Baptist Women's Auxiliary Meets

The regular monthly meeting of the Women's Auxiliary of the Charlottetown Baptist Church was held in the School Room on Monday evening, November 14th, with the president, Mrs. A. K. MacPhee, presiding. The devotional period was in charge of the Dorcas Group. This was led by Mrs. Albert Baker and Mrs. Harper MacNeill, who took as their topic "Prayer." Mrs. J. D. Davison presided at the piano.

A lengthy business period followed, during which plans were discussed for the forthcoming Christmas tea and bazaar. A nominating committee, consisting of Mrs. Albert Baker, Miss Alma Yeo, and Mrs. Harper MacNeill, was appointed to bring in a new slate of officers for the ensuing year. A report was given on the activities of the Rainbow Club of Sunset Lodge. A "rainbow" afghan is now being made for the ladies of the Lodge, and plans are being made for special treats for them for Christmas.

After the business, pictures were shown by Dr. J. A. Clark, showing the beauties of Bermuda and the West Indies. These pictures were made by Dr. Clark during the trip taken by Dr. and Mrs. Clark last spring. He also showed several lovely pictures of Prince Edward Island, which proved to be equally as beautiful as those of Bermuda. The pictures were greatly enjoyed by all present, and a hearty vote of thanks was tendered Dr. Clark for his very interesting illustrated "travel talk."

The meeting closed with the Missal Benediction, after which delicious refreshments were served by the Friendship Group.

Egg And Poultry Market Report

Local receipts of graded eggs are very light and not sufficient to meet demand, Mr. F.M. Nash, Supervising Poultry Products Inspector said in a Dominion Dept. of Agriculture and poultry market report.

As a result of this condition, paying prices to producers for ungraded eggs have advanced. Some Charlottetown dealers are now quoting producers for ungraded eggs delivered AL 54-5, AM 49-30, AP 35-6, B 42-3, C 28-31. Dealers are quoting stations for the graded pack delivered AL 56-7, AM 52-3, AP 39-40, B 46-7, C 33-4 and culling retailers for the graded cartoned pack AL 63, AM 59, AP 45-8, B loose 51. Retail price to consumers is somewhat unsettled and prices are AL 70-76, AM 65-6, AP 52-7.

Poultry receipts are still light. Live heavy chicken and capons continue to move to U.S.A. Demand for chicken has increased with the result paying prices have advanced. Dealers are now quoting producers for dressed chicken over 5 1/2 lbs delivered Special Milkfed 39, AMF 37 1/2-38, B 31-2, C 21-2 and 5-5 1/2 lbs., one cent less per pound. There has been no change in fowl prices. Dressed fowl 5 1/2 lbs and up A 27, B 25.

It is difficult to secure any information on turkeys in a way of price which would be of assistance to producers in marketing their crop. It is known that there will be 15 per cent more turkeys in U.S.A. to be marketed than in 1948 and approximately 10 per cent more in Canada. At Thanksgiving time Canadian turkeys sold from ten to fifteen cents per lb. less than last year. The trade in Canada—U.S.A. look for cheaper turkeys. Dealers here are quoting for dressed turkeys young hens all weights A 43, B 39, C 25, and Young toms 18 lbs. and under A 26, B 32, C 20 and over 18 lbs A 32, B 27, C 20. Old hens all weights A 36, B 32, C 20 and old toms all weights A 29, B 25, C 20. Dressing all weights dressed A 34-5, B 29-30, C 22-1 and ducks all weights dressed A 35, B 30, C 20.

6. Military occupation of Japan should be ended as quickly as possible and a general conference that would include Canada should seek to write a peace treaty. Canadian recognition of China's Communist as the government would come only after their independence from foreign domination was indicated.

Recalls Real Danger Mr. Pearson recalled "real danger" at the time of Britain's dollar crisis that the Western world would be split in two with "disastrous" results for economic and defence developments.

The most important aspect of Anglo-American-Canadian conferences was the "united front," the decision to regard it as a "common crisis."

One example of the difficult Canada—U.S. problems was the St. Lawrence seaway power and navigation project. Recent work had cleared the way for a quick start once legislative approval was given. For strategic reasons alone, Canada hoped that Congress would take action to approve it "without much further delay."

Temporary landing rights had been granted American air lines in Canada pending approval of a bilateral air agreement but "it will be appreciated of course that temporary arrangements of this nature cannot be continued indefinitely." Canada hoped and expected that the treaty, being buck-

highest standard of living in the world. "The next year will determine whether the new world will live itself in its dollar insecurity and the rest of the world behind its sterling bars equally insecure."

"We must—by importing British and European goods—make it possible for European countries to earn dollars to pay for goods and services they so badly need and which we can produce in abundance. By similar methods we must try to get back the markets of our sister Dominions and those of the British West Indies."

Tells of Work For Children

Mr. A.B. MacDonald, Canadian Chairman of the United Nations International Children's Emergency Funds addressed representatives from eleven organizations last night at the Charlottetown on the work of the organization. Mr. Graham Rogers presided.

Mr. MacDonald is making a tour of the chief Canadian centres to promote the organization of a modified appeal for funds throughout Canada. Last night a committee of six were appointed to call a meeting of the various organizations to formulate plans for an appeal on the Island.

The committee includes: Messrs O.R. Simons, temporary chairman, H.R. Vessey, Waltham Gaudet, Mrs. Frank Murray, Hon. Wilfred Arsenault and Miss M. Robin.

Last year Charlottetown led all centres in Canada per capita in obtaining funds for this organization, the Island placing second a few points behind Saskatchewan. Mr. MacDonald was only commended those present for their fine showing.

Discussion on the steps required to be taken was heard last night and members from each organization promised to give their full support to the appeal.

Hon. Wilfrid Arsenault, Provincial Secretary, spoke briefly to the group promising all the support it would be in his power to give.

Organizations represented were: Y's Men, Rotary Club, Canadian Legion, C.W.L., Women's Institute, Board of Trade, Kinsmen, Women's Auxiliary of Zion Church, Co-operative, Credit Union, and Knights of Pythias.

The little Brownies of the 15th Pack held a very serious meeting on Tuesday. It was a session of Test work for Tweenies and Golden Bar workers. The Field Secretary was greeted with joy by those ready for tests and they could hardly wait to get off coats before starting to work. Tweenies, Patsy Outway, Alberta Murphy, Carol Gallant, Jeanette Condy, Bessie McDougall, Carol McKay, Phyllis Thompson, Judy Birt and Olga Shaw all passed the Recruit test in a straightforward manner and with no hesitation. They will be enrolled as Brownies at a future meeting. Other Brownies completed sections of the Golden Bar Test, walking the line was a real favourite as also was the skipping. The F.S. talked about the test work to be done and emphasized the importance of being a first class Brownie. In the Pow Wow ring a new story was told and the Brownie Prayer was repeated by all the Brownies. It was a real work evening for the Fairies, Elves and Pixies, but as one little Brownie said, I am going to work until 12 o'clock at night on my test for next week. (I wondered what poor Mother would say about that Guide Field Secretary). They are such a bright group all trying hard to do good turns and be good Brownies, that Mothers in Parkdale must get LOTS of dishes washed and rooms tidied???

Mrs. Ivan Vessey and Mrs. McKay, Brown and Tawny Owls, give lots of new ideas to the Brownies and introduce the right amount of work as well as play. Results of past hard work and difficulties overcome are now becoming apparent and the Pack is beginning to win laurels and grow larger all the time.
