FARM FOR SALE.—Parties wishing to purchase a first class 300 acre farm with modern conveniences and up to date buildings, beautifully and conveniently situated at Cape Egmont should apply to H. T. Holman, Summerside. 3-6ed 1m & w2

HOG ISLAND NOTES.—The sports have arrived here. Gov. Leslie and his party left Kensington at eleven o'clock on the 14th day of March and after a drive of twenty-five miles, most of it over very bad roads, arrived safe and sound, and before dark had eleven geese shot and hung up in the ice house. Not too bad was it? You will hear from us later.

Miss LEFURKY's and Miss COMSTOCK's concert in the Foresters' Hall, Water St. West, this St. Patrick's night promises to be a most enjoyable event. In addition to the oration on Ireland's Patron Saint, Dr. Doyle has kindly consented to give a reading for Drummond. Among the special attractions is a recitation and dance "The Minnet" by little girls. Come one, come all. Tickets 35c.

MANY things are won in this age by strategy. The man who "gets there" first generally gets what he is after. Sometimes a fellow will by dogged persistence accomplish his purpose even if it takes the harness off. On Saturday last it was between two of our butchers a question of getting there first. The smaller man took the short course but to his surprise he found that a bridge which he must cross had been washed away. Communication was apparently cut off. He began to think of his rival taking the "longer way round" and did he reach the spot first would secure the cow he himself was after. He must cross the open river to win. To get over meant to leave the sleigh and harness behind. This he did and mounting his steed forded the river. He got somewhat wet, but little thought he of that in view of the fact that he got the cow.

It will be learned with regret by many, particularly throughout this county that Mrs. David Rogers, Freetown breathed her last about 2:30 p. m. yesterday. All winter the condition of her health caused anxiety and a few days ago she was taken to the P. E. I. Hospital for treatment but there her case was pronounced incurable. She was removed to her home where with hopes not entirely lost she had the tenderest care of her physician and kind friends; but mortal hands must surrender to the grim Messenger and on to immortality she was borne from a life well spent. Deceased was in her fifty ninth year. She was much beloved by a large circle of acquaintances and her death leaves a vacancy in the home and in social circles which the community will mourn. A sorrowing husband and one daughter Annie besides three step daughters, Mrs. L. U. Fowler, North Bedeque, Mrs. Cairns, Freetown, and Miss Mattie at home, and two step sons, Picton in the North-west and Henry at home, survive her. Deceased was a daughter of the late John R. Wright of Seartown and sister of Albert and Arthur of Seartown and Alonzo in New York, Thomas in Iowa and James C. Wright of this town.

REMARKABLE CASE IN WINDSOR.

Miss M. Counter, Windsor, Ont., was cured in seven days by the Ozonated Air Cure, Catarrhazone.

WINDSOR, Ont., March 17.—Miss Counter's case will prove of great interest to every one troubled with sore throat, bronchitis or weak lungs. When asked for a statement Miss Counter said: "About seven years I contracted a heavy cold that settled on my lungs and resisted all treatment. After I had tried several doctors here and specialists in Detroit without benefit, I went to my druggist Mr. D'Avignon and asked him for the best remedy he had for a cold on the lungs. He recommended Catarrhazone which cured my cold in one week. It brought back my voice, and I have ever since been free from my old trouble. For coughs, colds, and lung trouble I am sure that Catarrhazone is the best remedy. It goes right to the sore spot, gives quick relief, and makes a lasting cure." Catarrhazone cures because its healing vapor is inhaled to the very place that is sore and inflamed. Every portion of the membrane is treated with one single breath through the inhaler. Catarrhazone goes where cough, mixtures, sprays and ointments can't go—reaches the root of the trouble.

Doctors pronounce Catarrhazone one of the greatest discoveries of the age. It has reduced the death rate from respiratory diseases by thirty per cent during the past year. It is a modern scientific treatment for colds, coughs, catarrh and consumption and should be in every home. Two months treatment consisting of a beautifully polished hard rubber inhaler, dropper, and liquid Catarrhazone costs only one dollar. Trial size 25c. Sold under guarantee to cure or money refunded by all druggists and N. C. Folsom & Co., Kingston, Ont. and Hartford, Conn. U. S. A.

CITIZENS are asked to kindly remember that C. C. Gardiner will lecture in Epworth Hall on Thursday evening next subject, Travels through the East.
