

THE PRINCE COUNTY GUARDIAN

Offices in Summerside, John Dickison, Agent, and in Alberton, Herbert Clark, Agent.

The latest news, first of all. The S'side town meeting held on Tuesday night was adjourned to meet again tonight.

Mrs Munsey, Cape Traverse, is visiting in Summerside the guest of her sister Mrs Dr Tanton.

At the meeting of the S'side citizens Tuesday night James A. Morrison announced that he was a candidate to fill the position of Mayor of the town of Summerside.

A stranger from Montreal, who was at the skate in the Summerside rink the other night, said that the Summerside rink building was as good as any in Montreal or any other city in Canada.

The street lights were turned on Tuesday night for the accommodation of citizens who attended the civic meeting. Also for the benefit of those who attended the rink. The town council paid the bill.

A requisition signed by a large number of the rate payers of Summerside has been handed to Dr Alex McNeill asking him to nominate as a candidate for mayor. The doctor will give the people a decided answer at the town meeting tonight.

The skate in the Summerside rink Tuesday night was much enjoyed by the large number of people who were present. The special train brought a goodly number of folk from Charlottetown. The best of order and good feeling towards every one prevailed. The ice was in the pink of condition and Prof. Whitney's band furnished sweet music.

A young man by the name of Frank Wedge was arrested and brought before the Police Court yesterday morning charged with stealing some bags of grain from the barn of Levi Silliphant on Sunday evening last, but as there was not sufficient evidence to convict him he was released. At the trial it was shown that Wedge was seen driving in a sleigh that left a peculiar mark made by the runner. This mark was clearly traced from Silliphant's barn to a building in another part of the town.

Good Gluten, Madam, is the Soul of Flour

When it is that gives to your dough consistency and elasticity which makes it expand, which compels it to rise fourfold in your oven. The more and better gluten in your flour the more water it will absorb and retain. The more bread you get for the same money and mighty fine bread it is. So that there is such a thing as Flour Economy.

Gluten, Mistress Housewife, is the active principle in FIVE ROSES flour, the framework of your loaf. Without which your bread and pastries would be heavy and soggy, putty-like, like lead on the stomach, like lead on your baking aspirations. Some flours are white—even very white—yet make loaves in appearance poor and dingy, all for the lack of gluten. Not so with FIVE ROSES, Madam.

And it's a word to conjure with, Madam. Coming from your oven in delicious batches of glorious shapely loaves that gladden the eye—thin crackling crust that is tooth-teasing—a beautiful golden bloom crisp yet tender. Evenly distended pile and yielding crumb of a smooth, velvety texture. Loaves that are close-cutting, featherweight, that keep fresh for days without crumbling. Everyday baking consequences for the woman who knows. If you now feel ashamed of your baking, Madam, and want to know the joy of good work well done, time well spent. If you want your money's worth, your labor's worth, your time's worth— Surely, YOU will get FIVE ROSES.

Milled it is from the wholesome, polished Manitoba Spring Wheat berries, the cream of the kernels alone. Therefore is it exceeding rich in gluten of the best color and strength. There is no more glutinous flour than FIVE ROSES, as your results will prove.
