

WOMAN A PHYSICAL WRECK

Tells in Following Letter How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Milwaukee, Wis.—"Before taking Lydia E. Pinkham's Vegetable Compound I was a physical wreck. I had been going to a doctor for several years but he did me no good. A friend told me about Lydia E. Pinkham's Vegetable Compound, so I decided to give it a fair trial, and it gave me relief from bearing down pains which had been so bad that I would have to lie down. I also used the Sanative Wash and it has done me a great deal of good, and I am not troubled with a weakness any more."—Mrs. P. L. BRILL, 1298 Booth Street, Milwaukee, Wis.

The most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. It has stood the test for forty years, which would be impossible if it did not have genuine merit.

For special advice, free, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Popularity of New Dictionary Grows

New Universities Dictionary Presents Subject Instructively.

One of the first things that must be learned by the young man or woman who sets out to become a thoroughly competent stenographer is the proper use of punctuation. Morris W. Croll, Ph.D., of the Department of English, Princeton Universities, has contributed an interesting and highly instructive chapter on this subject in The New Universities Dictionary being offered to the readers of this paper.

Professor Croll explains how the number of punctuation marks in common use has gradually increased with the development of the art of printing. Through the use of these signs the meaning of printed or written discourse is rendered clearer to the eye of the reader. How and when to use each of the twelve marks now employed is fully explained by Professor Croll, and the rules he lays down can be easily learned.

The remarkable success which has attended this dictionary offer shows that the people of this city appreciate the opportunity given them to secure at a nominal cost such a valuable educational work.

To whom it may concern: This is to certify that I have used MINARD'S LINIMENT myself as well as prescribed it in my practice where a liniment was required and have never failed to get the desired effect.
