### Pretty Autumn Church Wedding At Bideford

A very pretty Autumn wedding was held at 9 o'clock yesterday morning at Bideford United Church, when Miss Vivian Doris, daughter of Mr. and Mrs. Lemuel A. Burleigh, of Bideford, became the bride of Gerald Baker Sheen, Summerside, son of Mr. and Mrs. George L. Sheen, Summerside. The church was very prettily decorated with spruce and Autumn ferns and plants. Tall white tapered tapers shed a soft glow over the wedding party grouped round the chancel. Rev. John M. Sheen, of Wallace, N. S., a brother of the groom, performed the ceremony, assisted by Rev. G. A. D. Elliott, pastor.

As the bride entered the church on the arm of her father, who gave her in marriage, the wedding march was played by Miss Sue Meadows, of Summerside.

The bride wore a very becoming black cloth suit trimmed with mink and her accessories and corsage of Talsman roses. The young couple were unattended.

Mrs. Jack MacLeod, of Summerside, officiated at the signing of the register. Soft music was played during the service. Immediately after the ceremony, a wedding breakfast was served at the home of the bride's parents, to which about 50 guests were invited. The dining room was very lovely in a color scheme of maple and white. Chrysanthemums in the same dainty shades were united in the color scheme.

Mrs. Edward Burleigh, aunt of the bride, presided over the coffee cups. Friends of the bride assisted in serving.

After the wedding breakfast, Mr. and Mrs. Sheen left for a honeymoon in the Maritime Provinces. The bride, who is a graduate of the Prince County Hospital, was the guest at several functions prior to her marriage and was the recipient of some very lovely gifts. The groom is a partner in the well-known firm of Sheen and MacInnis, of Summerside, and their many friends wish them every happiness. On their return they will make their home in Summerside.

### MacNicol Protests Diversion Of Albany River

OTTAWA, Nov. 19.—(CP)—John R. MacNicol, (Con. Toronto-Davenport) protested the diversion of the Albany River in Northern Ontario, involved in the Canadian-American agreement for the power development of the St. Lawrence.

This diversion was a "momentous 5000 cubic feet a second from a 100,000 horsepower project. It was said the diversion would provide an additional 100,000 horsepower on the Nipigon River, but there were already four power sites undeveloped there. He suggested that a Washington lobby of the Chicago drainage canal had been interested in the project.

Canada would lose a potential 100,000 horsepower on the two branches of the Albany from which water would be taken. The scheme would involve the cutting of 1,000 square miles of potential pulpwood and mineral area, and take from the Indians a large proportion of their hunting grounds.

A Rome dispatch said L'Avvenire, Italian newspaper, gave credence to a Belgrade report that Soviet Russia would seek to gain Turkish acceptance of the Axis plan for southeastern Europe.

Bulgaria's reward for co-operation in the event of victory, would be an outlet to the Aegean, through Greece, while Spain would gain Gibraltar and perhaps a larger share of Morocco—this was the hypothesis generally agreed upon by observers in Rome and elsewhere.

A Rome dispatch said diplomatic circles believed Germany would seek Spain's permission to occupy the west coast of Morocco to complete the western Mediterranean jaw of the vise with which the Axis would try to work a squeeze. But to get troops to Morocco Germany would have to face the Royal Navy patrolling the straits and nearby Atlantic waters.

Tied in with these were the assertions of diplomatic sources at Bern, Switzerland, that a German-Bulgarian drive at Greece "may be effected at any hour."

Of the bare facts, these were foreseen:—  
Disclosure that King Boris of Bulgaria secretly met Hitler last Sunday.

Announcement that Hungary's Premier and Foreign Minister, Count Teleki and Csergo, would meet the Axis Foreign Ministers, Ribbentrop and Ciano, at Vienna tomorrow.

Announcement that Rumania's Premier, Gen. Ion Antonescu, would follow up Rome conferences with a trip to Germany on Friday.

Only Yugoslavia seemed to have been left out of the Axis' current conference diplomacy but she, Balkan kingdom already had pledged economic and political co-operation.

Italian sources in Rome asserted that Bulgaria and Rumania would join in war moves of Germany and Italy and that Spain's decision would become known after Foreign Minister Serrano Suner, who conferred yesterday with Hitler, reached Madrid.

### Dr. MacPhee Re-elected To Head Children's Aid Society At S'side

Dr. J. A. MacPhee was re-elected president of the Children's Aid Society for Prince County at the annual meeting held last night in the town hall, Summerside. Dr. MacPhee presided and in his review of the work of the society for the past year he said that it had more than justified its existence as there had been a marked improvement in delinquency among juveniles and also in truancy. This was due in a large measure to the work of the society in looking after neglected children, and also to the excellent work of Mr. J. A. Gallant, agent and truant officer, and also to the influence of the juvenile court, which is in the capable hands of His Honour Judge D. Edgar Shaw.

The work reviewed this year is a good one as there are only 2 wards at present who are in the Home of the Good Shepherd at St. John. The society has sent its wards to foster homes if possible as it has been proven that children do better in homes than in institutions.

The speaker complimented the agent on his good work and expressed his appreciation and thanks for the loyalty of the officers of the society, the judges for juvenile court, the clergymen. The President trusted that the society would continue as it had in the past.

Mr. Davis Lidstone, secretary, read the minutes of the last annual meeting and submitted the financial report for the year.

The officers for the coming year were as follows: President, Dr. J. A. MacPhee; 1st Vice President, Rev. Wm. Ver Wolke; 2nd Vice President, Rev. Thos. Butler; secretary, Davis F. Lidstone; Hon. Solicitor Heath Strong, K.C.; Managers, Mrs. L. R. Allen, Mrs. Frank MacNeill, Mrs. Colin Stewart, Miss Eleanor Green, Miss Ruth Ross, Miss Margaret Judge, Mrs. Joseph Gallagahan, Mrs. Parnell McMahon, Miss Carrie Holman, Mrs. L. A. Moore, Rev. W. C. Cook, Ven. Archdeacon G. R. Harrison, A. F. Arsenault, E. P. Foley, M.L.A., Rev. F. J. Williams, Richard G. Stanton, Rev. L. E. G. Davies, R. L. Willett, W. A. Currie, S. G. Merriam, Jos-

ph A. Gallant, agent.

There was some discussion on a suitable playground for the children and Rev. Mr. Butler and Miss Green were appointed a committee to see what could be done in this matter.

Mr. Gallant in his report stated that there were only five boys and two girls as wards of the society during the year. The two girls were in the Home of the Good Shepherd at St. John and two of the boys, who had been in St. Pauls Home, Halifax, returned early in May. The three boys who had been sent to homes in the country had already returned home. One of the boys who had been in a home is now taking care of himself. The agent was surprised to see that he had failed to see any improvement in the boys who had returned from Halifax. Only two or three months before their return they had again committed acts of delinquency, which had brought them before the court and they were now above the age for juvenile court, they had been brought before the Magistrate and sentenced to jail. He found those who had been placed in foster homes showed much more improvement, with the exception of one boy who had no home and who had been given a term in jail for vagrancy.

There were only two sessions of the juvenile court during the year. One in August, when 5 boys were up for petty thieving and one in month when one boy pleaded guilty to petty thieving. The boys were all put on probation and up to now are doing well.

Since the last annual meeting authority has been received from the Department of Education to prosecute parents who neglected to send their children to school. The percentage of attendance is around 80 to 97. Three children were sent to the orphanage who were not being properly cared for by their parents. The attention of the society was brought to the urgent need of a playground for children out of school. It is referred to those who remained after the curfew had rung.—S.

**Axis Continues Plans For Fresh Drive On Empire**

By Daniel De Luce  
Associated Press Staff Writer

BUDAPEST, Hungary, Nov. 19.—(AP)—German and Italian diplomats, which Axis spokesmen call "finest" in the world, met in Vienna to discuss the Axis plan for a fresh campaign against the British Empire.

The German army in Rumania, estimated by neutral observers at more than 300,000 and possibly 500,000 men, is a possible guide to the trend.

Italian sources in Rome asserted that Bulgaria and Rumania would join in war moves of Germany and Italy and that Spain's decision would become known after Foreign Minister Serrano Suner, who conferred yesterday with Hitler, reached Madrid.

A Rome dispatch said L'Avvenire, Italian newspaper, gave credence to a Belgrade report that Soviet Russia would seek to gain Turkish acceptance of the Axis plan for southeastern Europe.
