful benefit to the aged.

As the years go by the blood gets thin, watery and impure, and fails to supply the nourishment required to keep vitality at high water mark. Circulation gets bad, and the nervous system suffers. Besides the pains and aches, besides the weakness and dizziness, there are feelings of numbness which tell of the approach of paralysis and locomotor ataxia.

Judging from the experience of the thousands of old people who have test of this great food cure, it seems to be exactly suited to overcome these conditions, consequent on old age.

Unlike ordinary medicines, Dr. Chase's Nerve Food is entirely restorative in action while others seek to tear down the tissue. Dr. Chase's Nerve Food cures by forming new, firm flesh and tissue, and building up the system. It thus permanently overcomes disease and affords lasting benefit.

Mrs. Sarah Gill, 254 Euston Street, Charlottetown, P. E. I. states:—As a natural consequence of increasing age I was beginning to feel run down and felt that I needed something to tone up my system. I procured a box of Dr. Chase's Nerve Food and can say that I found it a most excellent medicine. I have used several of Dr. Chase's preparations and always found them very beneficial. I consider Dr. Chase's Nerve Food the best Nerve and general tonic I have ever used.

to place on record its appreciation of Rev. G. P. Raymond's services as F. Secretary; regrets his departure from us and wishing him much success in his new field of labor.

Moved by Rev. W. R. Pepper seconded by W. E. Brooks and carried. The singing was in charge of Bethel Choir and was very much appreciated. Convention closed to meet again at the call of the Executive.

Rev. D. McLEAN, President.
W. E. BROOKS, Secretary.

MANHUNTING BY DOGS.

Bloodhound Trials to Be Held in the English Midlands.

The third series of working trials of the Association of Bloodhound Breeders is to be held within the next few days in a remote part of Warwickshire, and although Croxton Smith has not been inundated with applications to witness the trials, as was the case on the occasion of the gathering on the Yorkshire Wolds in 1898, sportsmen and women—as well as police authorities—in various parts of the country have shown interest in the meeting by asking for particulars of the place where hounds throw off in the two stakes scheduled for decision. For many reasons a crowd is not desirable, and although Croxton Smith is issuing invitations to those really interested, every effort is being made to avoid the collection of a large crowd.

There are nine entries in the two stakes, the larger one being that for single hounds, to be tested over a line of three miles on a trail one hour long. In this stake the hounds will run in couples, and there is little doubt that emulation will be little doubt that emulation will be in the competition, for hounds will naturally race for the lead.

The second stake will be in the shape of a change test for single hounds, an arrangement having been made by which the line originally laid will be crossed and re-crossed by a strange runner, with a view to testing the ability of the competing hounds to hold a line of three miles laid an hour previously. This is quite an innovation, and so rigid a test should be of the greatest utility, for at previous trials there has been a doubt at one stage or another as to whether the original line, having been crossed, had been held.

An Irish sportsman, who for some years has used bloodhounds for hunting up red deer in Tipperary and then tracking the wounded, has entered a couple and hopes to make a good show; but, for the first time since the institution of the trials, E. Brough, of Scarborough, who has done so much towards improving the breed, will not be represented directly, although most of the competing hounds are of his strain.

It was Mr. Brough, by the way, who at the time of the "Jack the Ripper" scare in Whitechapel offered the use of a couple of his hounds after they had given proof of their ability to track a man on a cold line by running "to earth" Sir Charles Warren, then Chief Commissioner of Police, in Hyde Park. The idea that the bloodhound can pick one trail out of a hundred after any interval of time and any amount of disturbance, and devour its quarry, more particularly if a man, at the end of the hunt, is exploded. That much might be done in the detection of crime were bloodhounds kept as adjuncts to country police stations is indisputable, but they must be put on the line of the suspect as soon as possible.—London Daily News.

Revelist and all athletics depend on BENTLEY'S Liniment to keep the joints limber and muscles in trim.

Perfect Digestion Means Health.

A Good Stomach Keeps Every Part of the Body in Perfect Condition and Disease Cannot Break In.

A POSITIVE CURE FOR BAD STOMACHS.

You Can Also Enjoy Mince Pie if You Take Stuart's Dyspepsia Tablets.

If your stomach is all right, you are all right. Why are growing boys nearly always healthy? Because they have not abused their stomachs by excessive eating and drinking and weakened or destroyed the functions of that organ. Because they eat what Nature demands of good wholesome food and then take plenty of exercise and run and romp and help out in the process of digestion and keep their stomachs strong and well. The same is true of men who lead active outdoor lives and engage in physical activity. Their digestion is perfect, the food nutriment is properly assimilated, the blood is pure and healthy and you seldom hear of them being affected with headache, backache, kidney trouble, liver trouble, constipation or any other of the common ills that always afflict those with bad stomachs.

If there is anything wrong with you, be sure your stomach is right. If it is not right, get it right and do it in the right way—that is the natural way.

Stuart's Dyspepsia Tablets are a natural remedy for all stomach disorders and weakness. They possess exactly the same properties that the gastric juices and other digestive fluids of the stomach possess and they actually do the digestive work of the stomach and enable that organ to rest and recuperate and become sound and well. They act in a mild, natural manner and cause no disturbance in the digestive organs. They prevent any fermentation of the food which causes sour stomach.

Stuart's Dyspepsia Tablets instill health into every part of the human body. They compel perfect digestion of the food and perfect assimilation of the food nutriment. Every organ and part of the body is kept in repair and good health necessarily results. At the same time the stomach, being relieved of the work of digestion, gets well and strong.

A prominent Detroit physician says: "I prescribe Stuart's Dyspepsia Tablets for all cases of stomach trouble. I have tried many prescriptions, including a number of my own, but find nothing that gives such universal relief as this remedy. They are natural, harmless and thoroughly effective in their work, and while I have a natural antipathy to patent medicines, I do not hesitate to prescribe and recommend Stuart's Dyspepsia Tablets on all occasions."

The above is no exception. The best physicians are prescribing them all over the land. They can be had of any druggist for 50 cents a box, and if your own doctor is real honest with you, he will tell you frankly that there is nothing so earthy or good for dyspepsia as Stuart's Dyspepsia Tablets.
