

Business success today depends on "speed of sales in excess of the speed of overhead expenses."

A business must keep going till it shows a profit. The sooner it can show a profit the less capital it needs.

SAY PRISONERS NOT SHOWN TO WITNESSES

(Canadian Press) MONTREAL, June 15.—Stronous efforts by defence counsel in the trial of the six men charged with murder in connection with the riddling of the Hochelaga Bank collection car of \$142,288 and the shooting dead of its chauffeur and one of the bandits engaged in the holdup, failed to bring out evidence that witnesses, Desire Berthiaume and Mrs. Berthiaume, were shown Serafini, whose second trial on the above charge is now under way, and were given an opportunity to identify him soon after his arrest.

Sergeant Detective Dominic Pusie was grilled by Alban Germain, K. C., for the defence, but the detective stoutly denied any knowledge of such confrontation having taken place. Detective Walsh also declared that between the time when he arrested Serafini and Niagro on the evening of the hold-up on April 1, they were certainly not shown to any persons for identification purposes. Earlier in the hearing Pusie said that the crowd of men who were brought to the coroner's inquest on April 9, in which were included Serafini and Niagro, were unshaken and unshamed with a week's beard on their faces. At that time various people tried in vain to pick out from this crowd anyone they could identify. In the morning session the question of why the police ceased to protect the Bank of Hochelaga collection car after having followed it for eight days about a month before the hold-up, again cropped up. The same question came up at the first trial of Serafini, when R. L. Calder, K. C., Crown prosecutor, offered to make a statement in explanation but the court ruled such explanation out of order as irrelevant to the case. Today also the point was not gone into.

To Observe July 1st As "Humiliation Day"

(Canadian Press) VICTORIA, B. C., June 15.—While Canadian flags will flutter gaily from masts today in commemoration of Canada's birthday July 1st, Chinese flags in the city will fly at half mast and Chinese homes will be festooned with wreaths of mourning, for smarting under the deep sense of insult offered them in the recent immigration regulations Chinese residents here will have designated July first as "Humiliation Day" in memory of their humiliation. Local Chinese memory will not be allowed to fade and humiliation day will not be confined to Victoria but will be observed in every city in Canada where Chinese residents reside.

Was Big Year In Sale Of Scotch

(Canadian Press) LONDON, June 15.—Buchanan Dewar Company, the Scotch whisky trust, in their annual report say the year 1923 was the biggest year in the history of the whisky business. During the 12-month period the company sold at home and abroad, principally abroad, \$10,000,000 worth more than ever before.

GOV'T TO TAKE DRASTIC ACTION

British Admiralty and War Office Will Send Men to Prevent tie-up.

(British United Press) LONDON, June 15.—The Tube strike, which twenty-four hours ago showed signs of collapse seems to have taken on a new lease of life and it has forced the Government to take action. It is announced this morning that if the strike extends the Cabinet is prepared to take drastic action to quell it. The Admiralty and the War Office have been warned to send men to carry on the essential work at the power houses and plants, the proclamation declaring that a state of emergency exists and has forced the Government to take this step. The cabinet discussed the extent and spread of the communist movement at its session yesterday and decided that the Government would fight this group with what amounts to almost the full power of the Government. The cabinet has information that a million and a half dollars has been received largely from Russia during the last three years to extend and support the communist cause. The avowed aim of the communists is to end the capitalist system through making industry unremunerative thus forcing the capitalists to hand over their factories and holdings to the state. The Premier is completing his investigations and will make a full statement to the House of Commons in the course of the next few days.

TWO MILLION DOLLAR TRAIN ROBBERY OUTSIDE CHICAGO

Guns and Bombs Used in Raid—Clerks Forced To Pick Out Valuable Pouches—Several Arrests Made.

(Canadian Press) CHICAGO, Ill., June 15.—Forty sacks of registered mail, containing cash and bonds estimated at between \$1,000,000 and \$2,500,000, were seized last night by a band of between 20 and 25 men, who held up the Chicago, Milwaukee and St. Paul mail train near Roundout, Ill., 30 miles north of Chicago. Gas bombs were used by the bandits on two cars when the mail clerks refused to open the doors. The bandits worked for more than an hour sorting out the mail sacks. The police said one of them was shot accidentally by a comrade. After the robbery the bandits sped away in automobiles. A little before midnight, as the mail train approached Roundout, someone pulled the signal cord. When the train was stopped, a band of men rushed out of the darkness some firing revolvers. Bullets crashed through the windows of several cars and whistled about the ears of the engine crew. The train was made up of 11 cars, the third from the engine carrying most of the loot. When the car crew, consisting of Jacob Weiss, T. A. Johnston, F. M. Cunningham and R. M. Peterson, refused to open the doors, a fusillade of shot-gun and revolver fire was turned on the car. Then a tear gas bomb was hurled in. The heavy fumes drove the crew out.

Make Clerks Sort Them.

A second car was entered in the same way. The bandits forced the clerks to sort out the sacks and deliver the money sacks. In the meantime other members of the gang kept guard over the train crews while still others of the robbers ransacked the remaining cars. Sometime after midnight the bandits, using several automobiles, sped away.

The alarm was given a few moments later and police and citizens from a dozen cities hurried to the scene. The money and bonds were being shipped to banks in Minneapolis, St. Paul, Milwaukee and points farther in the northwest, including Seattle and Portland.

Knew Railroaders. CHICAGO, June 15.—In the robbery of the Chicago, Milwaukee and St. Paul mail train last night the loss carried today was estimated at about \$2,000,000, but bank officials said a careful check might show it to exceed that figure. The train carried more than 70 mail clerks and guards, all armed, but only those in three cars were compelled to face the guns of the robbers. Those cars carried the registered and first-class mail. Officials are certain that the hold-up was arranged by men thoroughly familiar with the railroad and railway mail clerks. At least two of the robbers concealed themselves aboard the mail special before it left Chicago. The train had just gone through Roundout and was traveling close to sixty miles an hour.

Betting 3 to 1 in Favor of Smuts Government

(Canadian Press) CAPE TOWN, S. A., June 15.—There is no likelihood of an estimate as to the result of the general election on June 17th according to the view of a special correspondent of the Cape Times who has been keeping in close touch with the progress of the political campaign. "One side or other will get a substantial majority, he says. The Johannesburg stock exchange is betting three to one on the Smuts government being victorious at the polls.

BRI. HOUSE TO DISCUSS PREFERENCE

(British United Press) LONDON, June 15.—There will be a full dress debate next Tuesday in the Commons over preference proposals adopted at the last imperial conference. All resolutions will unquestionably be turned down but the government is not making the matter a party issue leaving the question to individual freedom of choice of the members. Labor on the whole is definitely against a preference and Liberals will support this attitude almost to a man in spite of protests that have been received from the Dominions. Baldwin will introduce a resolution calling for the entire abolition of existing duties on certain empire produced goods including rate bonuses and existing preferences and application of new duties on goods of foreign origin and manufacture in order to give preference to empire goods. It is possible that through a measure of liberal support certain duties will be abolished especially on dried fruits while it is likely that the duty on empire grown tobacco will be lowered but further concessions are unlikely.

Postmasters' Convention At Montreal

(Canadian Press) MONTREAL, June 15.—Following the annual convention of the Canadian Postmasters' Association here on June 18 and 19, a strong delegation from that body will proceed to Ottawa to interview the Dominion Government on the matter of salaries, and other issues in which the postmasters are interested, for the good of the service. It is expected that the aims of the association will be outlined in the address of the President H. W. Cox-Smith, of High Bluff, Alta., on the first day of the convention.

Albanians Dispute Over New Regime

(British United Press) VIENNA, June 15.—A quarrel has now arisen among the Albanians as to the form the new Government shall take, according to dispatches reaching here today. The Catholic priests of northern Albania have commenced agitation for the selection of some Italian prince as king. Meantime the country is under the temporary rule of three military dictators. An Albanian destroyer is lying off Durazzo.

Want \$10 Per Hog-Head For Herring

(Canadian Press.) JOHNSON CITY, Tenn., June 15.—At least 22 persons are dead and probably more as a result of a terrific cloudburst that Saturday wiped out Carters Bluff and Hunter near here.

WIRE BRIEFS

(British United Press) LONDON, June 15.—Premier MacDonald discussing the political situation of today with intimate friends of his boyhood during a visit to Lissiemouth, said he had no idea when there would be a general election but was convinced that when it did occur labor would be returned with a stronger following than it enjoys today.

Search Being Made For N. Y. Jewel Thief

(Canadian Press) NEW YORK, June 15.—Scores of federal officers are stalking twelve New York jewel pirates through the lonely wastes of the Canadian-New England border country, to prevent their escape into the Dominion. A picket line extending for miles has been established in an effort to apprehend the men who perpetrated a daylight robbery and kidnapping on Wednesday at a busy New York street intersection and escaped with a fortune in watches and uncut gems. Estimates of the value of the swag put the loss at between \$100,000 and \$500,000, but the 29 jewelers to whom the valuables variously were addressed have not submitted complete claims.

Eight Forest Fires Raging In New Brunswick

(Canadian Press) FREDERICTON, N. B., June 15.—With heavy drying winds of the past few days the forest fire hazard in New Brunswick has increased until the province is now fronted with the most serious situation of the season. Eight different fires were reported to the Department of Lands and Mines in the last twenty-four hours, the most serious being located at Dorn Ridge, York County, and at Knowlesville, Carleton County.

Liquor Seized At Glace Bay

GLACE BAY, N. S., June 15.—About \$6,000 worth of liquors were seized early this morning when Customs and Liquor officials took 34 ten-gallon kegs of rum at Glace Bay bridge. The liquors were placed on board the revenue cutter Vagrant and taken to North Sydney.

CHICAGO CASE A LESSON TO PARENTS

(United Press) PHILADELPHIA, June 15.—Busy parents, who have not time to properly care for their children are responsible for the Leopold-Loeb-Franks case in Chicago, according to Dr. Wm. C. Covert, general secretary of Christian Education of the Presbyterian Church. Covert lives in Philadelphia. "I know the parents of the Leopold and Loeb boys and they are seemingly fine people," Dr. Covert said, in discussing the case. "They are intelligent, but they were too busy to attend to their sons' education. Therein lies the answer. An educated person without character is a menace. He has no moral direction to his life, nothing to guide him in the right way and consequently is self-indulgent and anti-social. A man who has no moral education comes pretty close to the jungle. He reverts to the rule of the beast and there you have the cause for this crime in Chicago. There you have the difficulty with Leopold and Loeb. Both boys were intelligent, both had everything that money would buy, but they were lacking in something far more precious—moral stability. My son was a counselor in a camp in Wisconsin which Loeb attended. He knew him as only persons who have lived in the open together can know each other. Loeb at that time was a healthy

World's 'Best' Pickpockets In Custody

(Canadian Press) PARIS, June 15.—A band of three men, who have been described by the Paris police as the greatest pickpockets in the world, have been arrested while operating among exchange agents on the Paris Bourse. They are Charles Jellinek and Ernest Bischitz, Hungarians, and Marton Schwacher, a Roumanian. The latter is believed to be the banker and the intelligence agent of this expert band of international pickpockets, whose thefts are alleged to have amounted to several million francs. How many rogues were members of the gang is not known exactly, but the three men just captured are regarded as its real chiefs. Recently the prisoners who were suspected in connection with many coups carried out at Nice, Mentone and Monte Carlo, were under observation by the London police, who notified their Parisian colleagues when the men left for France. At about the same time there were many complaints from the Bourse of the activity of pickpockets, and a special search was instituted for these men. Schwacher was the first to be discovered, and for 48 hours he was shadowed. The trail ended at the Bourse, where Bischitz, who was accompanied by Schwacher and Jellinek, was caught in the act of stealing an exchange agent's pocketbook. All three were arrested and taken to police headquarters, but Bischitz very nearly slipped through the hands of his captors while waiting to be interrogated by the magistrate. At a moment when the police officer on guard had his back turned upon them Bischitz flung open the window of the room on the fifth floor of the Palais de Justice, in which they were detained, and slid down the fire pipe into the courtyard. He was slightly stunned, however, and before he had sufficiently recovered to take to his heels he was captured by a police cyclist who had witnessed his descent.
