THE CHARLOTTETOWN GUARDIAN

THURSDAY MORNING, JANUARY 4, 1906

THE BRITISH NAVY.

The alliance with Japan whose splendid efficiency as a naval power has been so well proved, and the result of the war in the East, have both had a marked effect upon the re-organization of the British navy and the location of its fleets.

AGE AND YOUTH IN THE CABINET.

The new British Cabinet like the Empire itself combines the elements of thoughtful age and youthful energy. The hoary antiquity of imperial India, the venerable years of the United Kingdom and the youthful vigor of the Dominion of Canada and the Commonwealth of Australia are in some sort typified in the contrasting ages of the men whom Sir Campbell Bannerman has associated with him in the Government of this vaster Empire than has been.

CANADA LEADS THE WORLD.

The total deposits in Canadian banks at the close of the year was \$522,317,000, the increase during the year being over \$56,000,000, or more than a million a week.

WESTERN TRAIN SERVICE.

The winter train service west of Summerside is very unsatisfactory to the people it is intended to serve. On the other hand the Railway authorities do not feel at liberty to give them what they ask for.

The Ontario Government built, owns and operates the Temiscaming and Northern Ontario Railway which in the year just closed produced a clear surplus of \$100,000.

Boston Herald:—The government at Ottawa is not willing to fill up the country with undesirable citizens, and thus far, apparently, it has had no difficulty in getting a large share of what we should consider the cream of immigration—that is, an incoming made up of English speaking people.

The change of Government in the United Kingdom will bring no change in the Speakership of the Commons. The dominant party in Britain does not insist that the speaker shall share its political preferences, as is the case in Canada and the United States.

The amount of oil flowing or pumped out of the earth in a year amounts, according to the Scientific American to 219,000,000 barrels of 42 gallons each, and of this vast quantity something more than one-half is produced in the United States.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it.

COMING EVENTS.

City Council meets on the second Monday in each month. Dr. F. F. Kelly Mayor; W. W. Clarke, City Clerk.

Minar's Liniment for sale everywhere.

Fire-sale bargains. Tallor made skirts in black and mixed tweeds, fashionable, perfect fitting garments worth up to \$4. Today on sale at \$1.35. Weeks & Co., Queen St.

What is Meant by "Protein" in Flour?

"Protein" in food is the food element that makes bone, muscle and brain.

Pure flour contains more protein, in its most useful form, than any other food, but the flour must be pure.

ROYAL HOUSEHOLD Flour is milled to make it the purest in the world: therefore it contains more protein, is more nourishing, is most economical to use.

It pays the housewife to insist upon getting "Royal Household" guaranteed flour, instead of taking a poorer flour which the grocer may be interested in selling.
