### WHEN JOHNNY WANTS A COLD DRINK ANOTHER PROBLEM FOR MOTHERS.

After settling the pure food question for baby, and the pure ice question for the household, Mother has now a moment of leisure to decide what Johnny and the rest of the children should have when they want a cold drink. Montserrat Lime Fruit Juice is the verdict. Tens of thousands of cases have been used in the British Navy this year, and the British Expeditionary forces. The reason is, it is healthy, quenches the thirst, and is a delightful summer beverage. Montserrat Lime Fruit Juice is especially valuable in the country where the chances are that the water is not pure. Montserrat Lime Fruit Juice destroys the germ of Typhoid. McGill University Professors have proven this. Montserrat, therefore, insures you against Typhoid, besides it is so refreshing, cooling and thirst assuaging.

## Dominion McLaughlin Tudhope Canada

These Carriages, are Built Better, Look Nicer, Last Longer and Give Greater Satisfaction Than Others

You would naturally think on account of the marked superiority in workmanship, material and finish, these four famous lines of Carriages would be much higher in price than inferior ones, but they are not, in fact some of the carriages made by these four factories are extremely low in price. Because the vehicles made by the McLaughlin, Canada, Tudhope and Dominion factories are twice as good isn't sufficient reason why they should cost twice as much—a skilled mechanic doesn't take twice as long to do twice as much work twice as good as the unskilled one. There, that's why the four high quality lines of carriages we sell are no higher in price than the cheap inferior ones offered by others.

Although our showing is much larger this season than ever before, the nicest and best carriages are going fast. Call and see our showing today, if you see the vehicle you want take it while you may.
