GENERAL MOTORS EARNS OVER \$30,000,000 IN 6 MOS.

NEW YORK, July 15.—Operating profits of General Motors for the first half of the year are estimated at between \$30,000,000 and \$33,000,000 as compared with the net after normal depreciation of \$13,000,000 last year. Earnings for the second quarter were more than double those of the first three months, being about \$8,000,000. This came from an output of more than 130,000 cars, trucks and tractors, which is almost twice the 68,000 unit production of the first quarter. Dividend reports are discounted as it is said that banking sponsors are opposed to dividend resumption at this time.

HIGH OFFICIALS TO LEAVE C. N. R., OTTAWA RUMOR

OTTAWA, July 16.—With the reconstruction of the board of directors of the Grand Trunk Railway impending there is much speculation as to the changes in the high up positions.

While lacking any official confirmation it is strongly rumored that there will be an entirely new deal and that President D. B. Hanna and Vice President Mitchell of the C. N. R., and President Kelley and Vice-President Scott of the Grand Trunk will all retire.

There is reason to believe by way of neutralizing the rivalry between Toronto and Montreal that Ottawa will be the executive headquarters of the system with "grand divisions" centred at Montreal, Winnipeg and Moncton.

POWNAW SCHOOL CLOSING.

On Friday, June 30th, the Pownaw School held a public closing. The visitors, examined the pupils in reading, writing, geography and grammar. Miss Ethel Enman, the teacher received congratulations on the marked progress made by her pupils in reading; they were especially proficient in this branch of their course of studies. Miss Florence Smith and Earl Herman received the Public School certificate awarded by the Department of Education. Miss Enman gave suitable books as awards for general proficiency in the other grades.

The following were the prizes won: Harold Lawton, Grade VII, Harold Acorn, Grade VI, Robert Brown, Grade IV, Wilfred Lawton, Grade III; Lonk Herman, Helen Peters, (equal) Grade II; George Lawton Grade I. The certificates and awards were presented by the Pownaw minister, Rev. Geo. Tielly, who briefly addressed the school.

IN MEMORIAM

MRS. J. McLELLAN.

The death of Mrs. McLellan, beloved wife of J. McLellan of Boston, whose death occurred at the home of her brother, Mr. James Fay, New Port, after an illness of a few weeks, came as a sudden shock to all her friends. Everything that was possible to do was done in spite of all medical skill and tender nursing she passed away. She endeared herself to all who knew her by her many qualities and her cheerful disposition, but it is in the home where she will be missed the most. Mrs. McLellan was a general favorite with all who knew her. She was visited often by her Pastor, Rev. J. C. McDonald of St. Georges. She leaves to mourn, besides her sorrowing husband, one brother James, also one sister, a nephew, Peter Power, Station Agent Bear River. Her funeral was one of the largest seen for some time. Sincere sympathy is extended to the family in their sad and sudden bereavement.—A.

MRS. PATRICK TRAINOR

There passed away at the City Hospital on Tuesday, July 4th, Annie Dougherty, beloved wife of Patrick Trainor, South Melville.

The passing away of Mrs. Trainor removes another of the truly great and good mothers. In her life she was humble, honest and sincere. In her influence she was wholesome and noble. In a humble, simple, and unassuming way she lived and worked, for the well being of her husband and their children.

Although in failing health for some months she bore her painful affliction with patience and resignation to the Divine Will. During her illness at the Hospital she was comforted by the kind ministrations of the good Sisters and nurses and received the last rites of the Catholic Church from the chaplain, Rev. Doctor McMillan.

She leaves to mourn her death her husband and a family of 4 daughters and a son. The daughters are, Mary, Cecelia, Eileen and Rita and the son, Master Charles, also an aged mother, Mrs. P. Dougherty and other relatives living at lot 55.

Her funeral took place on Thursday, July 6th, to St. Joseph's Church, Kelly's Cross. Requiem Mass was celebrated by the pastor, Rev. Doctor Curran. The pall bearers were Messrs. Peter Malone, Francis Bradley, Peter Poole, Aeneas Clarkin, James Trainor and James McKenna.

A very large number of people came from all sections of the county to attend the service, thus paying a last tribute of respect to the memory of one who was highly esteemed by all.

May her soul rest in peace.

CRY JUST EXERCISE OR HEALTHY BABY.

Mothers need not worry when their infants cry and scream until they get red in the face. For a very young baby, fifteen to thirty minutes a day is not too much crying. This is one of their daily forms of exercise and its good for a new-born babe needs to be so read a statement issued to mothers from the babies prophylactic clinic of the Henry Phrypa Institute, Philadelphia.

It contains helpful hints to mothers on "How to Keep Your Baby Well." The different "cries" are described as follows:

"If an infant cries too long or too often it is not normal. This cry will be a feeble white or a weak moan. It may be caused by pain, temper, hunger, illness or habit."

"A cry of pain is usually strong and sharp and spasmodic. Baby may contract his features, or draw up his legs, or show other signs of distress."

"A cry of hunger is usually a constant, fretful cry, rarely strong and just a wailing cry."

"A cry of temper is long and strong and violent. It is usually accompanied by kicking and stiffening of the body."

"A cry from habit is often heard even in very young babies. It stops when he gets what he wants. Let him cry it out. It may take an hour, and it may take two or three, but if you are sure your baby is comfortable and not in pain, it is better for his sake as well as for your own to train him rather than to 'spoil' him. This rule applies at night as well as during the day."

GREENVALE SCHOOL

The annual examination of the Greenvale school was held on the 30th of June, quite a number of the rate payers and other visitors were present.

The examination was conducted by the teacher, Miss Catherine McDonald assisted by Miss Ellen Martin and the knowledge shown by the scholars of the subjects examined, gave evidence that good work had been done by both teacher and pupils during the year.

At the close of the examination the following well rendered program was given by the children:

PROGRAMME

WILLIAM DUFF IS CHAIRMAN.

OTTAWA, July 14.—In pursuance of the recommendations of the Parliamentary Committee on Marine and Fisheries at the last session of Parliament the Government has appointed a Royal Commission to investigate fisheries conditions in British Columbia. William Duff, Liberal member for Lunenburg, N. S., has been appointed chairman of the commission, the other members of which are: A. W. Chisholm, Liberal member for Inverness; L. H. Martell, Liberal member for Hants; Alfred Stork, Liberal, Skeena; W. W. Neill, Independent, Comox-Abernethy; Hon. H. H. Stevens, Conservative, Centre Vancouver, and C. H. Dickie, Conservative, Nanaimo.

All of the members of the commission were members of the Parliamentary commission on marine and fisheries. It would be noted that three of the personnel are from the Maritime Provinces and four from British Columbia.

The Parliamentary commission reported at the last session that its members were of the opinion that the gravity of the fisheries conditions on the Pacific Coast warranted "full and complete" investigation. In order to enable the committee to make an intelligent and comprehensive report it was considered absolutely necessary that evidence should be taken in British Columbia from witnesses representative of all classes engaged in the fisheries industry.

WOOL MARKET REPORT.

In Eastern Canada the larger proportion of the new wool clip has passed out of Growers' hands. Any local buying is mainly on the basis of 15c flat. Wool brokers and the large dealers who purchase from country buyers are offering from 17c to 19c with occasional bids of 20c and over, for consignments that contain a high percentage of medium and low medium. At the London sales the demand for Merino continues firm. Wools of British origin are also maintaining firm values.

Quotations on graded wools are reported as follows:—

HANGMAN PLACED UNDER ARREST.

MONTREAL, July 14.—Charging that her husband had struck her repeatedly and "strangled" her, Mrs. English or Ellis, wife of Alexander Armstrong English, better known as Arthur Ellis, who for many years has acted as official hangman in many parts of Canada, swore out a complaint here today under which Ellis was arrested and lodged in the cells until he found bail for \$800 when he was released.

The charge against Ellis, who denied the accusation, was fixed for preliminary hearing July 20.

LEADING BANKERS DECLARE GERMANY MUST GET LOAN

NEW YORK, July 16.—Despite alarming reports from Berlin and other European capitals, international bankers here express confidence that a great international loan will be launched for Germany's financial rehabilitation, the Wall Street Journal says. The paper quotes one international banker as saying: "It cannot be too emphatically stated that there is no lack of accord between bankers in France, Germany, or anywhere as to what is necessary. The banking world is of one mind that Germany must be given breathing space and that international credits in her favor must be arranged in the nature of a first mortgage, removed from any danger of being overshadowed by reparations payments."

TRADE COMMISSIONERS TO TOUR THE DOMINION.

OTTAWA, July 15.—Dr. J. W. Ross, Canadian Trade Commissioner for Shanghai, China, and Major G. B. Johnson, Canadian Trade Commissioner, Glasgow, Scotland, will shortly visit Canada to get into personal touch with exporters to those countries with a view to development of Canada's overseas trade. The two commissioners will make a tour of the Dominion.

Printing that Draws Your Attention

That is the kind of Printing to have done.

Do you always ask for a sample of the material to be used in your job? If it does not appeal to you, why expect it to convince others that you are a wide-awake firm?
