

Heart Palpitation
Dizzy, Sinking Spells

Mrs. M. A. Gagnon, Donatville, Alta., writes: "Some time ago I was very nervous, could not sleep at night, often had dizzy, sinking spells and palpitation of the heart, and was so run down I could not do my housework, but just leave everything and sit down."

I spent a lot of money using medicines from the doctor, but it did not do me any good.

At last a friend told me to use and after using a couple of boxes I was not the same woman. I began to feel so much better, and after a few more boxes I was in perfect health. I always recommend them to all those I know who are suffering from heart trouble."

Price 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Victor Hugo's apartments in the Place des Vosges, Paris, now a museum, are to have 250,000 francs spent upon them by the Municipal Council.

ANTIGONISH DROP S ONE TO NOTHING CONTEST BEFORE LARGE CROWD

NEW GLASGOW, Jan. 3.—Nig games seen in the local rink for McDougall's goal in the first period years. Both teams brought out many new faces and the line-ups were changed somewhat from last year. The New Glasgow squad was minus Archie Nicholson, Elmer Campbell, Freddie Wright and Owen McCarron, of last year's team, while Antigonish were also playing without the services of several stars who made up the team of 1926.

White Sox-Detroit
1927 Series Fixed
Risberg Declares

Affidavit Given Landis Implicates Number of Baseball Men

CHICAGO, Jan. 3.—The baseball scandals of 1926 were continued in the New Year tonight with disclosure of a fixed series back in 1917.

Charles A. "Swede" Risberg, one of the banished "Black Sox" of the 1919 world's series scandal, gave an affidavit to Commissioner K. M. Landis describing a four-game series which the Chicago White Sox fixed with the Detroit Americans so the Sox would win and capture the American League pennant. Those four victories, on Labor Day, 1917, and the Sunday previous, gave the Sox 14 victories in a row.

White Sox Give \$45 Each

The White Sox contributed \$45 apiece to raise a pool of about \$1,100, Risberg said, which was given to the Detroit team, principally pitchers, to "slough" the series to the Sox.

The scheme to get the Detroit team to lay down in the series, which began Labor Day, 1917, was first broached to him, Risberg told Landis, by Clarence Rowland, then Sox manager, and now an American League umpire.

Rowland managed the Winnipeg Maroons in 1910.

All the members of the Sox team contributed to the \$1,100 pool for Detroit, Risberg said.

George "Buck" Weaver, Sox third baseman in 1917, who was dismissed with Risberg after the 1919 scandal broke, listened to his former teammate's recital and nodded, though he declined to talk himself.

Besides Rowland, Risberg brought in the names of other players who are still in baseball, including Eddie Collins, Ray Schack, new Sox manager for 1927, and Donnie Bush, former Detroit player, who has been signed to manage Pittsburgh next summer.

Sporting Comment

By ("Te")

The 1927 Abegweits are at present going through their tapering-off process in preparation for the opening of the local hockey season which makes its debut here Friday evening when the former faces their old rivals the Crystals of Summerside in the first of a series of exhibition games.

It is reported that notwithstanding the loss of a few regulars this year the western sextette are going great guns in practice and are due to give the locals a fast and scintillating demonstration of the national pastime from both to both on the other hand the rank and file of the red and black squad make up a good sprinkling of former local stars with perhaps the injection of a few new faces on the lineup.

"Dutchy" Diamond is working with his old time vim and color in the nets while "Dempsey" is teaming up with Anderson on the defence. It is rumored that "Swede" Kelly will not wear the Abegweit uniform this season. He will be missed from the lineup. On the front line McEachern, Prowse, Gauthier, Cox and Williams are showing great flashes of speed and it condition counts for anything the above are in for a great season on the steel blades. Garnham, McEachern, McElean, Sherran and Melvin Diamond are also working out with the team and are showing out better at every practice. No doubt before the season is far advanced some of these boys will also be seen in an Abegweit uniform. All in all the form displayed at the present time bespeaks a banner season for the red and black aggregation.

"Whacker" and "Dempsey" remember that business excellent in the assault, though he declined to talk himself. Besides Royland, Risberg brought in the names of other players who are still in baseball, including Eddie Collins, Ray Schack, new Sox manager for 1927, and Donnie Bush, former Detroit player, who has been signed to manage Pittsburgh next summer.

Great ice at the Curling Rink these evenings. Real competition, much enthusiasm and lots of interest has things looking bright for the greatest season of curling in the history of the local club.

Jack Gordon, elusive puck chaser and one of the cleverest back checkers in lower Canada will not be seen in action this winter. His decision will be received with much regret and no little disappointment by his host of friends and admirers not only on the Island but throughout the mainland cities and towns as well. Gordon's spectacular and smooth working tactics on the ice has thrilled thousands during his long and faithful sojourn in the great amateur game. In all his experience he has enjoyed the enviable distinction of being one of the clearest and cleanest of hockey players and a credit to the national pastime.

To go even further it is safe to say that "Sugar" as he is familiarly known, has never resorted to or ever took a mean advantage of an opposing player. He played the game from start to finish and played it well. As is mentioned above Gordon's example may well be followed by our younger generation of hockeyists, and by so doing will not only be a great asset to their team but a credit to their province.

New Speedway
Attention is called to an article elsewhere in these columns with reference to the new speedway which has been just opened up on the Victoria Park drive. The course which is close to half mile is a straight way and will afford much sport for not only horsemen but lovers of the racing game as well.

WORLD'S CRICKET
RECORD BROKEN
MELBOURNE, Australia, Jan. 3.—A world's cricket record for a single innings score was set up by Victoria when it defeated New South Wales and won the Sheffield shield, emblematic of the champion ship of Australia. Victoria won by an innings and 856 runs, scoring the huge record total of 1,077 runs. New South Wales compiled a total of 221 and 230 in its two innings. Following were the principal individual scorers for Victoria: Ponsford, 352; Ryder, 295; Woodfull, 133; Henry, 100. The match which began on Christmas day was concluded today.

Uzudun Knocks
Martin O'Grady
HAVANA, Jan. 3.—Paolino Uzudun, Spanish heavyweight champion, knocked out Marty O'Grady, of California, in the first round of a scheduled 12-round bout Saturday afternoon.

The knockout came after a minute of fierce mixing. O'Grady was warned against hitting in the clinches only a few seconds before. The knockout blow was a right to the jaw.

American Defeat
Boston Players
NEW YORK, Jan. 3.—The New York Americans again moved into a tie for second place with Canadians in the standing of the international section of the National Hockey League by defeating Boston Bruins, 3 to 0 here tonight.

Goals by Burch and Scott in the first period and another by Scott in the second gave the locals their winning margin.

Fifteen penalties were given out, by Referee Emerson, Herberts and Simpson drawing majors in the second period for stunting a fast fight.

NEW SPEEDWAY

A number of enthusiastic horsemen in the city have contributed to a fund to prepare and keep in order a speedway at Victoria Park from the grandstand to the Drilled. They have secured the services of Messrs Dowling and Pruyty to level the course and grade it and keep it in order for the winter months. These gentlemen had a formidable task when they started last week, the snow having banked to several feet in depth. By means of scoops and other apparatus they cleared this away, then rolled it with a large roller and dragged it with a brush drag. Today they have a speedway that is a delight to step on, and it looks to be the popular spot for the horsemen for the remainder of this winter. Speeding there can be indulged in without danger to pedestrians or traffic. An effort will be made to have it lighted in the evenings, so that those who cannot go out in the day time can enjoy themselves at night.

Pittsburgh Pirates defeated the Detroit Cougars in a National Hockey League game, 3 to 2, Saturday night. Pittsburgh got a lead in the first period when McCurry took a pass from White and scored. Detroit twice tied the score in the second period, only to have the Pirates snatch the lead back again.

Duncan defence man, got Detroit's first goal, and Frederick, centre, the second. Within less than a minute after each goal, McKinnon, of Pittsburgh, made good a shot to keep his team ahead.

CHICAGO, Jan. 3.—The New York Rangers defeated the Chicago Black Hawks Saturday night in a National Hockey League game, 4-0. The Rangers took an early lead, scoring three goals in the first period. They added the fourth point in the second period and were content to play on the defensive for the rest of the game. Stan Brown, Tuffy Abel, Bill and Bunny Cook were the scorers.

ST. JOHN, Jan. 3.—Fifteen hundred people braved the inclement weather Saturday night to see Saint John Fusiliers, romp home with a 1-0 victory over Amherst that was well deserved. It was a game that fans will not soon forget, the wet surface, fast skating, the condition of the ice, and the remarkable goal tending of Farrow in the visitor's nets.

Before the commencement of the game His Worship Mayor W. W. White broadcast a few words of cheer to the fans for the coming year, in which he held out hope or greater prosperity during the coming season.

Just before the actual start of the game Miss Saint John (Miss Florence Johnson) skated out to the centre of the ice to face-off the puck and was given a rousing cheer by the fans as well as being presented with a bouquet of flowers and a box of chocolates by Temple Lane, the referee.

Kelly's lone goal soon after the second period started was the deciding push to a game that was hard fought for the entire 60 minutes. It was the winning goal as it was apparent that the team to score first would win. The ice was very soft and was covered with a half inch of water, making shooting difficult. Indeed, very few shots left the ice, sizzling along much in the manner of a stone on the top of water.

While Saint John's victory was well deserved, nevertheless it was lucky in a way. The shot that beat Farrow was sent in from outside the defence and struck the ice in front of Farrow's stick. The puck took a bad hop, as it will on ice of this kind, and jumped over his stick into the net. Amherst were in no way disconcerted and if anything set a faster pace for the remainder of play, but it was seldom they could get within shooting distance of the Fusiliers' net.

The Business defeated the "C" Five by only 134 pins. And now play-off with the Wholesaleers for championship likely Wednesday night, 7 p. m.

Wolfville Wins
League Contest
WOLFVILLE, Jan. 3.—Wolfville's forward line poke-checked the heavy Windsor team into submission tonight and the local puck-chasers took the opening game of the Canning-Wolfville-Windsor League by 2-1. The game was played on soft ice, but the boys gave the 500 fans plenty of thrills, and the success of the new league seems assured.

Windsor outweighed the locals, but the diminutive Wolfville forwards poke-checked the visitors dizzo and the heavy Wolfville defence took care of everything that passed the front liners. The Birtney-Rand combination of the locals was materially strengthened by the addition of Jack Williams, who played his first game as a regular.

J. H. Lewis H. Currie
A. Scott F. R. McLain
H. A. Ebers—Skip 4.

J. A. S. Bayer, Skip, 12.
The winners of last evening's match will each be presented with a silver spoon.

Moncton Defeats
Crescents by 3-2

Exhibition Game Played on Water-Soaked Ice at Halifax

HALIFAX, Jan. 3.—Moncton Atlantics defeated the Crescents Club of Halifax, 3 to 2, in the opening game last night of the hockey season.

It was an exhibition game played on water-soaked ice before a small attendance. The teams were very evenly matched but the play was slow owing to conditions. One of the Moncton goals rolled three-quarters the length of the ice. The score at the end of the first period was 1 to 0 in favor of the Crescents in the second, 2 to 1 in favor of Moncton; both teams scored in the third. Gould scoring the winning point. Dr. Alan Dunlop refereed and there was not a single penalty imposed.

The line-up:
Moncton—Bidlake, goal; Ed. Kerwin and Wilson, defences; Gould, centre; James and Lowther, forwards; Lane, Wall and Earl Kerwin, substitutes.

Crescents—C. Hanrahan, goal; V. Hanrahan and McDonald, defences; Martin, centre; Butler and McLean, forwards; Dick, Ferguson, and O'Connell, substitutes.

Mercenary Union
Becomes Romance

In This Picture

ELINOR GLYNN'S NEW FILM, "LOVE'S BLINDNESS," IS ABSORBING, FASCINATING PICTURE

How a mercenary marriage might turn into a beautiful and colorful romance is interestingly told by "Love's Blindness," the Metro-Goldwyn Mayer picture from Elinor Glynn's novel, which opened at the Prince Edward Theatre yesterday.

A carefully chosen cast, headed by Pauline Starke and Antonio Moreno, and including Lilian Tashman, Sam De Grasse, Douglas Gilmore, Kate Price, Ned Sparks and other notable players, interprets the story, which is set in a background of English aristocracy.

Hubert Culverdale, the Eighth Earl of St. Austel, played by Moreno, is the bridegroom with the mercenary motive. He weds the beautiful Vanessa Levy, played by Pauline Starke, the daughter of a London money lender, so that he may negotiate a loan which will save himself from bankruptcy and the friends that had invested in the invention he sponsored from heavy losses.

Love comes to Sulverdale despite himself, but before he realizes that the fair Vanessa has captured his heart, there is a period of estrangement whose portrayal would play on the heartstrings of the most apathetic.

The locale of the story shifts between London and the baronial country estates of the Culverdale family and affords opportunity for a brilliant and convincing display of the diversions and routine of smart English society. The settings are extravagant, particularly the country estate, whose furnishings and decorations were personally chosen by Mme. Glynn. It is said.

With striking fidelity, the picture follows the novel from which it was adapted, and which has been widely read through its serialization by newspapers throughout the country.

The picture establishes as a conclusion that Mme. Glynn controls the popular fancy in films as well as in fiction. It is recommended to every one who likes a well told romance.

"From Hoboken to Hollywood" a two part comedy kept the audience in an uproar. The same program will be repeated today afternoon and evening.

High Prices Paid
For British
Thoroughbreds

(Special to the Guardian)
NEW MARKET, Eng., Jan. 3.—King George was able to relieve some of his losses on the flat race season through the sale of several of his horses at the blood stock sales here. Knight of the Garter, of the Ruler's Stable, brought 3,000 guineas or about \$15,270. The sale also included horses bought by the British blood stock agency for export to the United States and South America.

The highest price paid for any horse during the sales was 9,100 guineas for Bella Minna, which ran with fairly good form during the last flat season. More than 1,000 horses were sold out of a catalogue of 1,187 lots, the total prices paid being 435,521 guineas which is 82,324 guineas in excess of last year's total and a record. The British thoroughbred market has never been in a healthier state experts say.

MARRIAGES AND BIRTHS IN CANADA

OTTAWA, Jan. 3.—The vital statistics issued by the Dominion Bureau of Statistics for the month of June show that there were 18,289 living births that month of which 6,751 were in the Province of Quebec. This is the first year Quebec's figures have been included. The remaining 12,138 for the rest of Canada is considerably lower than for June, 1925, when the total was 13,057. Last June Ontario had 6,832 births, Manitoba, 1,178; Saskatchewan 1,573; Alberta, 1,110; Nova Scotia, 889; New Brunswick, 873; British Columbia, 751; Prince Edward Island, 82. Of the total births 9,817 were males and 9,072 females. By cities Montreal had 1,522 and Toronto came second with 954. The total number of marriages during the month was 3,633.

The same old feet wind about in the same old way but many of them have been bewildered. This may have something to do with the changing fog which is not so impenetrable as formerly, but the scientists disagree about its causes. At any rate, the fiercest streets are now more easily negotiated and when a fog is its height, old timers are quite positive that the fog of today is very much different to that which used to be of Victoria.

LONDON FOGS HAVE LOST SOME "CASTLE" AND TASTE

LONDON, Jan. 3.—London's fog has lost its individuality and some of its taste. Time, or something, seems to have worn the edge clear off of it.

Dickens, who so delightfully described the London mist, would be disappointed were he to see one today. He would not recognize the modern fog any more than he would know the narrow streets which David Copperfield so often trod.

By arrangement with the Federal Department of Technical Education short term courses lasting eight weeks are commencing January 11th, will be given in Agriculture, Motor Mechanics, Woodworking, Civics, Commercial Arithmetic, Suitable English Reading, and Drawing.

Applications will be received up to January 5th, at the Department of Agriculture, from which full information may be obtained relative to any of the above courses.

Kentville Gets Close Win Over
Dartmouth On Water-Covered Ice

HALIFAX, Jan. 3.—In a slow Clean hockey played through game, play on soft ice, and characterized by continual over skating drawn during the hole game. The puck, and erratic shots, due to whistle was used great deal however the poor ice, the Kentville Wild-cats scored in the first game of due to over skating.

The first period opened with the puck see-sawing on one end of Dartmouth's second goal, scored by Houghton on a pass from behind the net, none of the goals were clean, and the brand of hockey, while excellent in spots, was not of the type to be expected from two such teams as Kentville and Dartmouth.

Among the individual players, G. Kennedy, of Kentville, was the star, scoring all three of Kentville's goals, one in the first period, and two in the second. Dartmouth's scores were made by Moir from Bealey's pass in the first period, and by Houghton, from a pass from behind the net in the second period.

The score was 2-1, in favor of Kentville.
