Local dealers in chessmakers' supplies find a difficulty in securing hardwood logs of a suitable dimension for making chess boxes. This draws attention to the fact that this Province has been practically denuded of large hardwood. This seems rather a pity because at the present time maple, birch and beech suitable for making chess boxes are of value. If some of the splendid trees so freely cut down a generation or so ago had been preserved, wherever possible, they would have proved a source of wealth to the province to-day. The Guardian has been informed that some good logs have been procured from the west river section, a very little from the other parts of Queen's County. At Murray River a car-load or so has been got together but the scarcity of this kind of lumber compared with its abundance twenty or thirty years ago is surprising.

One fifth of an inch of rain fell in the City Saturday.

Rev. D. B. McLeod, Dugg and Alex. Martin, Valleyfield, were in the City Saturday.

Persons desiring information by phone about the Guardian's Big Free Trip are requested to ask Central for 132-2.

Prudence C. Wood has returned to her home in Hazelbrook after visiting in Clifton the guest of the Misses Farquharson.

Mrs. Wm. Judson, Pownal, and daughter Mrs. A. E. Wood, Hazelbrook, have returned home after visiting relatives in Dunstaffnage.

The warmest temperature registered Saturday was forty one degrees above zero, at nine p. m. the temperature stood at thirty seven degrees above, that being the warmest recorded up till that time. Friday night the warmest registered was thirty eight degrees above.

A most enjoyable time was spent at the home of Tobias Coady, Hazelbrook, on Wednesday evening last by a congenial company of young people including some from the City. Music, interesting games and dancing made the hours of pleasure seem all too short. The entertainment of all was greatly added to by Miss Gertrude Coady and Mr. Mannis. A delightful repast provided by the hostess completed the events of a social evening of rare enjoyment.

Hugh McMillan of New Haven, has purchased the Nelson farm at Cornwall, and intends moving to his new home in the near future. It will be remembered that the owner of this property, David Nelson, has been obliged to abandon farming here, owing to ill health, and has gone abroad in the hope of regaining his health. While the neighbors, and many friends of Mr. Nelson, regret that he has had to leave his native province, and that by his departure they have lost a friend of sterling qualities, still, they are glad to know that his property has passed into the hands of one so highly respected as Mr. McMillan.

**Pneumonia's Race with Consumption**

**These Two Diseases Mow Down Annually Ten Times More than War and Famine Combined.**

At this season, of the two evils pneumonia is most to be feared. It develops quickly and if not taken in time leaves the patient but a slim chance for his life. Look out for the little cold, don't let it run—keep it from developing into either pneumonia or consumption.

Who knows of a real trusty remedy that can be relied on to cure colds as quickly as Nerviline, it is impossible to find anything that draws out inflammation, eases that tight, congested feeling, gives such relief as Nerviline. Why for fifty years in thousands of homes no other medicine is even kept. "Sometimes I hurried off to work without an overcoat," writes Mr. C. C. Hinckley, of New London, "and as a consequence caught severe chills. I neglected the cold that was tightening around me and finally La Grippe held me in its grip and I was taken to bed as helpless as a child. I feared pneumonia most, but fortunately I had lots of Nerviline in the house. When it was well rubbed into my chest, a hard, tearing cough loosened up. I used Nerviline as a gargle and got some in my throat in a few hours. Every four hours I took half a teaspoonful of Nerviline in hot sweetened water to break up the fever and chills. My chest felt weak and tender after this attack and for several weeks I wore a Nerviline Porous Plaster which strengthened my chest and prevented a relapse.

"I can recommend Nerviline as the best and only cure for coughs, colds, tight chest, sciatica and rheumatic pains."

Don't be misled into taking anything but "NERVILINE," fifty years' success stands behind it. Large 25c. bottles at all dealers.

Mrs. Wm. Judson, Pownal, and daughter Mrs. A. E. Wood, Hazelbrook, have returned home after visiting relatives in Dunstaffnage.

The warmest temperature registered Saturday was forty one degrees above zero, at nine p. m. the temperature stood at thirty seven degrees above, that being the warmest recorded up till that time. Friday night the warmest registered was thirty eight degrees above.

A most enjoyable time was spent at the home of Tobias Coady, Hazelbrook, on Wednesday evening last by a congenial company of young people including some from the City. Music, interesting games and dancing made the hours of pleasure seem all too short. The entertainment of all was greatly added to by Miss Gertrude Coady and Mr. Mannis. A delightful repast provided by the hostess completed the events of a social evening of rare enjoyment.

Hugh McMillan of New Haven, has purchased the Nelson farm at Cornwall, and intends moving to his new home in the near future. It will be remembered that the owner of this property, David Nelson, has been obliged to abandon farming here, owing to ill health, and has gone abroad in the hope of regaining his health. While the neighbors, and many friends of Mr. Nelson, regret that he has had to leave his native province, and that by his departure they have lost a friend of sterling qualities, still, they are glad to know that his property has passed into the hands of one so highly respected as Mr. McMillan.
