MONDAY

HORSES FROM MONTREAL.—Mr. W. S. McKie arrived Friday evening with a car load of horses from Montreal and good judges pronounced them the best lot of horses seen in this city for some time.

TO TAKE A REST.—Friends will be sorry to learn that the Rev. Canon Simpson is in poor health, and was unable to preach at St. Peter's Cathedral yesterday. Acting upon medical advice he will take a rest of three months from his active duties.

—PRESTO! Now you see it and now you don't. The German gun, which should have been in Summerside Wednesday, was finally located at Richmond, Quebec. As far as we can understand this is a long distance gun, but the range finder miscalculated the distance with the result that many people were disappointed, having driven and motored from miles around to see the gun. As this shooting iron has not given any definite date when the gun will arrive for fear some people will think we have won a heavy battery.

Mr. and Mrs. Abraham Pitre, formerly of Moncton, N.B., now residing at Rustico, P.E.I., will have the sincere sympathy of a wide circle of friends in the loss of their second oldest son, Reginald, aged 11 years, who died in the Charlottetown Hospital on Tuesday, May 18, after a short illness following an operation for appendicitis. Regie was a bright and cheerful little fellow, much loved by all who knew him. The circumstances were unusually sad as his father was absent during his illness and at the time of his death. His remains were laid to rest in St. Augustine's cemetery, Rustico, May 15, his soul rest in peace.

FISHERY INSPECTOR RETURNS.—Mr. S. T. Gallant, Inspector of Fisheries has returned from a trip to King's County where he had been examining canneries. He reports that lobster fishing throughout the County is very satisfactory both to fishermen and canners. Especially good catches have been made in the East Point district. All the canners are well supplied with bait. He also reports some smart detective work by the overseer from King's County who got up very early on Thursday morning at Morell and caught one of the residents of that place netting trout. The guilty party will be dealt with according to law. The Inspector is also pleased to report that the lobster canners have adjusted the weights to the different sized cans which they are putting up and are now all packing according to regulations. The Inspector has information to the effect that excellent catches of lobsters are being made in Western Prince County.

NEW PASTOR EXPECTED.—The Rev. Donald Lamont, is expected to arrive on the Island from Glenhead, Scotland, the first week in June, to take charge of the congregation of the Free Church of Scotland, formerly under the pastorate of the late Rev. Daniel MacLean. The Rev. Donald Lamont is a native of this Province and graduated for the Ministry from Edinburgh University. He comes highly recommended by the Secretary of the Colonial Committee to the General Assembly of the Church of Scotland. He was a successful Minister in the parish of Glenhead, previous to the war, and he also served as a military chaplain to the interned soldiers in Holland. Many of the churches have been without services since the death of their late pastor and feel very fortunate in securing the services of the Rev. Donald Lamont, especially when there are so many congregations vacant.

Mr. and Mrs. George W. Aitken, Stonehouse, Lower Montague, have the heartfelt sympathy of the whole community in the death of their son, Leslie, which occurred in the Royal Victoria Hospital, Montreal, on Thursday night last. The deceased was a young man of sterling character and of more than ordinary promise. A graduate of Prince of Wales College he enlisted under Colonel Peake and spent three years overseas taking part in practically all the engagements in which the Canadians figured. After the armistice he returned home and in January, 1919, entered McGill University for a course in medicine. Some months ago he fell a victim to influenza, which was followed by pleurisy and entered the Royal Victoria Hospital for treatment. Here, although under the most skilled physicians and the tenderest of care, for he was ever a favorite, he declined rapidly till the end came on Thursday night. His death, just on the threshold of what humanly promised to be a brilliant and useful career, and after safely braving the dangers and the privations of war, is especially sad, and another reminder that "in the midst of life" as well as in the midst of death on the battlefield, "we are in death." To the sorely bereaved father and mother, sister and brothers The Guardian tenders deepest sympathy.

The body, accompanied by his brother, James E., arrived in Charlottetown Saturday night and was met by another brother, John, of Lower Montague, and an uncle, Mr. W. L. Poole, and conveyed to the home at Lower Montague. Besides the father and mother and the two brothers above mentioned there are left to mourn another brother, Richard, of Lower Montague, and a sister, Mrs. Hadlock, of Boston.

The funeral will take place this afternoon at 2 o'clock to Lower Montague Cemetery.

SUDDEN BEREAVEMENT.—Mr. George H. Sherwood, who has been in Charlottetown for the past few days in connection with the Protective Association of Canada, returned to Montreal yesterday afternoon, announcing the sudden death of his brother Mr. A. F. Sherwood at Newmarket, Ontario. Mr. Sherwood was greatly shocked as he had been with his brother only a few days ago when he was in the best of health. He leaves this morning for Montreal.

WEDNESDAY

CANDIDATE FOR ORDINATION.—Among candidates to be ordained to the office of Deacon in England next Sunday by the Bishop of London, will be Mr. Cuthbert A. Simpson, son of Rev. Canon Simpson, of this city, and who has been prosecuting his studies at Oxford University.

The death occurred Monday, May 24th, in the City Hospital, Jamaica Plain, Mass., of Mrs. Herbert Buchanan, formerly Margaret Pearl Biggar, daughter of Mr. J. B. Biggar, of Bradalbane, at the early age of 42 years. The remains are expected to arrive in Bradalbane this evening, May 26th. Funeral notice will appear later.

ORDINATION, NEXT SUNDAY.—There will be an ordination service on Sunday next in the Catholic Church at Kelly's Cross, when Rev. Frank MacDonald and Rev. William Monaghan, D.D., will be elevated to the priesthood. His Lordship Bishop O'Leary officiating. Both of these young clergymen are natives of Kelly's Cross parish.

MACLEOD-SIMPSON WEDDING.—The marriage took place on Wednesday, April 28th at 10 a. m., at the residence of Dr. Clarke, pastor of St. Matthew's Church, Halifax of Ruth daughter of Dr. A. S. and Mrs. Simpson Bridgewater, to Louis H. D. MacLeod of Fredericton, P.E.I. The bride who was given away by her mother looked charming in a tailored suit of brown tulle with hat to match and carried a beautiful bouquet of Kilmory roses. The young couple were attended by the groom's cousin, Rev. Geo. MacLeod and bride who had been married two days before and who left immediately after the ceremony for his new field of labor South America. Mr. and Mrs. MacLeod after visiting her parents at Bridgewater will go to St. John, Montreal and Toronto before taking up their new residence at Albany, P.E.I. The Guardian extends heartiest congratulations.

It is announced that Mr. G. C. Temple, local manager of the Union Bank of Canada has been transferred to one of the Bank's offices in Ontario, and that Mr. J. R. Dier, of New Liskeard, will become manager of the Charlottetown branch. Mr. Dier is expected in the city sometime this week to take over the duties of his new office.

Announcing his departure, the New Liskeard speaker says: During his residence here, Mr. Dier did what every other citizen should do. He placed himself at the disposal of various organizations working for the good of the town, and held many important positions in these local organizations. When Mr. Dier had charge of a committee it was a certainty that the work of the special committee would be properly attended to. His energy is infectious and of much benefit in many undertakings.

Mr. G. C. Temple is leaving Charlottetown after more than a year's residence in the city. Mr. Temple had the interesting distinction of opening this, the first branch of the Union Bank of Canada on Prince Edward Island. The past year has been one of striking progress for the institution, which has extended its branch system to more than 400 branches throughout Canada.

The newly appointed Charlottetown manager was tendered a civic farewell by the business men of New Liskeard on the eve of his leaving for his new appointment here. Bespeaking a welcome for him in Charlottetown the New Liskeard speaker says: "When he resumes business away down by the Atlantic ocean at Charlottetown we are sure he will speedily form a large circle of warm friends as he did in New Liskeard."

HOW TO GAIN FLESH

Remarkable Statement of Woman Who Was Nothing but Skin and Bones

You have heard the old adage, "Laugh and Grow Fat", but this woman tells of a more reliable method. She says: "I was nothing but skin and bones — was weak, nervous, rundown — could not sleep, and was unfit for work. Three doctors had failed to help me. One day I saw VINOL advertised and commenced to take it, and I really believe it saved my life. I have regained my strength, flesh and health, and everyone is so surprised to see such a change in me in such a short time."

The reason VINOL was so successful in this case is because it contains the tissue building and medicinal elements of cods' livers, aided by the blood making, strength creating properties of tonic iron, beef peptone and hypophosphites. Thus in a natural manner it increases the appetite, aids digestion, enriches the blood with thousands of red corpuscles, and imparts strength, health and vitality to every organ, muscle and tissue of the body.

Physicians recommend it and druggists guarantee it.

THURSDAY

RECEIVED INVITATION.—Rev. E. S. Weeks has been unanimously invited to remain a fourth year on the Murray Harbor Circuit.

—PROPERTY PURCHASED.—Mr. James Sudsbury, Bedeque, recently purchased the property owned by Mr. Daniel Nicholson, Searltown, for a handsome sum.

—HORSE NOTE.—Mr. Robert Phillips of Miscouche, recently purchased the handsome trotter, "Dusty Dan" from Mr. James Phillips of Arlington, for the magnificent sum of \$250.

ISLAND WON A WINNER.—Dunholm, the horse which was shipped from Charlottetown to Glouce Bay this spring proved victorious in the 2.39 race there on Victoria Day, winning the event in straight heats.

PURCHASED NEW CAR.—Dr. Leo Frank has purchased from the dealers, Messrs. Prowse & McKinnon, a splendid Oldsmobile car, eight cylinder with plenty of power and speed. In the use of which the Doctor's chauffeur, no doubt, will use good discretion.

—SERIOUS ACCIDENT.—A horse driven by Mr. Amby Carr, Emerald, became frightened and ran away demolishing the wagon and breaking Mr. Carr's arm. Although very painful we are glad to report he is now resting easy.

—EMPIRE DAY was observed here as a general holiday, the town was almost deserted as all who could procure a conveyance, spent the day in the country, those who went to the Dunk, returned in the evening, some with nice specimen of game. Several autos loaded with citizens spent the day at Charlottetown.—H.

FIRE YESTERDAY.—The firemen were called out at 11.30 yesterday morning for a fire at the Queen Hotel. The firemen made a quick response. The blaze was confined to the kitchen, under the roof having caught from the flue. After about half an hour's work it was extinguished. The damage was considerable.

AN UNDERGROUND LEAK.—A break occurred recently in the underground tube on Queen Square conveying the electric wires to the large are lamps in front of the Post Office. The break was caused by water in the ground. The breaking of the tube severed the wires. The damage was repaired yesterday afternoon and the lights will again shed their radiance as of yore.

—A SPECIAL MEETING of the Town Council held Friday evening in the town hall, all the members were present and Mayor Campbell occupied the chair, the usual business being discussed, the principle subject was the higher rates on the street lights. On account of the chairman of the electric light committee having been called away on important business, the meeting was adjourned.

SPEED THE PLOUGH.—Owners of vacant lots in Charlottetown and suburbs are apparently determined to make a big effort to hit the high cost of living a blow as the raising of their vegetables can do. Everywhere lots which were formerly vacant are being ploughed and good quantities of potatoes, turnips and other vegetables are being planted. The indications are that there will be more gardens planted this summer than in any year since the war started.

—AUTO FIRE.—At about 9.30 (Monday), the firemen were called out to put out a fire on Water Street. Upon their arrival on the scene, they found an Overland car all ablaze, which was finally extinguished. The cause of the fire is unknown, but it is supposed to have started from a short circuit somewhere near the engine. The owner of the car, Mr. Walter Green, of Summerside was starting for his home, when just opposite the Carabet on Water Street the flames broke out. No serious damage was done, except a general soaking of water and all the wires were completely burned. The car was not insured.

MINISTER REMEMBERED.—The members of the Murray Harbor Teacher Training Class gathered at the parsonage on Tuesday evening last and presented their address which was read by Miss Agnes Bell while Mr. Freeman teacher handed him a snug purse of money. The address and purse were a token of the appreciation of Mr. Weeks' work with the class during the past winter. Mrs. Weeks also came in for high words of praise. Mr. Weeks replied briefly stating that he has always been interested in Sunday School work and he closed by thanking the members of the class for their kindness. The evening until a late hour was spent in games and music.

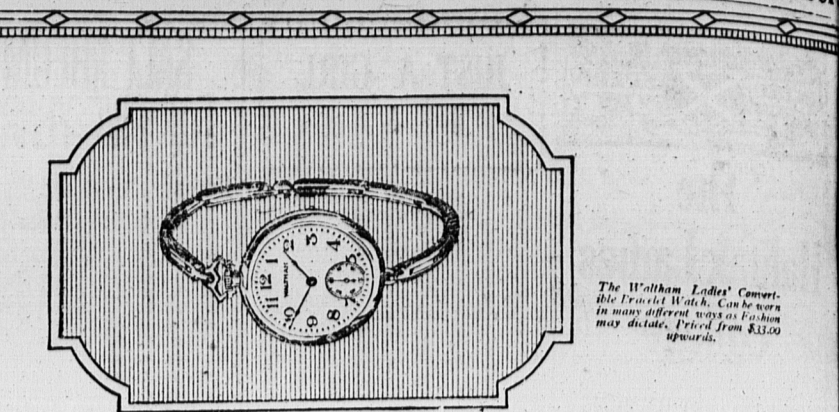

The following letters of sympathy have been received by Mrs. (Dr.) Dougherty of Cape Traverse, Cape Traverse, May 3rd, 1920.

Dear Mrs. Dougherty:—

I have been requested by the members of the Cape Traverse W. M. S. to convey to you a message of loving sympathy in the deep sorrow that has come into your life—how deep none can ever know except those who have experienced such a loss.

We realize that words seem empty and cold, but rest assured that our sympathy and prayers are poured out in behalf of you and your family.

But we know that he who has so

You gain in Prestige when you own a Waltham

To be well-dressed induces self-respect. It also commands the respect of others. In the same way one's prestige is increased by carrying a Waltham Watch.

The name "Waltham" itself possesses the prestige that comes from being the world's standard of watch value for more than sixty-five years.

And this name is more than a mere tradition. It signifies progress as well as long establishment.

Waltham was the world's first factory to produce complete watch movements. At Waltham to-day the specially-designed mechanical equipment and the large staff of skilled watchmakers combine to make every Waltham Watch a perfected piece of mechanism.

Carry a Waltham for time-accuracy and justifiable pride of possession.

often stood beside the bed of pain to alleviate the sufferings of others has passed to the fairer world beyond, where there is no more pain or suffering, and that you can look forward to a happy reunion in that upper and better world.

We rejoice to know that you have this consolation, and we commend you and your dear ones to the care of the all loving Father who has promised to be "a present help in every time of need. Oh, what it means to have SUCH A FRIEND in hours of loneliness and sorrow!

When we think what must be the utter misery of those whose lives are full of sorrow and yet, who know nothing of our loving Saviour and the happy Home above, we are glad that you have taken a share in the responsibility and privilege of helping to send them the loving message.

Assuring you of our deepest sympathy for you in your loneliness.

Your loving friend,
MARGARET J. LORD.

On behalf of your fellow workers in the W. M. S.
