Winnipeg Grain

WINNIPEG, Sept. 29— (CP)— The United Kingdom was allocated 900,000 bushels of wheat on the Winnipeg Grain Exchange today.

On coarse grains futures, Winnipeg oats showed a firm trend on buying attributed to American houses and shippers. Offerings were fairly liberal but well absorbed.

Barley showed some irregularity following early buying by shippers and American interests.

Rye came in for some commission house buying.

Stock Markets Continue Recovery

NEW YORK, Sept. 29— (AP)— Continuing its second day of recovery, the stock market today gained fractions to beyond a point in a dull session.

Rails and oils provided the most active interest and the best advances, while steels and motors were among the favorites with smaller plus signs.

Airlines and utilities were narrowly mixed.

Oils advanced yesterday after one company raised crude prices, and London oil stocks advanced on the theory that increased American prices would be reflected around the world.

At Toronto

TORONTO, Sept. 29—(CP)—On the Toronto Stock Exchange base metals chalked up the best advances today. Golds were quietly better and the few western oils trading were ahead.

Noranda sparked the active base metals list with a gain of 1 1-8 at 51 3-4 and touching a new high at 52 1-2. International Nickel was also ahead fractionally and Reeves MacKenzie, Waite Amulet, Sherritt Gordon and Golden Manitou gained 6 to 14 cents. Eureka and Quebec Labrador were the only losers.

At Montreal

MONTREAL, Sept. 29 —(CP)— All groups of selected industrials moved into better positions during quiet trading on the Montreal Stock Exchange and Curb Market today. Gains were mostly fractional, but a few issues moved in a wider range. Trends were about mixed in mines and sales were dull.

Closing averages indicated banks up .02 at 26.46; utilities up .1 at 72.1; industrials up .6 at 126.3; papers up 2.96 at 342.88 and golds off .54 at 59.13.

DRY SOIL CAUSES BREAKS

WINNIPEG — (CP) — Twenty-two breaks occurred in city water mains during August, and for three days in September mains cracked at the rate of three a day. Dry weather, causing drying and shifting of the clay soil, was responsible, officials of the city engineer's department said.

VANCOUVER, — (CP) — Police summoned by phone to a wharf here found two reported "nudists" fully dressed. The mother of two girls, aged two and three, admitted they'd eluded her at bathtime earlier.

YEAR ROUND PROTECTION

Vitamin D is essential to build strong bones and teeth and guard against rickets. Contrary to popular belief, rickets is widespread in Canada. Vitamin D is one of the best preventive medicines known. See that your child has an adequate supply every day, all year round.
